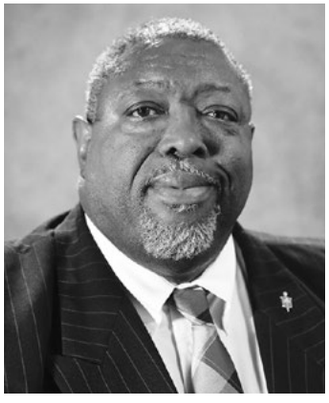
# Bishop Frank J. Beard



Bishop Frank J. Beard was elected as a Bishop in the North Central Jurisdiction on July 13, 2016. Prior to coming to The Illinois Great Rivers Conference, he served as an ordained Elder in the Indiana Area of The United Methodist Church.

Bishop Beard has a wealth of experience in a variety of ministry settings across The United Methodist Church. He has served as a local church pastor, a District Superintendent, and as a Senior Pastor of a large congregation. He has served in positions with the General Commission on General Conference, the General Board of Higher Education and Ministry, and the General Board of Discipleship. He has also served as a member of the National Black Methodist for Church Renewal.

Bishop Beard is a gifted preacher and teacher and has a strong sense of community. He has a passion for Jesus Christ that is contagious. His primary focus is encouraging churches to be "on fire for Jesus." His life quote is, "I want to be so full of Jesus that when a mosquito bites me it will fly away humming 'there is power in the blood'!"

Bishop Beard is married to wife Melissa, has two adult daughters: Eleanor & Emily, and will soon have three grandchildren. The Bishop is an avid Chicago Bears Fan and an accomplished fisherman. When asked if he is going fishing he is quick to reply, "No, I'm going catching, anybody can fish!"

## The Twenty-Third Session of the Illinois Great Rivers Conference

(197th Session, Counting Antecedent Annual Conferences)

### Thursday Morning, June 6, 2019

**OPENING WORSHIP:** The processional at the opening worship service began at 9:30 a.m. with the traditional hymn "And Are We Yet Alive?" Bishop Frank J. Beard led the covenant service for commissioning of the new superintendents: Rev. Allynn L. Walker, appointed to the Mississippi River District, and Rev. Charliam W. Renner, appointed to the Embarras River District. He was assisted by Ken Miller, Conference Lay Leader, as well as leaders representing the Mississippi and Embarras River Districts. The new superintendents were presented with symbols of the office of Superintendency and made responses. Peoria First UMC Music Team led singing.

The scripture lesson, read by District Superintendent Rev. Carol Lakota Eastin, was Acts 2: 1-4, and the Rev. Dr. Safiyah Fosua, Associate Professor of Spiritual Formation and Assistant Professor of Christian Worship and Christian Ministry at Wesley Seminary at Indiana University, supplemented the lesson from Acts with Matthew 27:50-54, reminding the body that we can't experience the wonder of Pentecost without the crucifixion, resurrection, and ascension of Christ. Because Jesus came, died, and was raised to life, and because of the Day of Pentecost, we have every reason to hope and are empowered by the Holy Spirit to preach a gospel that brings us together and extends God's table.

**BENEDICTION AND TRANSITION:** Bishop Frank J. Beard asked conference members to remain in the plenary room for a brief session of business. He also welcomed retired bishop and former episcopal leader of the Illinois Great Rivers Conference, Bishop Jonathan D. Keaton, who offered a benediction.

**CALL TO ORDER:** Bishop Beard called the conference business session to order at 11:15 a.m.

**ROLL CALL:** Rev. Alice Shirley, Conference Secretary, asked that the roll call of clergy and laity be taken.

**ANNOUNCEMENTS:** Rev. Alice Shirley, Conference Secretary, made announcements pertaining to materials in the supplemental packet, General and Jurisdictional Conference election tools, and organizational motions.

**LEGISLATIVE ITEM 101 - ORGANIZATIONAL MOTIONS:** Rev. Alice Shirley, Conference Secretary, presented Legislative Item 101: Organizational Motions to the conference.

**ACTION ON LI 101:** LI 101 was adopted by a show of hands.

**LUNCHEON BREAK**

### Thursday Afternoon, June 6, 2019 - Clergy and Lay Sessions

**CLERGY SESSION:** Bishop Frank J. Beard presided over the Clergy Session and election of General and Jurisdictional Conference delegates, held in Hall A. After a review of voting rights, Rev. BALLOT 16: One election: **9) Andy Adams** with 201 votes (Total ballots: 401; needed to elect 201)

The clergy session was dismissed at 4:00 p.m. and asked to reconvene after the Memorial Service to complete business. A concern was raised about the provision of childcare at that hour, because the conference childcare ministry would be closed.

**LAITY SESSION:** The laity session was convened at 1:00 p.m. for reports, business, and the election of lay delegates to General and Jurisdictional Conferences to the strains of "Power in the Name of Jesus" and the Bethel Church Youth Dancers. Bishop Jonathan D. Keaton, retired bishop and former episcopal leader of the IGRC, presided.

Ken Miller recognized Jana White, IGRC Lay Servant Ministries leader and asked all district lay leaders and district directors of Lay Servant Ministries to stand and be recognized. He spoke on the challenge of Philippians 2:1-4 for unity and hospitality in our local churches, shared three stories of compassion and missed opportunities, reminded the laity to never miss an opportunity to serve God by serving the least and the lost – all children of God and led the session in prayer.

Bishop Keaton gave instructions on the voting process for General and Jurisdictional Conference delegates and encouraged brevity in reporting. He asked for nominations from the floor, and there were none.

Balloting business was interspersed with the following reports:

- Camille McCaskill, President of the IGRC United Methodist Women, shared the 150-year history of UMW working to provide support and care for women and children around the world, described recent accomplishments, and gave notice of coming events in our conference. She closed with a quote from Martin Luther King "Faith is taking the first step, even when you don't see the whole staircase."
- Jeff Thorton, President of the IGRC United Methodist Men, encouraged participation in local churches as well as district and conference events.
- Patrick Newton reported on Camping and Retreats, describing a growing and thriving camping ministry and introducing new program leaders at East Bay and Little Grassy.
- Peggy Hisey, Associate Coordinator of Congregational Development, invited laity to their display to see what they are doing in our conference. Their mission is to be starting new places for new people with a goal to "REACH 1000" persons, building relationships and bringing people to Christ. There are over 2,000,000 persons in our conference not affiliated with a church home, and 200,000 of those are United Methodists. We were challenged to start with prayer and invited to join a prayer team by texting #41444.
- Bunny Wolfe, Conference Coordinator of Mission and Outreach reported on the history and current conditions at John Kofi Asmah School built in Liberia, dedicated in 2012. Originally the first school in the area offering classes through Junior High, it is now certified through High School, standing as a beacon of hope and opportunity for over 500 students in one of the poorest slums in Monrovia. An offering was taken for the school.

At the completion of elections Bishop Keaton shared a meditation based on the first laity team - seven men of wisdom, filled with the Holy Spirit, chosen in Acts 6 and led by Steven. He applied the same call to our delegates elected to serve at the General and Jurisdictional conferences. He then called the thirteen delegates elected to stand before us while the body sang "Spirit of the Living God" and extended our hands toward the delegates as Bishop Keaton prayed.

The youth praise band called Strong Tower from Elmwood UMC led singing. Miller thanked the body for its good work and dismissed the lay members at 4:02 pm.

Two thirds of church members at a church conference must vote to disaffiliate, then a disaffiliation agreement is drawn up. The local church's request goes to annual conference for a vote. We must commit to being aligned with Christ under the yoke of the Holy Spirit. He stated that something major is about to happen in The United Methodist Church. Business as usual is not good enough. He highlighted the history of Methodism as one that splits and comes together. We have struggled to be a U.S. church and now we are struggling to be a global church. The good news is this, when God is on your side that's more than when the whole world is against you. When the struggle is too big, then it's only God who can get you out.

**Conference Foundation – Administration, $25,000**
The United Methodist Foundation serves the local church by offering services regarding effective stewardship, future financial planning and the wise investment of resources. Every local church has access to the excellent financial resources the Foundation provides. The fund provides a portion of the expenses for the Foundation.

**Unallocated Travel and Expense, $8,000**
The unallocated travel and expense funds serve the local church by enabling church members to participate in the life of the conference by enabling certain committees to meet and do the work of their ministries. Several Conference committees meet on a regular basis, but do not have a budget of their own. The fund provides travel and meeting expenses for these committees that are important to the life of the annual conference.

**Illinois Area Office, $180,000**
The Illinois Area Office serves the local church, the annual conference and the denomination by providing a place to connect with the Illinois Great Rivers Conference Bishop and Cabinet. The Area Office houses the Bishop's office located in the United Methodist Center in Springfield. It serves for high-level conversations, decisions, strategies and ministry resources for the Conference. The fund provides for the staff who support the ministry of the Bishop, office expenses, and programs to benefit pastors and ministries. Travel and expenses for the Bishop are paid by the General Church from the "Episcopal Fund" (see above.)

