Preamble

From the days of John Wesley the “People called Methodist” have gathered for holy conferencing. The early Methodists remained focused on spiritual matters even as they attended to the practical needs of the movement. The spiritual affairs of the Church and its mission are always before the body whether or not they are apparent in the passionate debate or temporal concerns. Through Christian conferencing, the church comes together seeking unity in the midst of diversity, always desiring to discern the mind of Christ. The Annual Conference is the representative, deliberative body for the United Methodist Church. It has developed an orderly, rational and fair process for making majority decisions in the practical affairs of the Church; yet, it also protects the rights of minority positions. The members come together in firm conviction that the unity of United Methodism is God’s will and the best way to “spread scriptural holiness” in this global movement of the church.

The purpose of the Plan of Organization and Rules of Order is to help guide the Annual Conference in a setting of Holy Conferencing to more effectively discern wisdom in the midst of theological and spiritual tension and to focus on God’s will for us amid the conflicting issues of our day. The Annual Conference must remain open to prayerfully discern God’s will for us. There will be times, in the midst of deliberation, when we will need to pause, listen in silence, pray together and refocus our common vision on where God’s Spirit is leading the church.

Trusting that God is at work throughout all of creation, the church invites the public to observe its deliberations by conducting its business in open meetings (consistent with ¶ 721 of the Book of Discipline). These times of prayer and discernment may be varied and surprising. While they do not substitute for respectful and orderly debate, they do serve to hold our temporal affairs up to the light of the larger, common vision of The United Methodist Church.

Rules of Procedure

1. This shall be the First Session of the Susquehanna Conference, A Pennsylvania Conference of the United Methodist Church held on June 12, 2010, at The Community Arts Center in Williamsport PA.
2. The Rules of Order as part of the pre-conference materials posted on the Susquehanna Conference website, www.susumc.org, and as amended by this session shall be the rules governing this session.
3. Holy Conferencing will be the guiding model of our session. It affirms our covenant with God and one another. Our guidelines for practicing Holy Conferencing are listed below in the following section.
4. The Bar of the Conference [the recognized voting area of the Conference] shall be announced by the Conference Secretary during opening motion and adoption of these rules.
5. The printed schedule provided at registration or made available online, with changes being made as needed by the agenda committee, presiding Bishop, or conference action, shall be the official schedule of this Conference session.
6. Attendance shall be taken from registration forms to be handed to the Conference Secretary or designated assistant.
7. Properly elected 2010 lay members of the Central Pennsylvania Annual Conference, and of the PA Churches of the Wyoming Annual Conference, have been transferred into the membership of the 2010 Susquehanna Annual Conference, and have been given voting rights and privileges for this first session by actions taken during their respective June 4-5, 2010 sessions.
8. Lay equalization members of the Central Pennsylvania Annual Conference, and of the PA churches of the Wyoming Annual Conference, are now recognized as lay equalization members of the 2010 Susquehanna Annual Conference for this first conference session held on June 12, 2010, and will be recognized as equalization members until new formulas for equalization can be developed for the new conference, effective by January 1, 2011.
9. Clergy members of the Central Pennsylvania Annual Conference and the PA Churches of the Wyoming Annual Conference are recognized as clergy members of the Susquehanna Conference beginning with the June 12, 2010 annual conference.
10. In order to ensure the accuracy of the Minutes and faithfulness to the intention of the mover, all motions and amendments from the floor must be submitted in writing to the Secretary of the Conference on a form provided for this purpose. A copy of the written motion or amendment will be provided to the author by the Secretary. No motion or amendment will be considered until it is provided in writing.
11. A report posted on-line or in print found in the on-line pre-conference materials shall be received without being read, except:
   a. when recommendations contained in the report are to be acted upon; and/or
   b. when any portion of the report shall be read for clarification, upon request and an affirming vote of a two-thirds of the Conference.

12. Only materials approved by the chief teller(s) may be distributed or displayed. Any and all unauthorized materials shall be removed by the chief teller(s) and their designees.

13. All Journal materials shall be in the hands of the Conference Secretary on or before October 1, 2010.

14. The Director of Communications shall be responsible for reporting the general periodicals of The United Methodist Church and secular news media.

15. All references for printing by the Conference official publication shall be subject to editing and condensing by the editor.

16. Standing count votes shall be taken by the tellers. Written ballots shall be tallied by tellers (appointed by the bishop/assigned by the secretary and elected by the body).

17. All debate shall rotate between up to 3 speakers for and up to 3 speakers against the particular matter under discussion. No person shall speak more than once upon the same question and shall be limited to not more than two minutes unless approved by the Conference; except that the mover of a resolution and/or the chairperson of an agency making a recommendation shall have five minutes to open and three minutes to close debate. Time shall be kept by a visible timing device.

Guidelines for Holy Conferencing

We believe Christians can discuss important issues without the acrimonious debate and parliamentary maneuvering that can divide a group into contending factions. We see too many examples of that in secular society. We believe the Holy Spirit leads in all things, especially as we make decisions. We want to avoid making decisions in a fashion that leaves some feeling like winners and others like losers. We can change the world through honest conversation on matters about which we are passionate.

“As God’s chosen ones, holy and beloved, clothe yourselves with compassion, kindness, humility, meekness, and patience. Bear with one another and, if anyone has a complaint against another, forgive each other; just as the Lord has forgiven you, so you also must forgive. Above all, clothe yourselves with love, which binds everything together in perfect harmony. And let the peace of Christ rule in your hearts, to which indeed you were called in the one body. And be thankful. Let the word of Christ dwell in you richly...And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through him.”