**Pastoral Care & Counseling, $150,000**

The "Clergy Assistance Program" (CAP) through Chestnut Global Partners was developed by PCC and rolled out to pastors in 2013. The fund provides the salary and benefits for the Pastoral Care Coordinator and the program cost of the CAP for active clergy and their family.

**Committee on Episcopacy, $2,000**
The Committee on Episcopacy serves the local church by providing a direct link between the churches and the Bishop. The responsibilities of the Conference Committee on Episcopacy are found in the *Book of Discipline* (¶637). The committee provides support and feedback for the Bishop. It also serves as a conduit of information to all levels of The United Methodist Church regarding the needs of the conference and its Episcopal leader. Two-thirds of the committee's members are laity from local churches. The fund provides for meeting expenses, but the committee is free to use the fund for the enhancement of the ministry of the Bishop.

**Episcopal Residence Committee, $1,000**
The Episcopal Residence Committee serves the local church by maintaining a residence for the Bishop which is safe and comfortable for the Episcopal family. The residence offers a warm place of hospitality for guests and enables the Bishop to be housed within easy access of the conference offices. the *Book of Discipline* (¶637), outlines the responsibilities of the Episcopal Residence Committee which primarily ensures the Bishop's residence is appropriately cared for. Acting similarly to local church trustees who oversee a parsonage, the committee supervises any expenditure of funds for maintenance and upkeep of the structure. The fund provides for meeting expenses with another fund providing for the maintenance and upkeep expense.

**Conference Center, $500,000**
The United Methodist Center in Springfield serves the local church by providing a convenient and centralized Conference meeting location. In addition, most of the conference staff and other resources are in the building for easy access by clergy and lay members who have questions or concerns. The fund provides the building loan payment for the UM Center. The building is financed with bonds that have a variable interest rate causing a fluctuating annual payment. At this writing, the bond interest rate is favorable.

**Prior claims in excess of apportionment receipts, $50,000**
This line item serves the local church as a reminder of our connectional responsibilities. Many of the budgets within the annual conference must be paid at 100%. When apportionments come in at below 100%, the monetary difference needed to pay 100% is provided by this fund. This line item provides full budgetary transparency and to offer the understanding that local churches paying 100% of their apportionments are paying more than their share of the funds needed for conference operations.

**Contingency, $25,000**
A contingency line item serves the local church by providing a means to care for unplanned events at the conference level. IGRC budget planning begins 18 to 24 months prior to the actual implementation of the budget. Planning for the 2019 budget began in 2017. Planning a budget with the time-frames involved makes it challenging to predict financial situations which may appear after the budget has been approved. The fund provides for emergency needs to be addressed without calling a special session of the Annual Conference.

**Bishop's Initiatives, $50,000**
The Bishop's initiatives serve the local church by enabling the Bishop to facilitate effective new programs, ministries and opportunities without undergoing the process of board and committee approvals. The fund enables the Bishop to effectively initiate a new vision initiative.

**General Administration Fund, $174,777**
The General Administration Fund serves the local church by providing administrative funds for denominational entities that provide quality resources for local churches and answers to important questions. It also enables delegates from local churches to have a voice and vote in the formation of denominational decisions and policies. The General Administration Fund is the means supporting the General Church.

**Interdenominational Cooperation Fund, $38,880**
This is a General Church Apportionment. The Interdenominational Cooperation Fund serves the local church by providing participation in ecumenical efforts for the work of Jesus Christ. Local churches, conferences and denominations are stronger together than as separate entities in serving Jesus. As outlined by the *Book of Discipline* (¶814), "this fund shall provide United Methodist Support of the basic budgets of those organizations that relate to the ecumenical responsibilities of the Council of Bishops."

**Jurisdictional Conference Fund, $22,583**
The Jurisdictional Conference Fund serves the local church by providing the means to elect leaders who are integral to the life of the church and by extending the missional reach of each congregation. The North Central Jurisdictional Conference is a regional organization of The United Methodist Church which comprises the states of the upper Midwest. The fund is utilized primarily for expenses relating to the NCJ Conference session, which is held every four years. This is where Bishops are elected and assigned. Significant funding is also provided for ethnic minority ministries not receiving adequate support from their own annual conferences or whose ministries extend beyond annual conference boundaries.

**Benevolences & Connectional Ministries Apportionment = $4,417,118**

**Congregational Development, $850,000**
The Congregational Development Team (CDT) serves the local church by assisting in the process of analyzing their growth potential and helping chart a future course. CDT also provides training for pastors and lay people to implement growth strategies in existing congregations or the tools to plant new congregations. The goal is to reach new disciples of Jesus Christ. The Congregational Development Team (CDT) works with the Cabinet to identify potential areas of growth to expand the witness of The United Methodist Church.

**Conference Benevolences, $1,140,384**
The Conference Benevolences enables each local church to extend the reach of its ministries. This includes a significant portion for Higher Education with direct support for UM related colleges and Campus Ministries, as well as financial support for Health and Welfare Ministries and local projects (Specialized Ministries). The fund provides direct financial assistance to worthy organizations that operate outside of the direct management of the IGRC. The Connectional Ministries Spending Plan Report is in another location in the Pre-Conference Workbook.

**World Service, $1,471,907**
This is a General Church Apportionment. World Service assists the local church by enabling them to reach out with love and compassion in the name of Jesus Christ to the world's most needy people. The *Book of Discipline* (¶812) proclaims that the World Service Fund, "is basic in the financial program of The United Methodist Church. World Service on apportionment represents the minimum needs of the general agencies of the Church. Payment in full of these apportionments by local churches and annual conferences is the first benevolent responsibility of the Church." Anyone wishing to see a World Service detailed budget or any other General Church apportionment may do so by going to www.gcfa.org and typing, "Financial Commitment" in the search box.

**Ministerial Education Fund, $497,142**
This is a General Church Apportionment. The Ministerial Education Fund assists the local church in the development of current and future clergy leaders to guide local churches in their efforts to make disciples for Jesus Christ. The Ministerial Education Fund is a General Church apportionment which is used "to enable the Church to unify and expand its program of financial support for the recruitment and education of ordained and diaconal ministers and to equip the annual conferences to meet increased demands in this area." (*Book of Discipline* ¶816). The largest portion of the fund goes to support the theological schools (usually, seminaries) of The United Methodist Church. However, the annual conference retains 25% of apportionment fund remitted for use by the IGRC Board of Ordained Ministry to support the education of our clergy.

**Africa University Fund, $44,380**
This is a General Church Apportionment. The Africa University Fund provides an avenue for local churches to support Africa University in educating future leaders for the continent of Africa bringing hope to the most desolate of circumstances. Founded in 1992, and located in Old Mutare, our apportionment giving to Africa University is extremely important with the current economic conditions in Zimbabwe. AU has managed to stay open during the worst of the economic crisis because of the faithfulness of United Methodists in local churches like yours.

**Black College Fund, $198,305**
This is a General Church Apportionment. The Black College Fund assists local churches in reaching out to improve the lives of dedicated and ambitious young people of color, who might otherwise have no means to fulfill their life potential. The Black College Fund (¶815) began in 1972 as one of the apportioned general Church funds. The fund provides financial support for institutions of higher education that have historically served the educational needs of black students. The fund provides support for eleven institutions of higher learning, more than any other religious denomination. The IGRC has a special relationship with Wiley College, made famous in the movie, "The Great Debaters." Wiley College is also a recipient of Black College Funds.

**General Church Apportionments in excess of receipts, $215,000**
The Illinois Great Rivers Conference is committed to paying 100% of its General Church apportionments. Our payment of our General Church apportionments provides the local churches of the IGRC to be full partners in the larger mission of the Church. It is this Conference's example that 100% payment of apportionments is our first benevolent responsibility. When apportionments come in at below 100%, the monetary difference needed to pay 100% is provided by this fund. As the "Prior

Claims" item above, this line item provides full budgetary transparency and to offer the understanding that local churches paying 100% of their apportionments are paying more than their share of the funds needed for General Church apportionments.

**TOTAL IGRC BUDGET FOR 2020 = $12,099,908**
**2020 General Church Apportionments = 23% of the 2020 IGRC Budget**

## Legislative Item 103: Clergy Health Insurance Allowance

**Subject:** Clergy Health Insurance Allowance
**Submitted by:** IGRC Finance and Administration

**Conference Board of Pensions**
The Conference Board of Pensions offered a healthcare survey to clergy in 2018. The healthcare survey results did not offer a clear consensus on the best way to provide healthcare for the Conference as a whole. BOP has discussed the results of the survey and after careful consideration decided that a clergy group healthcare policy plan such as was offered by the BOP through Wespath in 2017, will not be considered through a resolution in 2019.

**Health Insurance Allowance Proposal**
Therefore, be it resolved, that each charge with an active full-time pastor shall pay the pastor an annual health insurance allowance of $17,500 in addition to salary to assist the pastor in purchasing health insurance.

## Legislative Item 104: Rental/Housing Allowance

**Subject:** Rental/housing allowance for retired or disabled clergy of the Illinois Great Rivers Conference
**Submitted by:** IGRC Finance and Administration

The Illinois Great Rivers Conference (the "Conference") adopts the following resolution relating to rental/housing:

**Whereas** the religious denomination known as The United Methodist Church (the "Church"), of which this Conference is a part, has in the past functioned and continues to function through ministers of the gospel (within the meaning of Internal Revenue Code section 107) who were or are duly ordained, commissioned, or licensed ministers of the Church ("Clergypersons"), and

**Whereas** the practice of the Church and of this Conference was and is to provide active clergypersons with a parsonage or a rental/housing allowance as part of their gross compensation, and

**Whereas** pensions or other amounts paid to active, retired, and disabled clergypersons are deferred compensation and are paid to active, retired, and disabled clergypersons in consideration of previous active service, and

**Whereas** the Internal Revenue Service has recognized the Conference (or its

predecessors) as the appropriate organization to designate a rental/housing allowance for clergypersons who are or were members of this Conference and are eligible to receive such deferred compensation:

**Now, therefore be it resolved** that an amount equal to 100% of the pension or disability payments received from plans authorized under the Book of Discipline of The United Methodist Church (the "Discipline"), which includes all such payments from Wespath, previously known as the General Board of Pension and Health Benefits ("GBOPHB"), during the year 2020 by each active, retired, or disabled clergyperson who is or was a member of the Conference, or its predecessors, be and hereby is designated as a rental/housing allowance for each such clergyperson; and

**Be it further resolved,** that the pension or disability payments to which this rental/housing allowance applies will be any pension or disability payments from plans, annuities, or funds authorized under the Discipline, including such payments from the GBOPHB and from a commercial annuity company that provides an annuity arising from benefits accrued under a GBOPHB plan, annuity, or fund authorized under the Discipline, that result from any service a clergyperson rendered to this Conference or that an active, a retired, or a disabled clergyperson of this Conference rendered to any local church, annual conference of the Church, general agency of the Church, other institution of the Church, former denomination that is now a part of the Church, or any other employer that employed the clergyperson to perform services related to the ministry of the Church, or its predecessors, and that elected to make contributions to, or accrue a benefit under, such a plan, annuity, or fund for such active, retired, or disabled clergyperson's pension or disability as part of his or her gross compensation.

**NOTE:** The rental/housing allowance that may be excluded from a clergyperson's gross income in any year for federal income tax purposes is limited under Internal Revenue Code section 107(2) and regulations thereunder to the least of: (1) the amount of the rental/housing allowance designated by the clergyperson's employer or other appropriate body of the Church (such as this Conference in the foregoing resolutions) for such year; (2) the amount actually expended by the Clergyperson to rent or provide a home in such year; or (3) the fair rental value of the home, including furnishings and appurtenances (such as a garage), plus the cost of utilities in such year.

## Legislative Item 105: Equitable Compensation

**Subject:** Commission on Equitable Compensation Report
**Submitted by:** Commission on Equitable Compensation
**Estimated Financial Impact on the Annual Conference:** None above budget
**Staff Resource and Time:** None
**Source of Funding:** Equitable Compensation Fund

The Commission on Equitable Compensation is charged with recommending conference standards for pastoral support; administering funds to be used in base compensation supplementation; and providing counsel and advisory material on pastoral support. (Para. 625)

Funding for the work of the Commission on Equitable Compensation comes from the Equitable Compensation Fund in the Conference budget.

In our discussions of a recommendation of a Conference minimum salary, we have sought to balance in our own minds the financial realities experienced by pastors and their families. Our recommendation for minimum compensation for 2020 is to increase the minimum salary for all full-time pastors by 2.25% over the 2019 figures. Our resolution is as follows.

**Let it be resolved,** that at the recommendation of the Commission on Equitable Compensation, the minimum full-time compensation for elders and deacons in full connection, associate members, provisional elders and deacons, and full-time local pastors shall be increased by 2.25% for 2020. This would set minimum full-time salaries at $44,358.00 for elders and deacons in full connection, associate members, and provisional elders and deacons; and $40,705.00 for full-time local pastors.

**Whereas** the Conference Personnel Committee has been given responsibility for development and oversight of all policies and procedures related to all employees of the Conference, lay and clergy alike; and,

**Whereas** the Conference Personnel Committee has noted the need for revision of Standing Rule V.A. because:

- It refers only to "Clergy Members in Full Connection," excluding all other clergy who might be hired to conference staff positions; and;
- Its language is subject to multiple interpretations; and

**Whereas** the Conference Personnel Committee recommends that the rule be changed to be inclusive of all types of clergy and clarified to be aligned with the Conference Personnel Committee's "Personnel Policy Handbook;"

**Therefore, be it resolved** that the following revisions be made to Standing Rule V.A.:

Clergypersons ~~Members in Full Connection~~ appointed ~~as staff persons~~ to staff positions in the Annual Conference structure ~~and/or related institutions shall have the same rights and privileges as clergy persons appointed to local churches unless otherwise specified herein.~~ shall be under the employee policies and procedures of the Conference Personnel Committee. ## Episcopal Address

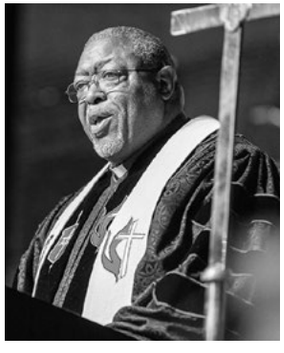
### Turning the Old Ship Around

Bishop Frank J. Beard
Resident Bishop, Illinois Area
The United Methodist Church

*"Therefore, everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. The rain came down, the streams rose, and the winds blew and beat against that house; yet, it did not fall because it had its foundation on the rock.*

*"But everyone who hears these words of mine and does not put them into practice is like a foolish man who built his house on sand. The rain came down, the streams rose, and the winds blew and beat against that house, and it fell with a great crash."* – Matthew 7: 24-27



Well, if you can't tell by now, I am not one that believes that the best days of the United Methodist Church and the movement of Methodism are in the rearview mirror. The best days of the Illinois Great Rivers Conference are not in days gone by. Our best days are still in front of us. Yeah, I think we need to amen our ouch.

Now, I'm not a prophet nor the son of a prophet, but I believe in the words of my slave foreparents who said, "I don't believe God brought me this far to leave me." God did not bring us this far to leave us. Now, I am by nature a pragmatist. It does not take a rocket scientist to tell you that these are dark days in the Methodist Church. These are difficult days. These are days filled with doubt, despair, and ever-looming doom. But the God that I serve specializes in working in low to not light conditions.

God often does God's best work in the midst of chaos and darkness. I know today that some of you, as United Methodists, are wounded. I know that some of you are battle weary. I know that some of you are worried. I know that some of you are wondering what the future will bring, but I stopped by to remind you that Psalm 30:5 says, "Weeping may endure for a night, but joy comes in the morning."

This present darkness will not last always. Joy is coming in the morning. Now, I don't know when morning will come, but morning is coming. I was listening to Carol Sims preach the other night, and she walked all over my sermon. Then I got to thinking, "Well, maybe God is just reinforcing one another."

While I have your attention, allow me to dispel a major Christian myth popular among the people called United Methodists. The myth is this: if it's hard, it must not be of God. Here's the myth: if it's hard, it must not be of God.

I've heard some folks saying that the delegates to the 2019 general conference got it all wrong. Let's not be too quick to jump on that bandwagon. We talk about being a global church, but we continue to only scratch where the U.S. church is itching. We fail to take seriously the damage and harm that we could cause by insisting on making

our global church a U.S.-centric church. General conference 2019 did accomplish this for all of us: it moved us off of stuck. Perhaps now we can become an unstuck church, maybe even an unstuck conference.

We do know that the way forward is not paved. The road is not pretty. The directions are not printed, and the path surely is not primrose. But I heard David say in the Psalm, "Yea, though I walk through the valley of the shadow of death, I will fear no evil because thou art with me."

Yes, this current valley is dark. Yes, this valley is long and is filled with pitfalls and perils unknown, but thou art with me. Let us never forget the dying words of our founder, John Wesley who said, "Best of all, God is with us." So, my sisters and my brothers, we have a long road ahead of us. This journey can only be traversed as we commit and recommit ourselves to the task of being aligned with Christ. Each of us must be attached to Jesus Christ with the yolk of the Holy Spirit.

Now, we are a good annual conference. We are a good annual conference. We are a good annual conference. Seriously, I've been across our connection, and I would not trade this annual conference for any in our connection. I have traveled across, up, and down this annual conference, and I'm happy to be your bishop. There is no other place I desire to serve. There's no other church I would rather serve. There's no other conference I'm looking to serve. This is a good annual conference. Can I just take a minute and brag on y'all? I heard my father say one day, "It ain't bragging if you can back it up."