Colossians 3:12-16a, 17

☐ Every person is a child of God. Always speak respectfully. One can disagree without being disagreeable.
☐ As you patiently listen and observe the behavior of others, be open to the possibility that God can change the views of any or all parties in the discussion.
☐ Listen patiently before formulating responses.
☐ Strive to understand the experience out of which others have arrived at their views.
☐ Be careful in how you express personal offense at differing opinions. Otherwise dialogue may be inhibited.
☐ Accurately reflect the views of others when speaking. This is especially important when you disagree with that position.
☐ Avoid using inflammatory words, derogatory names, or an excited and angry voice.
☐ Avoid making generalizations about individuals and groups. Make your point with specific evidence and examples.
☐ Make use of facilitators and mediators.
☐ Remember that people are defined, ultimately, by their relationship with God—not by the flaws we discover, or think we discover, in their views and actions.

We offer our thanks to the participants at The Global Young People’s Convocation and Legislative Assembly, sponsored by the Division on Ministries with Young People, through the General Board of Discipleship, held in January, 2007 in Johannesburg, South Africa, for inspiring the framework of these guidelines. They adopted similar guidelines for Christian Conferencing at the convocation. This work is based on guidelines for “Holy Conferencing” that emerged from the United Methodist “Dialogue on Theological Diversity” in February 1998.

Inaugural Annual Conference Session  
Susquehanna Conference  
June 12, 2010

WORSHIP – The Inaugural Session of Susquehanna Conference opened with the processional hymn, “O for a Thousand Tongues to Sing.” During the singing of the song, the procession began with youth rapidly waving fabric water followed by those participating in the service. “On this historic day we birth a new conference, and you are here; we are a part of history!” declared Bishop Jane Allen Middleton as she addressed the Conference. She reminded us that for this new day, we need a new story to live. We need to tell a story that reflects what we’ve been called to do, to make disciples of Jesus Christ for the transformation of the world. Our story begins with these words, “It’s a new day!” Finally, it’s all about Jesus. This is our fundamental mandate. The beautiful Susquehanna River flows through this entire conference providing life-giving water. Let this be a symbol for us as we receive our mandate from Jesus: “Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit and teaching them to obey everything that I have commanded you. And remember, I am with you always, to the end of the age.” There was a litany shared that reminded us of our baptism followed by the blessing of water as it was poured from a pitcher into a shell shaped bowl. The service ended with the singing of “We Are Marching in the Light of God”.

Worshipful Work Session  
Saturday morning, June 12, 2010

RULES OF PROCEDURE – The Conference Secretary presented the Rules of Procedure found on pages 2 & 3 of the workbook and moved their adoption.

MOTION – Milton Loyer moved that

“In Rules of Procedure, #13, I move to delete the first sentence, ‘The Journal Editor shall have sole authority to edit, condense, organize and print the Susquehanna Journal’. The amendment was approved. The Rules of Procedure were approved as amended.

MOTION – Shirley Sowers requested to amend the Rules of Procedure to include the following for this session only:

“Given the limited time we have for this Inaugural Session, I move that we adopt the agenda as previously distributed at this time, and I further move that only resolutions already in the preconference materials, both printed and web based, and those related to the creation of the Susquehanna Conference be considered during this session.” The amendment was approved.

VISION TEAM REPORT – Timothy Baer and Beth Jones gave an overview of the Inaugural Conference Edition of the report looking at the Vision, Core Values – flexibility is key to the structure, Strategic Questions and Alignment of Resources – need to engage in a vision process, Supportive Structure and Evaluation. Tim moved the adoption of the Resolution to Create the Susquehanna Conference of the United Methodist Church. The resolution was passed with standing approval. (See 2010 Susquehanna Journal, Section IV-A) “To God Be the Glory” was sung in praise. The Vision Team was introduced.

NOMINATIONS – Larry Leland, chair of Committee on Nominations, presented the report of the Committee. Larry moved the recommendation regarding the Commission on Archives and History in the New Conference. The recommendation was approved. The report was accepted as amended. (See 2010 Susquehanna Journal, Section II) The report of the Board of Global Ministries re-organization was also approved. (See 2010 Susquehanna Journal, Section IV-B) Larry moved that

“Shirley Sowers be elected Conference Secretary and Gary Smith be elected Treasurer-Comptroller for the remainder of this quadrennium.” The motion was approved.

TRUSTEES – Robert Strozyk moved the adoption of the Bylaws of the Susquehanna Conference of The United Methodist Church. They were approved. Richard Fruth and Betty Poe presented the Interim Property and Casualty Insurance Plan for the Susquehanna Conference. It was approved. (See end of this Section.)

The entire report of the Board of Trustees was approved.
EQUITABLE COMPENSATION – William Pipp, chair, presented the report. He noted a correction on page 11, line 53 of the workbook. It should be 6% instead of 5%. The report was approved as amended. (See 2010 Susquehanna Journal, Section IV-A) The Parsonage Standards will be discussed at the September session.