- The IGRC has had seven new faith community or new church projects begin in the last 12 months.
- We've had 64 churches make at least one disciple in 2018 by welcoming a new member by profession of faith. These are churches that previously only had a profession of faith in the last two years.
- We just finished as an IGRC our ninth straight year with a balanced budget.
- We have just completed the second-best apportionment receipt percentage in IGCR history at 94.69 percent.
- A total of 703 of the 820 congregations in the Illinois Great Rivers Conference paid 100 percent of their apportionments in 2018.
- The IGRC campus ministries in the past five years have had 2,657 students in service projects, 468 in worship, 327 in small groups, and they've raised more than $400,000. I keep hearing that we don't have young people.
- The IGRC churches gave $6.6 million in missions giving through the conference in 2017, and that does not include any direct giving that might have been done that wasn't reported, things like Christmas shoe boxes and those other projects. 6.6 million in mission giving.
- We lead the jurisdiction in sending out work teams, VIM teams, to engage in hands on mission projects.
- As of May 30, we have 228 people that have already committed to pray for our churches and ministries to make thousands of new disciples of Jesus Christ through our Reach 1,000 goals. We remain committed to the cast of developing leaders who are disciples who make disciples. We continue to work with our congregations offering resources and tools to develop disciple-making ministries and processes that transform and change lives.

The Illinois Great Rivers Conference practices good financial stewardship by paying 100 percent of our general church apportionments. Some of you had heard me talk about that, and I don't want us to go backward from that. We have designated giving, so there should never be a church that has a pastor under appointment that doesn't give toward the general church, because you can designate your tithing. Just a thought.

I'm happy. I'm happy. I'm peacock proud and honeymoon happy to be your bishop.

I'm happy but I ain't satisfied because we can do better, and we will do better. So the question asks itself: "Bishop, where do we go from here?" I'm glad you asked.

**First and foremost, we must all be committed to be an annual conference anchored in prayer.** I believe in the power of prayer. One of the reasons I believe that I was assigned to be your bishop is that I believe we can move this conference further and farther along with our prayer ministries and our prayer effectiveness. I want us to become more of a praying conference.

**Second, it really is all about Jesus.** Knowing him and making him known, we must strive to be a Christ-centered conference. Third, I want an annual conference that generally loves one another. The Bible says that folks will recognize that we belong to Jesus because of our love for one another. This love expresses radical hospitality. This love extends grace and space toward one another. This love speaks the truth with honesty and clarity and with integrity, and love looks for ways to express itself through mission and ministry outreach.

I want an annual conference that loves to give. Now, as far as I understand, tithing is not a suggestion. It's not even an option. Financial accountability and Christian stewardship go hand in hand.

**Finally, I want an annual conference, and this will not surprise any of you, that knows how to catch fish.** Our call is to make disciples and to transform the world. Our challenge is to develop leaders with depth and compassion, ones committed to being the hands and the feet of Jesus to a needy, sin-sick world. Let us be committed to reclaiming and retaining our Wesleyan DNA, one hand up to God and one hand reaching out to the people that God loves, all God's people. Let us also continue to engage in the work that God has assigned to this annual conference.

Now, it will take the power of God to hold our denomination together. I'm aware of that. My prayer continues to be for the Illinois Great Rivers, yea even in my personal life, my prayer is this. You've heard it many times. "Lord, send the gentle wind of Holy Spirit. Blow upon the embers of my heart and fan me into flames for Jesus once again."

We can determine what type of annual conference we want to be. I don't know about you, but my hope is built on nothing less than Jesus' blood and righteousness. I dare not trust the sweetest frame, but wholly lean on Jesus' name, on Christ the solid rock I stand. All other ground is sinking sand.

When we stand for Christ and with Christ and we're motivated to move in Christ, I believe the old ship will turn around. God bless you.

## Cabinet Address

By Rev. Dr. Sylvester Weatherall

My brothers and sisters God has given your IGRC Cabinet an ocular view of the power of Prayer.

We IGRC Cabinet has seen evidence of God's Grace and Mercy:

We have been forced by fear of losing people we love to unite through prayer. Cabinet members and spouses fighting the odds of death forced us to turn to God through prayer: Scott Grulke, Carol Russell, Rose Booker Jones, Jim Barnett

Bishop Beard, in his post GC 2019 summits, said something to inspire the Cabinet in the during atmosphere of rumors of talk of a United Methodist divorce. He said, "I don't believe that 2 ½ years of praying for a way forward, a whole day of prayer at GC 2019, and prayer throughout GC 2019 were heard by God."

It resonated with me because Aletha was on the team that coordinated that prayer environment for GC 2019. For months Aletha, Tom Albian and others held meetings and Teleconferences to plan for GC 2019 would be bathed in prayer.

One day, five large boxes of crosses sent by a person in California found their home in my living room. I am still finding pieces of burlap tucked in corners here and there. Aletha, Mrs. Beard, Brenda Grimmett and, toward the end, Meredith Brown cut and then stuffed bags of crosses, burlap and other items for prayer. I had a ring side seat to watch these women laugh, work and pray as they did this monumental task. So, I echo Bishop Beard. I believe God heard those prayers. And, I believe something major is about to happen in the UMC. I say that because, as the ladies worked, I began a study of the history of Methodism in America.

From our very beginning, Methodism and American culture engage in a struggle that continues to this very day.

Most of us in this room have only known Methodism in America as the United Methodist Church. The truth is for 235 years we have had a checkered history of being united and uniformed. And, I believe in many ways have never been unified. But, God still used and utilizes Methodism to change the world.

But, let's review an abbreviated history of the struggles of the Methodism in America and the World. And all along the way, God walked with our us and our ancestors to make changes in the world through broken people and fragmented church.

In 1735 John Wesley desiring to introduced people in the new world to Jesus came to America John Wesley spent just two years in the American colonies, and he had a pretty dismal time of it. Yet that trip led to major changes in Wesley's life, and his work in turn did much to shape the religious climate in America. You see God provided. God utilized Wesley heart to force some of the new Americans to see the see Native Americans as humans. And, brothers and sisters, Native people didn't

just recently join the Methodist movement. They have been a part of Methodism in America ever since Wesley introduced them to Jesus in 1735.

God provided for the African Americans by utilizing Wesley's heart to introduce God to many Black people. In 1758 Wesley baptizes two "Negro slaves," at least one woman, thus setting the pattern for receiving people of color into the societies and the church. These two return to America to start Methodist society in the "new world" among blacks.

1760s: Anne Schweitzer, a black woman, becomes a founding member of the first Methodist society in Maryland. Two years later, another black woman, known to us only as Bettye, is one of five persons to attend the Methodist services inaugurated by Philip Embury in New York City. Then the John Street Church is built in 1784.

The Christmas Conference in Baltimore formally established the Methodist Episcopal Church. Among those riding out to issue the call for the conference is "Black Harry" Hosier. Born a slave about but set free by the power of the Holy Spirit.

Black Harry was born in slavery 1750.

1780: a meeting with Frances Asbury who considered the meeting as "providentially arranged". Black Harry Hosier worked as Asbury's carriage driver and servant. Asbury soon discovered Harry was illiterate. But, Asbury found out that Harry could memorize long passages verbatim and warm up the crowds for his sermons, Asbury began to read the Bible aloud during their travel from county to county and to train Hosier as a preacher in his own right. Hosier receives a license to preach in 1785 and becomes one of the best preachers and most effective early circuit riders. Brothers, Black people have been a part of the Methodist movement in America from the beginning of the Methodist Movement in America.

1790: Drawn by the Methodist Episcopal Church's anti-slavery stand, blacks (slave and free) make up 20 percent of the 57,631 American Methodists.

1791: John Wesley dies. His last letter is one written to anti-slavery crusader William Wilberforce, urging him to "Go on, in the name of God and in the power of his might, till even American slavery (the vilest that ever saw the sun) shall vanish away before it."

1844: Rising tensions over slavery come to a head in the General Conference of the Methodist Episcopal Church when Bishop James O. Andrew of Georgia is told to desist from the exercise of his office until he frees slaves passed down from his wife's estate.

1845: In a break along regional lines, the Methodist Episcopal Church, South, is formed in Louisville, Ky.

1858: The Liberia Conference elects Francis Burns as bishop. The first missionary bishop of the Methodist Episcopal Church, he had served as a missionary to Liberia for 24 years.

1866: A group of black Methodists within the Methodist Episcopal Church, South, petition the General Conference for their orderly dismissal from that church.

1870: Those former members of the Methodist Episcopal Church, South, found the

Colored Methodist Episcopal Church in Jackson, Tenn.

For nearly 100 years, the Methodist Episcopal Church was divided into northern and southern wings. Sixteen years before the southern states seceded, the southern Annual Conferences withdrew from the denomination and formed the Methodist Episcopal Church, South.

From its earliest days, Methodists debated the issue of slavery. More precisely, they tried to decide what relationship the church should have to the peculiar institution in a country where slavery was legal, and in some parts of the country, widely supported. Methodist conferences even before the first General Conference spoke out against slavery, suggesting that clergy who held slaves should promise to set them free. Several General Conferences struggled with the issue, first pressing traveling elders to emancipate their slaves, then suspending those rules in states where the laws did not permit manumission.

By 1939, Methodist on all sides of the issue struggle to find a way forward. So, in an effort to be unified, in the 1939 merger they created The Methodist Church from the Methodist Episcopal Church, Methodist Episcopal Church South and Methodist Protestant Church. The Southern church only agreed to union after a compromise created a jurisdiction based exclusively on race — not geography.

Nineteen black annual conferences of the Methodist Episcopal Church were placed in the Central Jurisdiction and the white conferences were placed in five regional jurisdictions. Seventeen of the 19 black conferences voted against the 1939 Plan of Union.

Almost as soon as the Central Jurisdiction was established, attempts began to get rid of it.

Though the episcopal address to the 1940 General Conference alluded to black Methodists' "cordial acceptance of the outcome" and urged delegates to "attempt no radical changes" to church structure, the 1944 General Conference appointed a commission to study race relations in the church. That commission's report to the 1948 General Conference acknowledged the problem posed by discrimination and offered hope that it "shall ultimately be eliminated from our fellowship." The report did not specifically suggest abolishing the Central Jurisdiction.

In effect, the 1940 GC created most of the structure we have to this very day.

Amendment IX provided a means for a local church to transfer to another annual conference, or for a conference to transfer out of its jurisdiction. The proposal acknowledged that when all of the Central Jurisdiction's conferences used this process to voluntarily transfer to other jurisdictions, it would in effect be abolished.

It seems a given that members of the Central Jurisdiction would have overwhelmingly supported its elimination, but that was not the case.

"Central Jurisdiction leadership supported Amendment IX but discouraged its strongest churches from leaving, for fears it would weaken them financially," said retired Bishop Woodie W. White. "They didn't want the jurisdiction to be weakened by attrition."

Despite its segregated existence, the Central Jurisdiction elected its own bishops, was given representation on church boards and commissions, and provided leadership

opportunities that blacks may not have otherwise been granted. You see, God utilized legal segregation to establish Black leaders in Methodism, one of which became the first General Secretary of General Commission on Religion and Race. And, ultimately Woody White became the first Black Bishop in the Illinois area.

We continue to struggle to be a unified American church while we are now trying to figure out how to be a global church.

Between the 1996 and the 2000 General Conferences, U. S. jurisdictions and non-U. S. Central Conferences did not see much change in delegate percentages across the connection. Every region changed by a percentage point or less in those four years. But the 2000 General Conference voted in a new way of assigning delegates: no longer would it consider both clergy and laity membership totals, the assignments would solely be on local church membership totals. It basically turned General Conference into the House of Representatives, with large pew membership conferences amassing large delegations, and with minimum representation for smaller conferences.

Since that change, larger percentage shifts started to be seen. After the redistribution, from 2004 to 2012, the northern jurisdictions were reduced by 82 votes at General Conference, and the southern jurisdictions were reduced by 100 votes. The West was only reduced 12 votes in the same time span. African Central Conferences went from 186 delegates in 2004 to 372 in 2012.

The 2016 and future 2020 General Conferences dramatically reduced the total numbers of delegates (previous conferences were all within a 10 delegate variance), so to maintain the comparison we have to shift from votes to percentages. From 2004 to 2020, the northern jurisdictions were reduced by 11% of their representation and the southern jurisdictions were reduced by 12% of their representation. Overall from 2004 to 2020, the USA representation was reduced by 24.4% while African Central Conferences added 21.6% to its representation over the same time period.

The percentages now are that the USA jurisdictions represent 55.9% of the vote at General Conference 2020, and African Central Conferences represent 32.3%, with other Central Conferences filling in the remainder. The anticipation is that the USA delegations would be at or lower than 50% of United Methodism starting in 2024.

You see in all of our battles of who's right and who's wrong, God still utilized the Methodist Church to change to world. God has got this people. We, like Mosses, may not get to see Methodism get to unity; we will be a part of that steady march toward the promised land of a unified Church.

That's good news . . . when you have God on our side we may not see a unified Methodist Church, we have not since 1784, but I believe we will all see the Promised Land. A place where Christians, Protestants and Catholics, Jews and Gentiles will be unified

The Good News is:

There is a place: Where every day will be Sunday.

There is a place: Where the Sabbath will have no end Where the wicked will cease from troubling.

There is a place: Where the weary will be at rest . . .

There is a place . . . Where faith becomes sight . . .

Where mansions are awaiting us . . .

Where you gotta robe, I gotta robe, all God's children gotta robe . . .

There is a place . . . Where God is on the throne . . .

Where Jesus is on the right hand of the Father . . .

There is a place . . . Where the Angels worship and call Him Holy, Holy, Holy . . .

Where there is no more death . . .

There is a place . . . Where the saints gather . . . who have had their garments washed . . .

In the blood of the lamb . . .

The lamb died . . . On Calvary

The lamb was buried . . . in a brand-new tomb

The lamb got up . . . with all power in His hand . . .

Moses died . . . but he's all right now . . .

One of these days . . . don't worry about me . . . I'll be all right . . .

The only unity I will see is in the Father Son and Holy Spirit.

And until I see our unified triune God, I don't about you but, I'm going to keep on introducing people to Jesus who is the author and finisher of heavenly reward.

In power of the Holy spirit,

I'm a keep on preaching Jesus.

I'm going to keep on laying hands on people and calling those things that are not as though they were.

I'm gonna keep on promoting new life in the name of Jesus until every human being on this planet is saved, sanctified, and full of holy spirit.

And I'm going to let Jesus sort out who will and who will not get in the kingdom.

I truly believe Jesus who has begun a great work in this American Methodist movement is able to see it until completion.

I'd like to declare that I know of a church with one foundation. And it's built on a rock that even the gates of hell with not prevail against.

## Director of Connectional Ministries Address

By Rev. Dr. Curtis Brown

Hello, I'm Curtis Brown. A lot of you have only seen me on a very tiny video screen since I arrived in October, as we've been doing a lot of our meetings that way, and I keep running into people who say, "Hey, you're a lot taller and person than you are on my computer."

I want to thank you for the welcome that you've extended to me and to my family as we've come here to Illinois. We are excited about the journey that we're undertaking together. You all have been so gracious, so excited, so wonderful. I just keep reiterating again and again the message that you heard from the Bishop and from Ken that this is an awesome annual conference. You all are amazing, and I don't think you hear that enough, and I hope you hear it this afternoon. When we wanted to figure out what we needed to tell you, it is that you are great! You are good and amazing things are being worked through you in the name of Jesus Christ today.

As I've gotten to know you again, some of you know my story. I was a kid in the old Southern Illinois Annual Conference before going off to see the world and thirty years later coming back. Some of you remember me as that kid, and I hope you'll keep your mouths shut. But as I've traveled around, I've seen a lot of conferences, I've seen a lot of people that work for Christ, and this place is good. I'm impressed with the love and care and relationships that you have for one another, with the deep way that you connect and reach out, with the care extended between laity and clergy. I'm impressed every day with the impact that you're making in mission and ministry, not just with your dollars, but the way you show up.

My week is filled with all kinds of people requesting help, and you all always respond. It's a pleasure to be involved with folks doing that. I'm impressed with the caliber of the leadership that you all provide, both the number and just the excellence of it. Just as an exercise, if you are part of one of our conference committees, boards, agency, district committee, district ERT team, any group that's connected in our conference, would you just stand for a second, those of you on committees and agencies and district and conference and boards? These are amazing people and you should be thrilled that they're on your team!

I have to say I'm excited about the team that I get to work with every day. You don't see our connectional ministry staff very much up here in the front, and this year we wanted to put them on videos. I said, "Hey, you guys are doing heroic work. How about we dress up all of our Connectional Ministry staffs as heroes?" They were like, "No, Curtis. That's not how we roll here in IGRC. We're not the heroes. The people who we work with are the heroes." And so, these superhero videos were their way of telling the story about the heroic work that's happening.

But I want to give a shout out to our Connectional Ministry team, to Christy and Brenda and Jill, who every day are in the office, every day managing resources and connecting with people. I think Christy knows more people than anybody else in the annual conference at all. My first month here I was doing some calls, and I wasn't getting pastors returning my calls because they didn't know who I was, and Christy

picked up the phone and they answered right away. Beth and Bunny and Amy and Adrian are doing tremendous work on your behalf. Mike and Peggy and Kurt and Patrick are out there every day resourcing and equipping leaders, connecting us so that your local churches' ministry impact is multiplied, so that we are part of a statewide, region-wide, global movement of saving and changing lives. You all are doing heroic work out there. It's a pleasure to be a part of it. And what I want you to hear is this: We didn't blow all of our budget on superhero masks for everybody, but I wanted to do so, because you all are the heroes of this story, your churches, your work and what you're doing. Thank you so much for the welcome and for the opportunity to be here. Thank you.

## Lay Leader's Address

### The Secret of Their Success

By Ken Miller

Bishop, it gives me great pleasure to announce today that yesterday, the laity took an offering for our school that we support in Liberia, and they raised $5,379 for that school. Congratulate yourselves on that. What a wonderful thing that was.

I want to share a scripture with you that was shared yesterday, but I believe it of course talks about what we're all about as far as that's concerned.

"When the day of Pentecost came, they were all together in one place. Suddenly a sound like the blowing of a violent wind came from heaven and filled the whole house where they were sitting. They saw what seems to be tongues of fire that separated and came to rest on each of them. All of them were filled with the Holy Spirit and began to speak in other tongues as the spirit enabled them." (Acts 2:1-4).