PENSIONS – Zedna Haferstock and Doug Sivers presented the report. They moved approval of Recommendation 1. Recommendation 1 was approved. They moved approval of Recommendation 2. Recommendation 2 was approved. Recommendation 3 was approved with the language changed to reflect Susquehanna Conference. Zedna presented the Funding Plan for the Susquehanna Conference which was approved. (See 2010 Susquehanna Journal, Section IV-A)

SESSIONS – Jon Bausman, on behalf of the Sessions Committee, presented a Resolution Setting Policy and Procedure for the 2011 Election of General and Jurisdictional Conference delegates. Gere Reist moved the following as an amendment (#2 in the resolution)

“The Susquehanna Annual Conference will publish to each lay member, local church and ordained clergy person an invitation to all those eligible for election as delegates to General and Jurisdictional Conference in March offering the opportunity to request, in writing, their desire to be listed on their respective clergy/lay ballot to be presented to the Annual Conference with the pre-conference materials. (delete rest of paragraph) A form for submission of information to be included with publication.” Two adjustments deemed as friendly were offered from the floor and accepted by the author. The amendment as adjusted was approved. The resolution was approved as amended. (See 2010 Susquehanna Journal, Section IV-A)

YOUTH – A powerful “silent” witness was offered by the Youth and Young Adults. Each participant lifted a sign recognizing a dramatic change in their lives and then flipped the sign over revealing the way that God had used the change to help transform each of them. Then they lined up with letters jumbled as they stood forward spelling Wyoming Conference and Central PA Conference. When they stood together back in line and flipped the signs they were transformed to Susquehanna Conference.

An announcement was made that there is a change in the make up of CCYM from Conference Council on Youth to Conference Council on Young People.

RECOGNITION was given to Bishop Susan Hassinger, the most recent bishop of the Wyoming Conference who gave a few remarks.

2. Administering funds for pastoral support.
3. Providing counsel and advisory material on pastoral support.

</tbody>
</table>

Note: The years of service of a pastor are to be computed not only on the service in the Conference, but rather on the total full-time service in the United Methodist Church or its antecedents.

We encourage additional compensation for those with advanced degrees in ministry.
2. That the compensation for all part-time pastors and less than full-time appointments shall be negotiated by the Staff-Parish Committee and the District Superintendent.
3. That a full-time student serving a charge be guaranteed a minimum of $30,508 which is 85% of the minimum salary of a Full Member with less than three years of service. In consideration of a student’s needs, the Staff-Parish Committee and the District Superintendent shall negotiate an equitable salary. “Serving a charge” for such a student means residing in the parish when not away at school.

Vacation shall be granted on the following basis: Minimum of two weeks, which shall include two Sundays, plus an additional two Sundays. If a pastor is carrying nine credit hours or less per semester, or six credit hours or less per term, he or she shall be considered a full-time pastor.

4. That in addition to the cash salary paid to each full-time pastor, an amount equal to one half of the current Self-Employment tax as determined by the Internal Revenue Service shall be paid by the local church to offset the difference between self-employed and employee Social Security Tax rates. Such amount shall be identified in local church and conference reports as a separate line item under pastoral compensation. All pastors are encouraged to participate in the Social Security Program. This supplemental amount is only available to those participating in the Social Security Program.
5. That ordained pastors supplying a pulpit on a temporary basis shall receive at least $50 per single church charge, at least $60 per two church charge, at least $25 per church in a multiple church charge, plus mileage reimbursement, at current Internal Revenue Service rates, in each instance.
6. That travel provisions shall be made for all full-time pastors and student pastors, and shall be considered as part of the local church/charge budget under administrative expenses. The local church/charge, after consultation with the pastor, shall select one of the following options to insure adequate travel provisions for the pastor while involved in church business:

Option 1: The local church/charge shall rent or purchase a vehicle for the pastor, and shall be responsible for all ownership and operating costs of the vehicle. Ownership costs shall include gasoline, oil, tires, maintenance and
repair of the vehicle. It shall be understood that the vehicle is to be available to the pastor at all times, with the
cost of personal use being reimbursed at current Internal Revenue Service rates.

**Option 2:** The local church/charge shall pay the pastor an annual amount of at least $1,700 for ownership costs, and
reimburse the pastor for operating costs at the minimum rate of 14 cents per mile which is the current IRS rate,
both payable at least monthly upon the submission of travel vouchers. The $1,700 will be considered as salary
for tax purposes.

**Option 3:** The local church/charge shall reimburse its pastors for vouchered travel expenses at current Internal
Revenue Service rates.

**Note:** Travel voucher mileage must not reflect a commute (mileage from residence, home or parsonage, to place of
employment, the church/charge office or churches/charge office on a charge.) Travel mileage is to be measured
from and return to the church office/office of the charge for which travel is required.

7. That travel expenses for pastors under special appointment shall be negotiated with the agency to which they are
assigned. Travel expenses of pastors in less than full-time appointments shall be negotiated between the District
Superintendent and the Staff-Parish Committee.

8. That a parsonage shall be provided for the appointed pastor and his/her family and furnished according to the
standard adopted in the 2008 Book of Discipline of the United Methodist Church.
   a. That utilities, which include gas, electricity, TV antenna or basic cable installation, high speed Internet service,
      water, sewer, basic private telephone bill and equipment, heat, refuse collection, smoke and carbon monoxide
detectors shall be furnished and paid for by the local church/charge.
   b. Each pastor shall report the fair rental value of the parsonage as income for Social Security purposes. The fair
      rental value of the parsonage shall be negotiated by the pastor and the Staff-Parish Committee and approved by
      the appropriate Church/Charge Conference.
   c. That each charge is encouraged to designate, each year, at the Church/Charge Conference, a portion of the
      pastor's cash salary as parsonage exclusion for use as the pastor sees fit for the purchase of furnishings for the
      church/charge-owned parsonage.
   d. When a housing allowance is granted in lieu of a parsonage, it shall be done only by approved Conference policy.
      It is recommended that the allowance, including utilities, be the greater of 30% of the pastor's cash salary (not
      including travel) or the reasonable estimated cost of housing using the methodology provided by the Housing
      Allowance Worksheet of the Commission on Equitable Compensation.