Have you ever wondered what it would have been like to be there and to witness what those people saw? How awesome would that have been and what a great experience? Imagine the fact that you're having this prayer meeting and all of a sudden you hear this sound of this huge wind blowing fiercely not outside the house, but inside the house.

Now, it's bad enough, and I've been through a couple of tornadoes, so I know what it's like outside the house, but imagine this inside the house. Even more amazing, you see tongues of fire resting on the heads of the people. As if all those things were not enough, you have all these people speaking in different languages and everybody understanding them.

Can you imagine what Hollywood would have done with this? The special effects people would go crazy, wouldn't they? It'd be a dream come true for them. The Spirit of God had come upon those people at that time. Now, they had been told that the Spirit of God would come upon them, but I'm sure that they did not expect anything like what they experienced. They were overcome by a spirit that unites, a spirit that

empowers, a spirit that creates and re-creates. The Spirit fell on them. The Spirit came to them, but more importantly and if you don't hear anything else I say today, the Spirit worked through them, just like the Spirit can work through us today.

They were filled with the Holy Spirit, and because of that, they had special powers. Lest we get caught up in the dramatics of the rushing wind and the tongues of fire, granted, they helped set the scene, but the most important part of this story is that the disciples were filled with the Holy Spirit.

Luke tells us again that they were talking in tongues and in different languages. Why is that important? Because it enabled all the people there to be able to understand what they were saying. When we think of the mission of the church today, the idea of many languages becomes even more important than it was back then. We need to use whatever language we can to get the message of Jesus Christ into the world.

Why were those early Christians so successful? I think it comes down to three things, and I want to share those three things with you very quickly this afternoon.

First of all, it comes down to prayer, just as Bishop Beard said. Prayer is a powerful force in our lives. It gives us a chance to be sensitive to God's leading. Prayer gives us permission to give voice to the deepest concerns of our hearts, and we can do it anywhere and at any time. You know what? It's always appropriate. It doesn't matter when or where.

The second thing is love. What about love? Those early Christians loved each other. Nobody was in need because they shared everything. No one was excluded. No one was forgotten. It didn't matter who they were. They all felt welcome.

There's a story of a youth pastor who decided that his youth group should paint the youth room. Because they could not agree on one color, he allowed them to paint each wall a different color. What he forgot was that the church's adult Sunday school class also used that room. Well, the senior members were a little upset about that, and to keep his job, the youth pastor came up with a great solution. He informed the senior members that he was proud of the team's spiritual maturity. One wall was blue to represent heaven, one wall was black to represent the power of sin, one was white to represent the purity that only comes through Jesus Christ's cleansing power, and one wall was red to stand for Jesus' blood shed for us. Not only did that diffuse the situation, but those colors remained for the next 14 years because no one would paint over the blood of Christ.

You know what, wouldn't that be wonderful if all of our differences could be resolved in that way? After all, folks, we are Christ's body, and they loved and respected each other. If we can't do that, what hope is there for the world? There's a deep divide among our churches, nowadays, a divide that keeps us from mounting a unified witness in the world.

My second story is about an old folk tale of a town in Tennessee. There were two churches in the town, one Baptist and one Methodist. The Baptist Church preached against the Methodists and the Methodist Church preached against the Baptist. The town was equally divided.

Then the rains came and the flood tore through the town. The Baptist minister hurried to move his family to higher ground, but they were trapped, and suddenly a huge wave came by and wrenched his baby girl from his arms. Suddenly, a man on

the bank jumped into the water and swam to the little girl. Reaching or just in time, he pushed her onto a ledge, saving her life, but instantly the man was swept away by the raging water. His body, the body of the Methodist minister, was found a few days later.

One of the churches was destroyed by the flood and they never rebuilt it. Instead, they renamed the remaining church Sweet Harmony Chapel, and the Baptist minister never preached against anyone ever again. We're all followers of Christ and we need to love and respect each other.

The last of the stories is about passion, and I think this story illustrates that point very well. The Glide Memorial Church in San Francisco has a real ministry for people that few churches have. Their most effective ministry by far as their addiction recovery program. In the late 1980s, drug and alcohol addiction rates skyrocketed in San Francisco, especially in the inner-city neighborhoods.

Glide's pastor, Cecil Williams, decided that his church would offer the best addiction recovery program available. But how would the church get the word out about the recovery program among the addicts? They decided to organize a march on Valencia Gardens in San Francisco because that was the most crime ridden public housing project in the city.

Over 600 people carried to take the message to the Gardens. Marchers carried signboards reading "It's Recovery Time" and "Welcome Home to Recovery." Those who did not have signs carried platters of food. Imagine what it was like for the residents of the most broken down, crime-ridden neighborhood to witness the invasion of hope, to have more than 600 people march down your streets singing songs of praise, bringing gifts of food, and announcing a much-needed drug rehabilitation program. It probably seemed like Pentecost all over to those people.

There is something wonderful about a unified group of people joining together in one common task and serving others. They feel good about themselves and they feel good about each other.

Wouldn't it be wonderful to experience the joy, the unity, the commitment that characterized the early church. You know what? I truly believe that we can do that. If we pray more, if we love more, and if we serve Christ in our community more, the Holy Spirit will flood this room, just like it did those many years ago. You know what? The sky's the limit folks. The sky is the limit.

It changed the lives of the disciples who were gathered there that day, and they went to every corner of the world to share the good news of Jesus Christ with every person they could find. Now, the early church had none of the things that we think are necessary for success today. They didn't have buildings, they didn't have money, they didn't have political influence, they didn't have social status, and yet the church, one multitudes through Christ in the Roman Empire, because they had the power of the Holy Spirit and it was energizing their ministry. The good news, brothers and sisters, is that we have that same spirit available to us today. We just have to step out in faith and use that power.

Vance Havner said, "We are not going to move this world by criticism of it nor conformity to it, but by the combustion within it of lives ignited by the Holy Spirit of God." May it be so. Amen.

**Rev. Dr. Safiyah Fosua, Associate Professor of Spiritual Formation at Wesley Seminary at Indiana Wesleyan University, invited the congregation to "Get Fired Up" in her sermon at the Opening Worship Service on Thursday.**

## Conference Boards, Commissions, and Committees

### Board of Discipleship

The IGRC Board of Discipleship continues to focus on curating content as we seek to fulfill the responsibilities in ¶ 630 of the *Book of Discipline*. Through our Facebook page we connect people throughout the conference with resources such as articles, blog posts, websites, webinars, workshops, and online courses to equip disciple-makers. Our 2:14 Prayer Group, which also has a Facebook presence, is a renewed emphasis this year, calling people to prayer through shared reflections and prayer prompts as we anticipate the special session of General Conference in February 2019. Participants are asked to pray at 2:14 p.m. each day (or another time of their choosing). The Board of Discipleship is considering ways to encourage those seeking professional certification in areas of specialized ministry and plans to develop communities of practice which connect disciple-makers in various areas of ministry (such as specific age-level ministries, evangelism, stewardship of creation, or Healthy Congregations) for digital or face-to-face discussions of challenges, successes, and best practices.

### Board of Higher Education and Campus Ministry

The Illinois Great Rivers Conference's support of higher education and campus ministry continues to make a difference! Specifically, it makes a difference in students' relationships with God, meeting physical needs within the campus communities, and creating spiritual leaders for the United Methodist Church. With your continued support this year, the impact is expanding. Between January and April, the Board conducted on-site visits to each of the five Wesley Foundations. In addition to reviewing financial responsibility, a team of BHECM members meet with local board representatives, students, and staff to discuss strengths, weaknesses, challenges, and opportunities. In most cases BHECM members also participated in student worship or another activity. A key focus of the Coordinator this year has been to support Wesley Foundations in building fundraising capacity and conducting fundraising audits with strategy goals for each campus.

We continue to explore ways to support and train local churches to reach college students at four-year and community colleges in the state. Currently we are creating a model for expanding college and young adult ministry through local church partnerships and discerning the financial and board support needed to create sustainable ministry.

The Illinois Great Rivers Conference has relationships with three institutions of higher education; namely, Illinois Wesleyan University in Bloomington, McKendree University in Lebanon, and MacMurray College in Jacksonville. Through these relationships the United Methodist tradition and presence remains strong on the college campuses. MacMurray College expanded funding to the chaplain's office and the chaplain co-led a January term class combining faith and ethics. Illinois Wesley University's annual Interfaith Summit impacts the entire Bloomington-Normal community and has opened opportunities for faith conversations at Illinois State University. McKendree University students continue to engage with religion and race, the chaplain's office co-hosted author Angie Thomas, and Chaplain Harrison continues to mentor students considering ordination in the UMC.

In addition, Illinois Great Rivers Conference provides funding and support for five Wesley Foundations; namely, Eastern Illinois University at Charleston, Western Illinois University at Macomb, Illinois State University at Normal, Southern Illinois University at Carbondale, and University of Illinois at Urbana-Champaign.

In college critical life decisions and directions are charted. Through the campus ministries, college-age individuals receive spiritual guidance and opportunities for Christian study, community and service to help shape these decisions. The following chart shows total numbers of students involved in various ministries on campuses with Wesley Foundations during 2018. The number of students entering a ministry track reflects the actual number of individuals who entered a ministry track in 2018, were in the process of earning ministry credentials, and/or serving in a paid full-time ministry role but had entered no earlier than 2013.

| Activity | Total 2018 |
|---|---|
| Unduplicated Worship attendance | 468 |
| Involvement in small group ministries | 327 |
| Involvement in service projects | 2,657 |
| Students involved in other ways | 6,747 |
| Funds raised locally | $402,020 |
| Students/former students In a ministry track or ministry position (past 5 years) | 54 |

Apportionment dollars provide only part of the funding necessary to provide effective ministry on our college campuses. You can see from the chart that Wesley Foundations have participated in significant fund-raising efforts that have a cumulative amount of nearly $402,020 in 2018. We appreciate the conference supporting a costly, but effective ministry of presence through placing qualified United Methodist clergy and lay people at Wesley Foundations and apportionment support of campus ministers' health insurance and salary that allows grants and individual donations raised to go to support students. These funds support on-campus ministries, leadership development, student internships, and mission trips to North Carolina and Tennessee, to mention a few. Additional fund-raising efforts are ongoing, and new ideas for fund-raising are happening throughout the campuses.

Over 2,500 students participated in service projects in 2018 as part of our campus ministry efforts. Food pantries at the Wesley Foundations of SIU and UI equip students in leading nonprofits and helps alleviate the growing food-insecurity on campuses. Illini Fighting Hunger at the University of Illinois Wesley Foundation has repackaged over 3.25 million meals, has shared repacking resources to other campuses across the state, and began a partnership with Midwest Distribution Center to make an even bigger impact globally.

Approximately 460 unduplicated students participated in worship experiences through Wesley Foundation ministries alone. Rev. Betzy Ellifrits Warren began her second year at EIU Wesley Foundation, strengthening both the board, student leadership, and renewed development efforts. Roxy Twaddle, ISU Wesley Foundation co-director, finished her M.Div. in May and transitions into the full director position. The foundation graduated 18 senior leaders and will continue to mentor 15

students in next Fall's leadership team. WIU Wesley Foundation's current director, Mark Hendrickson, received the WIU President's Excellence in Diversity Award for his work in creating a space at the Wesley Foundation that welcomes students from China, Malawi, Nigeria, Costa Rica, Zimbabwe, Jamaica, and India, as well as residents from both rural and urban Illinois.

One of the most staggering statistics, 54 individuals that have come through Wesley Foundations in the past five years are either currently in a ministry track or serving in a ministry position. Two Wesley Foundation interns, Skyler Przygoda and Erik Slingerland, have gained valuable hands-on ministry experience that will enhance their education as they begin seminary in the Fall. Many students are developing leadership skills and serving at East Bay, Little Grassy, and Beulah camps as well as summer interns through the conference internship program.

Many exciting events have happened in the past year, and some powerful ministry events are planned for this upcoming year. We celebrate and support the Wesley Foundations as they continue to equip, support, and nurture young adults into a deeper Christian faith. Find out more about our campus ministries on Facebook at IGRCCollegeStudentMinistries or visit www.wesleyfoundationsofillinois.org to access student contact information or our welcome video.

## Board of Ordained Ministry

The Conference Board of Ordained Ministry consists of 45 members, laity and clergy, who are organized into teams toward accomplishing the work of the Board as detailed in our *Book of Discipline*. The district Committees on Ordained Ministry are an extension of our conference board, and therefore we work together to credential persons seeking commissioning and ordination. The Board of Ordained Ministry has several responsibilities including requests for change in clergy status, examination of candidates, encouraging a culture of call towards church leadership, maintaining contact with students at seminaries, and supporting the work of Order of Deacons, Order of Elders, and the Fellowship of Local Pastors and Associate Members.

In the 2018-2019 Conference Year, the IGRC BOM has interviewed and approved seven candidates as provisional clergy members and seven as full members. The BOM and Cabinet have also served as a pilot test for *Holy Living, Holy Ministry,* a process designed to address Paragraph 349.3 of the 2016 *Book of Discipline*, which outlines a process of self-reflection and assessment that is required for all clergy every six years. This process involves three continuing education events centered around personal and professional assessment and development and will be evaluated before it is introduced conference wide. The IGRC BOM has also been working to discern how the work of General Conference 2019 will impact our processes of interviewing candidates and promoting effectiveness in ministry among active clergy.

Pre-1982 is fully funded. The Clergy Retirement Security Program (CRSP) remained stable and no rate increase is required.

The Conference Board of Pensions recommended no change in the defined benefits portion of CRSP for 2020 contributions. The 2020 rates shall remain at the 2019 level of:

- Full-Time Pastor, $5,700 per year; $475.00 per month
- 3/4 - time Pastor, $4,275 per year; $356.25 per month
- 1/2 - time Pastor, $2,850 per year; $237.50 per month
- 1/4 - time Pastor; not eligible

**Pre-1982 Pension Rate and Special Grant Recommendations**

The 2019 pension rate for pre-1982 years of service is $778 per service year. CBOP approved a 2% increase (rounded up to whole dollars) to $794 per service year for 2020. The following special grants will be made for 2020:

- Ruth Sharrow be declared eligible to the claim of a dependent child for the service years of her father, Clarence Sharrow.
- Mrs. Allen Morgan be given a special grant of $35.00 per month.

**Pension Credit for Pre-1982 Student Local Pastors Years**

The Conference Board of Pensions recommends that Roger K. Lyons be granted 2 years of Pre-1982 Pension Credit for Student Local Pastor Service rendered at Wanda: 06/07/1975 to 06/03/1977.

**Health Insurance Proposal**

The Conference Board of Pensions is providing a separate resolution to the annual conference session regarding a clergy health insurance allowance. (See Legislative Item 103: Clergy Insurance Allowance)

## Board of Trustees (IGRC)

The Board of Trustees is a not for profit corporation and is governed by the by-laws of the corporation, the constitution of The United Methodist Church and the *Book of Discipline.* The annual meeting is held at annual conference, and all voting members of the annual conference are voting members.

The mission of the Board of Trustees is to provide a safe, secure and functional environment in all the Conference owned properties, including the United Methodist Center. The Trustees continue to focus on the responsibility of completing repairs, maintenance and upkeep of the district/staff parsonages, and the Conference Center.

Trustees assist in the sale of closed and abandoned churches and parsonages on an as

needed basis. Trustees also implement the instructions of the Annual Conference in the sale of properties.

The 2015 Annual Conference adopted a resolution to close, retire, and sell some camps and the funds to be used for the upgrading of camping ministries. Living Springs Camp at Lewistown, Illinois, is the final camp to sell and was scheduled to close on or before June 1. This camp will be used to serve young people from the Chicago area who live in locations where they may be influenced by crime and drugs.

The Trustees also accept gifts on behalf of the Annual Conference. The Conference continues to receive gifts from wills and trusts. These funds are used as instructed by the giving persons. Funds continue to be received from this source.

The United Methodist Center has served the Annual Conference for the last sixteen (16) years. As the property ages, continued upgrades will be needed. Communication is an important part of today's environment. Some upgrades have been made and there will be additional needs in this area.

**Financial**

The Trustees review the financial reports. The Trustees have functioned within the budget. The Annual conference is in strong financial position. The mortgage payments are current.

**Safety**

The Trustees continue to be concerned for the safety and security for persons attending meetings and for the staff who are employed at the Conference Center. These issues continue to be studied.

**Insurance**

Churches are encouraged to review their insurance annually. When locations are underinsured, there is a potential for large losses and significant impact on local churches and the Annual Conference.

Persons living in parsonages should have insurance for their personal property as these items are not covered in most policies obtained by churches. In addition, renters' insurance often does not cover water damage to personal property unless it is added as a rider to the policy.

**Homes for Pastors**

Trustees are aware it is difficult and frequently very costly to provide housing that meets the conference standards. When improvements are made to homes an effort should be made to understand and meet the parsonage guidelines and requirements where possible. Information is providing in the Standing Rules.

Pastors want to understand their responsibilities when living in church owned homes. Local church boards of trustees are encouraged to develop a checklist which define the roles of the trustees and the pastors.

We extend a special thanks to each trustee and person who contributed through their many hours of volunteer labors and support.

Special thanks also go to: Rev. Mike Potts and Angel MacGibbon for their continued assistance; Paul Black for his service as he enables better means of communicating; and Mr. John Kauerauf, Chancellor, for his services and direction.

**Churches Completing Their Mission**

The trustees assisted the following fourteen churches in their administrative and legal processes for completing their mission as local church congregations. See Legislative Items 109-122 for more details and annual conference action on these closings.

- Bethel
- Big Prairie
- Charleston Otterbein
- Colp
- Garrison Temple
- Prairieton
- Providence Chapel
- Vandalia Luster Chapel
- Bonnie
- Bryant
- Decatur Central
- Irvington
- St. Jacob
- Tower Hill

Let us continue to pray that we may find ways to make disciples of Jesus Christ and assist members of the discontinued congregations find new church homes.