9. That continuing education shall be provided for all full-time and part-time pastors under appointment. It shall be
cumulative and used only during the current assignment. It shall be payable upon submission of vouchers. It shall be
payable at the minimum rate of $750 per year for full-time pastors and $500 per year for part-time pastors. Other
educational assistance may be available through the Board of Ordained Ministry.

10. That vacations and time away from the parish be granted on the following basis:
   a. Vacation time shall be granted based on the Conference year (July 1- June 30th) and negotiated with the Staff-
      Parish Committee.
   b. Full-time service: Minimum of four weeks of vacation, which shall include four Sundays.
   c. Less than full-time pastors: Minimum of two weeks, which shall include two Sundays.
   d. Pulpit supply during vacation periods shall be arranged by the Staff-Parish Committee, and paid for by the local
      church/charge.
   e. All Staff-Parish committees shall encourage their pastors to take a minimum of one day off a week.
   f. Some involvement of pastors in ministries beyond the local church is expected as an aspect of our connectional
      ministry, e.g. evangelistic missions, camping program, work camps, etc. Such time is not to be considered as
      vacation. However the extent of such involvement is to be negotiated by the pastor and the Staff-Parish
      Committee.
   g. Staff-Parish Committees are encouraged to pay special attention to the recommendations of the Board of
      Ordained Ministry and Study Leave, Sabbatical Leaves, and Short Term educational opportunities.

11. That the health insurance for clergy couples will continue to be paid by their respective churches/charges for their full
    requested contribution for each partner. Each full-time pastor and each part-time pastor of a participating church will
    contribute the conference-required percentage of their cash salary toward the cost of health insurance. Our
    recommendation for 2011 is that this percentage be set at 5% of the base salary. This contribution will be a payroll
    deduction by the local church which will then be used to offset the amount to be paid by the local church.

12. That the primary responsibility for pastoral base compensation, subject to the above minimum recommendations,
    remains with the individual pastoral charge. Special assistance is available to congregations unable to pay the
    pastor’s minimum base compensation by application to their District Superintendent and through the resources of the
    Equitable Compensation Commission.

13. That the current compensations paid by both the Central Pennsylvania and Wyoming Conferences be maintained for
    the remainder of 2010 [July – December].
2. Board of Pensions

1. The Annuity rate for pre-January 1, 1982 service be set at $552.00 for the calendar year 2011.

2. The Board recommends that beginning January 1, 2011, that active clergy be required to pay 6% of their base salary, the first item on the salary worksheet, toward their health insurance coverage. It will be automatically deducted from their salary on a regular basis as defined by a written agreement approved by the local charge/church conference. This amount will reduce the composite amount paid by the local church.

3. Resolutions Relating to Rental/Housing Allowances for Retired or Disabled Clergypersons of the Susquehanna Conference:

   The Susquehanna Conference (the “Conference”) adopts the following resolutions relating to rental/housing allowances for retired or disabled clergypersons of the Conference:

   WHEREAS, the religious denomination known as The United Methodist Church (the “Church”), of which this Conference is a part, has in the past functioned and continues to function through ministers of the gospel (within the meaning of Internal Revenue Code section 107) who were or are duly ordained, commissioned, or licensed ministers of the Church (“Clergypersons”):
   WHEREAS, the practice of the Church and of this Conference was and is to provide active Clergypersons with a parsonage or a rental/housing allowance as part of their gross compensation;
   WHEREAS, pensions or other amounts paid to retired and disabled Clergypersons are considered to be deferred compensation and are paid to retired and disabled Clergypersons in consideration of previous active service; and
   WHEREAS, the Internal Revenue Service has recognized that the Conference (or its predecessors) is the appropriate organization to designate a rental/housing allowance for retired and disabled Clergypersons who are or were members of this Conference:

   NOW, THEREFORE, BE IT RESOLVED:

   6.1 THAT an amount equal to 100% of the pension or disability payments received from plans authorized under The Book of Discipline of The United Methodist Church (the “Discipline”), which includes all such payments from the General Board of Pension and Health Benefits (“GBOPHB”), during the year 2009 by each retired or disabled Clergyperson who is or was a member of the Conference, or its predecessors, be and hereby is designated as a rental/housing allowance for each such Clergyperson; and

   6.2 THAT the pension or disability payments to which this rental/housing allowance applies will be any pension or disability payments from plans, annuities, or funds authorized under the Discipline, including such payments from the GBOPHB and from a commercial annuity company that provides an annuity arising from benefits accrued under a GBOPHB plan, annuity, or fund authorized under the Discipline, that result from any service a Clergyperson rendered to this Conference or that a retired or disabled Clergyperson of this Conference rendered to any local church, annual conference of the Church, general agency of the Church, other institution of the Church, former denomination that is now a part of the Church, or any other employer that employed the Clergyperson to perform services related to the ministry of the Church, or its predecessors, and that elected to make contributions to, or accrue a benefit under, such a plan, annuity, or fund for such retired or disabled Clergyperson’s pension or disability as part of his or her gross compensation.

NOTE: The rental/housing allowance that may be excluded from a Clergyperson’s gross income in any year for federal income tax purposes is limited under Internal Revenue Code section 107(2) and regulations there under to the least of: (1) the amount of the rental/housing allowance designated by the Clergyperson’s employer or other appropriate body of the Church (such as this Conference in the foregoing resolutions) for such year; (2) the amount actually expended by the Clergyperson to rent or provide a home in such a year; or (3) the fair rental value of the home, including furnishings and appurtenances (such as a garage), plus the cost of utilities in such year.

2010 Vision Team Report to Annual Conference

“Living Into the Vision”
From the Vision Team

Empowered by the action of the Central Pennsylvania and Wyoming Annual Conferences in 2008, your Vision Team has tried to prayerfully discern God’s vision for the Susquehanna Conference. To be asked to cast such a vision is both a privilege and an awesome responsibility. However, it was also a marvelous opportunity for the people of both conferences to start from the ground up and build a focused system of mission and ministry for this time and place in history. Indeed, we are part of an historic moment for the church.

It is then, with joyful humility that the Vision Team offers to you, our conference members, a summary of our efforts, strategies and the alignment Phase One to put into place the beginnings of a system which will be faithful to our mission and primary task as an annual conference. This report proposes a supportive, transitional structure, which will move us ahead while we continue to ask ourselves the “big picture” questions which must inform our work. It is the Team’s intention to develop a conference ministry system whose DNA includes the ongoing Wesleyan practice of Holy Conferencing and a “big picture” evaluation of our mission, vision, values, strategies and the alignment of resources. The idea is to apply the methodology the Team has used to birth our new conference in an ongoing, open and regular basis. In essence, develop a system of ministry that will be ever evolving and can readily respond to the needs and mission field around us!

The members of your Vision Team are:

- Rev. Dr. Timothy R. Baer (Co-Chair)
- Rev. Beth Jones (Co-Chair)
- Mrs. Joan Baxter

Our Journey So Far...

“Journey” is a significant biblical theme. From Genesis through Revelation, God is revealed as a God who consistently calls individuals, and often communities, to “Go” from where they are to another place. This is not for frivolous sight-seeing or exploration, but rather it is about God leading God’s people to a place they may not want to go on their own, in order to discover the “new thing” God is preparing ahead of them. Isaiah 43 was discerned to become the vision document’s foundational scripture largely due to God’s promise of a “new thing” in the midst of the exilic experience of God’s people living in a land unfamiliar to them, a context which is similar to our own current reality.

“Journey” becomes an essential concept for us as God’s people who tend rather to want to stake a claim and settle down and be comfortable rather than re-claim ourselves as a spirit-led “movement.” The current “unfrozen moment” provides us with a marvelous opportunity to regain the depth of passion necessary to move beyond institutional survival and maintenance so that we can be responsive to God’s leading into those “unknown, unsure places.” As a matter of faith, we must trust God’s promise enough to step into the flowing river waters of a new journey and let go of the shore. Such is the responsibility of those called to lead God’s people into a continual life-long journey of spiritual growth.

The river metaphor is a powerful one for those of us living in the Susquehanna watershed. Biblically, water is a central metaphor of birth, spiritual renewal, covenant, and Baptism. A river is full of flowing, living water! Although it flows unaware of its destination, metaphorically it finds its meaning and purpose in the journey itself. We are reminded that rivers can nurture life just as God’s Spirit “flows like a river” to nurture our lives. And although rains can cause a river to overflow its boundaries, it is flexible enough to re-route and remain true to its life-giving journey.

As 21st century Christians living along the great Susquehanna River, we know the river is constantly changing and is never static. Sometimes flowing deeply, sometimes shallowly, sometimes displaying raging rapids, and sometimes looking mirror-still, a river is never the same river from one moment to the next. Like the flow of our changing river, we are called to encounter the world with remembering God’s promise to be with us always on the journey.

A Graphic Image of the Discernment Process

The graph on the left is a representation of the process the Vision Team followed as it went about its work of discernment. The Mission-Primary Task is at the center because everything we do should be focused upon the mission and primary task of an annual conference.

First, the Vision Team defined the annual conference mission as something quite different from a local church’s. Once mission was clearly defined, the next step was to cast a vision of what we would look like as we lived into our mission. With a vision defined the next step was to have a conversation about what we will value as we strive to live together in covenant as a conference. That step helped to create our core values.

The strategic questions then surfaced. These questions began to lead the team into a time of clarification around all that we do. These are the questions that help determine how best to align our human and financial resources for the results we desire. Strategic questions are “big picture” questions and are not about details, but rather take us to the end results and encourage us to work from...
desired results to methodology. If we want to empower churches to make disciples, then we ought to know what a disciple is and then align our resourcing to help churches make them.

Next came the question, “Now that we know what we are to do, what kind of undergirding structure will help support our work?” Waiting until this point to begin to ask the structure questions kept the team from letting the structure drive the vision. The vision must inform the structure and the structure must empower that vision.

The last step leads to the first in a healthy system. The team, listening to lay and clergy leadership throughout the conferences, and in conversation with the Cabinet, realized the need for measuring our outcomes and evaluating our effectiveness with a “big picture balcony view.” This leads us then to continue the discernment process over and over again as we live in this world of exponential change.

In the pages that follow we will take a closer look at each of the processes that will be part of our Susquehanna Conference journey.

**Some Basic Assumptions**

As the Vision Team did its work, it became extremely important for us to adopt some specific understandings of the vocabulary we were using. For example, what vision means to some is what others would call mission. This kind of confusion often required the Vision Team to pause, redefine our terms, and then move our conversation along. The following paragraphs contain some basic assumptions and key word definitions to help us all to be on the same page.

**Understanding the Mission of a Local Church**

The Book of Discipline of the United Methodist Church defines the mission of the local church this way in § 260:

> “The mission of the church is to make disciples of Jesus Christ for the transformation of the world. Local churches provide the most significant arena through which disciple making occurs.”

The Primary Task, or process of disciple-making in the local church, can be modeled as a continuing cycle into which people come (or we go to them), they encounter God, are nurtured in their faith and transformed, and then are sent back into the world to live out their faith. John Wesley understood that all persons should continue to grow more Christ like as their discipleship deepened. Below is graphic representation of the steps that need to be in place so that a local church can be about the disciple-making process and how it repeats itself throughout the lives of those under the church’s nurture.

![Disciple-Making Process](image)

This disciple-making process might be imagined as a person walking up a life-long continual spiral staircase. With each movement through the cycle, each person hopefully grows closer to becoming what God would want them to become.

**Understanding Our Annual Conference Mission**

The “mission” or “purpose” of an annual conference is to make disciples of Jesus Christ for the transformation of the world by equipping its local churches for ministry and by providing a connection for ministry beyond the local church; all to the glory of God. § 601, 2008 Book of Discipline

In the equipping of its churches, the primary task of an annual conference is to:

1. Train and deploy quality transformational clergy and lay leadership to lead the disciple-making process in its local churches.
2. Resource our local churches with effective tools and best practices for effective disciple-making in the 21st century, and the re-formation of the church,
3. Provide a covenantal connection for mission and ministry beyond the local church.
Mission and Vision … the Difference

The “mission” is our purpose for existing. Mission defines who, and whose, we are. It acts like a frame that provides boundaries for, and guides everything we do as a conference.

Our “vision” is what it will look like when we are living out our mission. Vision is a mental picture of our fruits and outcomes as we look ahead.

The Difference…
While our “mission” remains fundamentally static, (the Great Commission of Matthew 28 will not change), the “vision” of how we go about our mission must be understood to be adaptable as our current reality changes around us.

Our Vision – What It Looks Like When We Are Effective in Mission

The “Vision Document” as adopted by both Annual Conferences states the “vision” of the Susquehanna Conference as:

“People alive in mission and ministry as God leads us on a Christ-centered journey of faith.”

This “vision” is intended to point to the results we will see (our ‘outcome’) when the annual conference system is aligned and faithful in its “mission” and “primary task.” In addition to the simple one-line vision statement, the “core values” help define what we deem important in order to be faithful and fruitful.

Important – In no way does the above stated vision imply a “strategy” for accomplishing the vision. Indeed, this over-arching vision is focused enough for us to understand where our work is to go, but broad enough to welcome a variety of strategies to get there. It is not intended to be a road map, but rather the destination ahead.

The vision will need to be re-evaluated perhaps each quadrennium by an ongoing process of evaluating our outcomes, practices, processes and needs and by continuing to develop strategies that will evolve as the exponential change we are encountering drives us forward. The adaptive question would next be, “What will we need to do now to bring about an effective annual conference system to produce the desired outcome of our work?”

Reminder – The mission of the annual conference is quite different and should not be confused with the mission of the local church. The local church makes disciples, the annual conference equips and empowers the local church to make disciples.

What We Value Will Guide Our Conference

The Vision Document, which can be found at the end of this report, sets forth several “core value” statements which have been at the center of our Vision Team conversations from the beginning. They describe the values that will guide all that we do. They appear on page three of that document, yet deserve mention here as we move ahead on our journey.

As The Susquehanna Conference We Will Value:
1. lifting up the mission of making disciples of Jesus Christ for the transformation of the world by empowering and resourcing our faith communities to carry out their mission and ministry.
2. growing passionate, transformational, spiritual leaders, both lay and clergy, who will be faithful in raising up and calling forth future disciples and leaders through their ministry.
3. the gift of our connectional church, its Wesleyan heritage, and its potential to re-claim the world as our parish in this 21st century.
4. ministry that reaches outward beyond our church walls and current ministries with those who have yet to meet Christ.
5. the commandment of Christ to serve the poor and marginalized, the ill and the oppressed, the least and the lost.
6. an inclusive and diverse community and will actively seek the inclusion of all people in Christ’s church.
7. a commitment to quality transformational worship to be present in all that we do, both as a conference and as local faith communities.
8. the importance of a flexible, evolving structure to enable our mission and ministry,
9. risk-taking leaps of faith and the permission to make mistakes as we move boldly through the challenges of our day.
10. decision making based upon the discernment of God’s leading at all levels of our work.
11. the Christ-Present nature of the sacraments as a means of grace and discernment for all our worshipful work.
12. healthy vital faith communities of persons ready to discern God’s leading and then live out the foundational practices of our General Rules to... 1) Do no harm, 2) Do good, and 3) Stay in love with God.
Strategic Questions Help Form Our Mission And Vision

Any organizational system ... governments, corporations and even annual conferences, can become “frozen” or “stuck” due to practices or processes that once served them well, but are no longer as effective in producing the desired results. In our case, a system formerly designed to “make members” will likely not be very effective when we expect to make “disciples.”

For a conference to get “un-frozen” or “un-stuck” it must begin by asking what it wants to produce and then build a system to get it done. "Tweaking" an existing system to attempt to produce different results seldom if ever works. For example, a system designed to make computers cannot be tweaked into one that makes cars. It is more advisable to begin with a clean slate and a clear focus on the desired outcome. So the task of the Vision Team has been to design a new system from the ground up with a clear focus on our mission and what we want to produce (vision) supported by our core values.

Strategic Questions like these can help:
1. As a conference, what is our mission/primary task?
2. As a conference, who is (are) our customer(s)?
3. What should our end product be?
4. What must our system have in place to carry out our primary task (mission)?
5. How can we keep our conference vision driven and mission focused?
6. How will we know if we are producing the results we want (measurable outcomes)?

A “Balcony” Question That Brings Alignment

One way to be true to our mission, vision and primary task as an annual conference is to have a standard by which we hold accountable every ministry and practice…

“How does what we are doing as a conference equip our local churches to make disciples of Jesus Christ for the transformation of the world?”

“Alignment” is a term that means that all parts of a system are working together for the same purpose.

Resisting the Rush to Structure

It is in our nature to want to have most, if not all, structure in place early on in the conversation. However it is important to not simply rush into a new structure. Structure is not the goal…being true to our mission is. That’s why it is so vitally important to keep the whole of our Vision Document before us…not just as a reference piece, but as our directional guide. Like a GPS, the vision document will help us chart our course as we grow into this new conference. The goal of the Vision Team is to discern a structure which will help us stay on course and carry out our primary task.

When a structure becomes the focus rather than a supportive means to mission, it becomes a constraint to mission and ministry. Discerning what kind of structure will truly help the conference accomplish its task has been, and continues to be a challenge. Some would simply suggest much of the structure should go away keeping only a bare bones form as is being adopted in some of our local churches. But remember, the annual conference is not the same as a local church.

While it is clear that many of the constraints we experience in our conference work have to do with the complexity of a structure designed for another day and time, it may not be so much about the size of our boards, committees and agencies, as it is about their missional focus.

A fundamental shift needs to occur in our thinking to move us in alignment with resourcing local churches rather than doing ministry for our churches. Since most structures are prone to practice self-preservation over time, it is easy to neglect the overall mission while caring for maintaining the institutional workings.

Despite the temptation to offer an immediate fix through some new and improved structure, the Vision Team has resisted doing so. Simply streamlining boards and committees for the sake of downsizing without a mission/vision based strategy will not produce significantly different results. It is for that reason that the Vision Team has been speaking of “living into the vision” and taking our time to develop a supporting structure as we move ahead. Doing something “radically different” in our design is not as important as reaching the desired outcome.

The two adaptive questions which need to be to be asked of every board, commission, committee and agency is, “How does what you are currently doing help equip our local churches in the making of disciples?” And as a annual conference, “What needs to be in place so that we can create a more efficient and effective structure for resourcing churches and developing a new kind of transformational leaders for the church of today and tomorrow?”

As of this report, the Vision Team is still pondering the question of “How can we live into the new conference with a structure that will focus the vast majority of time and resources around our annual conference mission/vision (and possible strategic initiatives discerned by our Bishop, Extended Cabinet and Connectional Ministry Teams) without delaying too long so that we get stuck again, but not rushing ahead in the journey so fast that we squander this God-given moment of un-frozen time?

Phase One

As we begin our life as the Susquehanna Conference officially on July 1, 2010, it is the Vision Team’s intention to continue to wrestle with the missional questions about the purpose of our annual conference and how best to carry out our task. It would be the hope of the Vision Team (or its successor) to bring back to the body a more evolved plan of ministry framework (structure) by the 2012 Annual Conference. During this Phase One, the Vision Team (or its successor) would intentionally encourage our administrative and programmatic leadership to enter into a covenant as a learning community. Those willing to enter into this covenant would receive training in transformational leadership, adaptive questioning, and community building. The Vision Team believes that building a supportive structural support while failing to nurture this new kind of leadership thinking will quickly result in the return to old methods and results.
During this time period, leaders would help discern the development of an effective structure for their individual ministry areas to support our mission and vision. In some cases programmatic bodies are already beginning to modify and/or re-design their structures as part of the journey to date.

The rationale for this Phase One transitional structure is founded in the experiences of other conferences which have gone through similar processes within the last few years. Most have discovered that putting a full-blown structure in place up front is not helpful and in fact they have had to make several major adjustments within a year or two of the new structure.

As with any period of change we can expect some chaos to creep in and around our work. We will get some things right and learn from our mistakes. The biggest challenge will be for us to stay “unfrozen” long enough so that we don’t become “refrozen” again before we have finished our work. And of course, any structure for the 21st century church needs to be dynamic and flexible so as to support the mission and ministry as the culture and mission field continues to change. The oversight to see that we stay on track will be that of the Leadership Team as described below.

### A Transitional Structure

The Transitional Structure recognizes that the Annual Conference provides for a meaningful and beneficial covenant community through which our local churches are equipped to carry out their disciple-making, world transforming mission.

The Annual Conference has a three-fold Primary Task:
1. Equipping and deploying leaders, both clergy and lay,
2. Equipping local churches with resources and training to empower their mission, and,
3. Being a connecting link at all levels of the church.

The Bishop, and by Discipline the Cabinet, (an extension of the Bishop), provide leadership and regional oversight of the churches under their care.

A key addition in the Transitional Structure will be the creation of a Visioning Team. Its task will be to regularly monitor the ever-unfolding “big picture.” As keepers of the vision, they will quadrennially seek to discern God’s leading for the coming quadrennium. The team will serve as caretakers of the alignment of resources, both physical and human, making sure our eyes are clearly focused on our mission and vision. And finally, the team will assess the effectiveness of our ministry plan as it relates to our desired outcomes. This team will be named by the Bishop and elected by annual conference.

The Board of Ordained Ministry is charged with the critical role of developing and deploying clergy leadership to lead in our local churches and extension ministries, (the first responsibility of the three-fold primary task).

The Book of Discipline mandates several Administration teams that will need to be in place as we move ahead to ensure our legal and fiscal responsibilities. These teams are the supporting bodies that provide the foundation of our work and will continue unchanged for now.

The Resourcing and Programmatic Teams (Connectional Ministries) will continue as the source of ministry resourcing and leadership training for our local churches as the new structure continues to evolve through this period. A change in focus from “doing” conference ministries to “resourcing and equipping our leaders and congregations” will guide our work and assure no vital ministries be left behind as we discern God’s leading.

Admittedly, little actual structural change will happen with the adoption of this report on June 12, 2010. The Susquehanna Conference will be a work in progress for some time. Remember, no one expects a new born baby to be a mature adult immediately after birth. Our active committees, boards, commissions, task forces, etc., will continue their
work through this transitional phase with an eye on a more defined structure being brought to annual conference session in 2012.

Between now and then, all of the programmatic and administrative entities will engage in a “Ministry Audit Discernment Process” designed and guided by the new Visioning Team. In each case, alignment with the mission, vision and primary task of the conference will define how best to design a structure for our desired results. No doubt the evolving structure will look quite different than it does today. It will be essential that the emerging structure be flexible, responsive, and above all, mission driven. Remember the structure is not our goal…our mission is!

We are not just a collection of individual congregations. We are historically and theologically a connectional church by our very nature. This connectionalism is vital to our future fruitfulness as we share our gifts, graces, and resources throughout every level of the church. This connectionalism is a covenantal bond that makes us unique and effective as United Methodists and offers us resources and means by which to help transform the world!

### Practices During the Phase One Transition Time

As previously stated, this Phase One period will provide the time needed to continue to ask the right questions in order to get the results we desire. It will be challenging because asking the right questions usually takes us to uncomfortable places. The Israelites benefited from their wilderness time. If they had arrived in the Promised Land too quickly, they would have arrived with their existing slavery mentality in place. Without appropriate time in the wilderness, we too could emerge with the same expectations and assumptions with which we began our journey. The wisdom gained during this transition time will help us follow God’s leading to a new place and renewed purpose. We can do better than that!

Living into this Transitional Structure, nothing is permanent nor set in stone. As a learning covenant community, we can use this time to question, test new approaches, evaluate our effectiveness and outcomes, and intentionally remain unfrozen. We may find that the end of this quadrennium will be ample time to know exactly what to do and how to do it better. Or, we might discover we are not quite there yet and the discernment time will need to continue. Remember, it is not as important to get it right, as to do the right thing!

### Living Into a Quadrennial Model

A reoccurring perception that surfaced during listening sessions held over the last few years was that there has not been any apparent clear strategic plan in either conference. With each new annual conference year came a new theme which was often taken to mean a new direction. While this may have been more perception than reality, it is true that there has not been an intentional longer range strategic plan.

After developing the Susquehanna Conference Vision Document and crafting the Transitional Structure plan explained in this document, a model of quadrennial planning similar to the General Church’s quadrennial plan would be very helpful to the conference. While it would not lock us into a “frozen” state in terms of mission and vision, it might provide the time needed to explore the emerging adaptive questions every 4 years.

**Possible Format:**

- **Year 1**: Implement the new Ministry Plan and initiatives as adopted by the 2012 annual conference session. Adjust the structure as necessary to achieve desired results. Begin regional deployment of resources to empower local churches to respond to the plan’s focus.

- **Year 2**: 2014 Continue implementation of quadrennial plan and adjust where necessary. Offer specialized training to the places of greatest potential. Resourcing continues and is adjusted for regional needs.

- **Year 3**: 2015 Begin the process of evaluating the results of the current plan. Design a strategy to listen to our churches and their needs. Develop the appropriate guiding adaptive questions to be considered as we look ahead.

- **Year 4**: 2018 Prepare the next quadrennial plan and theme. Propose the plan to this year’s Annual Conference for adoption. Plan should include a review and adjustment of our structure as needed.

++In addition to an evolving ministry plan, it might be possible to also set some quadrennial financial planning that would build in some additional stability and oversight into the budget process.
2. Missional Board of Susquehanna Conference

The purpose of the Missional Board of the Susquehanna Conference is to provide:
Missional Resourcing, Missional Education, Missional Communication, Missional Vision, Missional Accountability and Missional Involvement, in keeping with Disciplinary requirements for a Conference Board of Global Ministries.
This is all done with the goal of being fully in line with our Susquehanna Conference Mission Statement of “making disciples of Jesus Christ for the transformation of the world.”

This Missional Board requires Freedom to adapt to changing conditions and must shape Missional work on the Context of the Susquehanna Conference. It is to be a Permission Giving Board to encourage the work of making disciples for Jesus Christ. The structure of the Missional Board is in line with these requirements.

The “Who” of the Board are those who: have a Passion for Mission, have the gift of Discernment, have a Systems Awareness, are skilled in Communication and represent the Geographical realities of the Susquehanna Conference. These Board members need ongoing training available to them to help them realize the tasks of “Why” the Board exists.

The “Advance” system is the model for structuring Missional groups/agencies with the Missional Board. The Advance system is in line with GBGM (General Board of Global ministries) language and expectations, provides accountability, provides freedom to raise funds by those affirmed as Advance Ministries, and is functional in encouraging Missional work. The Advance for Jesus Christ ministry of the General Board of Global Ministries allows for clarity, accountability, promotion, and ongoing relationship of mission entities with United Methodist congregations, mission boards and agencies.

According to The Book of Discipline Conferences may affirm Mission Entities with Conference Advance Status. This allows a mission entity to solicit support from local congregations within that Conference. Each mission entity given Advance status would be given an “Advance number” This number is the account number for funds to be processed through the Susquehanna Conference treasury. Any entity receiving such status would provide an accountability report to the Missional Board at least annually in order to maintain their “Advance Status”.