## Commission on Archives and History

The *Book of Discipline* (2016) mandates that each annual conference shall have a conference commission on archives and history with the duty to "collect, preserve and make accessible the historically significant records of the annual conference and it agencies, including data relating to the origin and history of the conference and its antecedents" (¶641.1).

In meeting that disciplinary responsibility, the conference archives are located at Pfeiffer Library at MacMurray College in Jacksonville. The archives receives requests from different constituencies and stakeholders, including people looking for family histories and local churches searching for information on churches. It is conference policy that when a church closes, its records are sent to the archives.

Conference Archivist Lynne Phillips begins her second year with us and oversees the Archives operation. Beginning in 2019, the archives began a digitization process of the most requested items as part of a three-year project funded by a significant budget increase for that period of time.

The Commission also schedules the annual Prentice Sermon in the spring and the annual Cartwright sermon in October. It publishes a quarterly, *The Historical Messenger,* within the conference news magazine, *The Current.*

The Commission hosts a special meal at Annual Conference in which churches celebrating their 150th, 175th or 200th anniversaries are recognized.

## Commission on Communications and Communications Ministry Team

The *Book of Discipline* (2016) mandates a commission on communications or other structure to be "a service agency to meet the communication, publication, multimedia, public and media relations, interpretation and promotional needs of the conference" (¶646). In meeting that mandate, the Communication Ministry Team works very hard to provide an economical and yet, ever expanding system for communications.

In the midst of an ever-changing playing field, the communications team strives to provide services that enhance both the equipping and connecting tasks given to the annual conference. In turn, local churches benefit by being equipped for the disciple-making task and connecting the local church to the larger global church.

**Web Conferencing system**

One of the ways in which technology is being utilized has been the launch of a web teleconferencing system in the United Methodist Center. Utilizing the Lifesize software and hardware, new flat panels were installed in each of the Conference Center's meeting rooms with two mobile carts also being utilized with the system.

Over the past year, conference committees and staff have utilized these to save on travel and overnight accommodations and to bring economies to the system.

In the meantime, its popularity has led to additional units being installed in district offices, and deployed staff are utilizing these to hold training events and webinars.

We see this as a trend for the future to enable us to "connect the connection" across the lower two-thirds of Illinois. During inclement weather, this has enabled meetings to proceed instead of being postponed or cancelled.

**Annual Conference**

Probably the most noticeable aspect of the communication ministry comes at Annual Conference where a volunteer crew coupled with two conference staff members are able to provide more than $70,000 of services over the 2 ½ day period.

For the seventh year, IGRC Communications developed an app for use during the Annual Conference session that provided up-to-date information to the 2019 Annual Conference session.

**The Current**

The conference's award-winning newspaper, *The Current*, continues to produce 12 issues per year, including a double issue that provides a catalog of camping opportunities. Our partnership with P & P Printers in Peoria has been a collegial one. Our graphic designer and assistant editor, Kimberly Halusan, has increased our capacity to tell stories both in words and visually.

The newspaper is produced the last Friday of each month with a few exceptions for November and December due to the Thanksgiving and Christmas holidays and the July issue which is produced the week following the completion of annual conference.

An online subscription database is linked to the church portal page for each congregation (the same portal used to access online charge conference forms) at: www.igrc.org/churchportal and enables pastors and church staff to access this page and update their subscriptions to ensure they are receiving all of the free issues to which their church is entitled. We urge you to update those lists during each charge conference season to that communications are flowing to your local church leaders.

**Electronic publications**

*The Current Week in Review*, a weekly e-newsletter, is published each Friday to provide up-to-date news and information. Since then, the mailing list for the publication has grown to more than 2,400. In addition, IGRC Events-full, a weekly publication on Mondays, provide local churches a means for publicizing local church and district events that previously were only publicized in *The Current.* In all, more than 1,500 subscribe to *IGRC Events-full.*

As viewing practices are moving toward tablets and smartphones, the design of both e-newsletters is optimized in viewing on these platforms.

Nearly 20 e-newsletters emanate from IGRC ministries, with the Communications Team directly involved in producing several of them. In all, more than 11,000 unique email addresses receive news and information from the Illinois Great Rivers Conference – or roughly 1 in 5 persons that are in worship on Sunday morning.

**Video ministry**

In addition to the services provided at annual conference, IGRC Communications has collaborated with several ministries throughout the conference to produce videos at a much more cost-effective price.

Most recently, IGRC Communications worked Preachers' Aid Society to produce a video for the organization's 150th anniversary.

**Web ministry**

Usage of the web continues to increase on the IGRC website. The Communications team has assisted in producing local church websites on the Word Press platform through United Methodist Communications at: www.umcchurches.org. For under $100 annually, churches can have a professional website that can work to increase a church's reach beyond its doors. Paul Black, IGRC Director of Communication Ministries, provides consultations, workshops, and learning events as requested by local congregations, districts, and clusters.

Communications is truly a team effort. Michele Willson assists the Director in coordinating and keeping the entire team focused on its work. Willson handles the subscription database for *The Current* and the Conference ListServ. Kim Halusan's work continues to enhance our ministry and assists the other conference ministries with a vibrant communications presence. Her talent, attention to detail and creativity shows in finished products for the client.

Video Production Manager Bob Schafer, who is in his fourth year with us, has been able to build upon a foundation of excellence in video that is often demonstrated in a variety of projects in which he is called upon for assistance.

Last and certainly not least, we are grateful for the support you provide through the

faithful payment of apportionments. We are only able to do what we do because of sacrificial giving, and we don't take that lightly. We covet your prayers as we continue to provide a point of connection that allows the Illinois Great Rivers Conference and its churches a voice as we fulfill our disciple-making tasks.

## Commission on Camping and Retreat Ministries

*Connecting People, Nature, and Christ.*

At Annual Conference in 2015 we together made a difficult decision to put our camping and retreat ministry on a new course. Today I am delighted to announce to you that much of what we discussed as our future has been accomplished. The three properties designated for closure have been sold, and the proceeds of those sales reinvested in our three remaining campsites in new structures or the complete remodel of existing structures. Decades of delayed maintenance is being addressed, and we are working hard to conduct camps that fulfill our mission of making disciples of Jesus Christ for the transformation of the world.

While it is true that the properties did not sell for as much we hoped and the work cost more than we wanted, the impact on our camping program remains significant.

Here are some highlights of the work that has been accomplished:

At Little Grassy

- Mount Tabor Lodge was completely gutted and remodeled to make it a true year around retreat center.
- The Gethsemane Retreat House was also completely gutted and restored. This modern retreat facility is available to any pastor and family free of charge for a quiet get away or vacation.
- The Cedar Lodge Dining Hall had numerous improvements including new windows, flooring, lighting, and improvements to the HVAC system.
- The Masada Retreat Center has also received new flooring and an additional HVAC system to providing air conditioning throughout the building.

At East Bay

- The Gatehouse was completely gutted and converted into a modern medical first aid facility and program space for the summer. During non-summer months it can be used as a small retreat lodge and meeting space.
- Our latest addition at East Bay is the construction of four new cabins, each capable of housing up to fourteen (14) campers and staff. These cabins are for year-round use and can be easily divided to afford maximum flexibility.
- There have also been some much-needed updates in some of the infrastructure at the site to better serve our guests.

Beulah Camp

- While the Beulah camp is not on a conference site, it is a program of this annual conference and we have invested $75,000 dollars from camp sales to aid in site improvements at Beulah.

Our Camping and Retreat Ministry has come a long way in a short period of time, but we still have a long way to go to turn the corner in all areas of our camping ministry. In many areas our camping and retreat program has been in decline for years. That decline was not only in camper days at our sites, but in the general overall state of disrepair of our facilities and the spirit of our camping staff.

Numbers are not yet where we need them to be, but they are improving; facilities are not yet where they need to be, but they are improving; the spirit of the camping staff may not yet be where we need it to be, but it is rallying. We are celebrating this forward progress and continuing to move ahead. Our camping program is moving in the right direction across the board and we show signs of growth and improvement in a variety of areas.

With your continued support, prayers, and willingness to serve, we hold a bright future for camping ministry. When we started this process, I stated the goal of our work was to secure our camping program for our children and grandchildren. We are moving in that direction. The CCRM is revisiting where we are currently and undertaking the work of strategically planning where God is leading us next. We are evaluating not just our sites, but all areas of our ministry, and developing a comprehensive strategic plan for the future.

This is my final Annual Conference as Chair of the CCRM and I want to say it has been a privilege to work with such a dedicated team of staff and volunteers. My prayer, and I trust the prayers of this Annual Conference, is that we will continue to support this vital ministry of our Conference. Our Camping and Retreat Ministries continues to be a key component to making disciples of Christ by connecting people, nature, and Christ for the transformation of the world!

## Commission on Equitable Compensation

(see Legislative Item 105: Equitable Compensation)

## Commission on Religion and Race

The Commission on Religion and Race (CORR) and the IGRC were able to partner with the North Central Jurisdiction Commission on Religion and Race (NCJCORR) and Black Methodists for Church Renewal (BMCR) in joint trainings and meetings, and with the General Commission on Religion and Race (GCORR).

Eleven ethnic clergy from across the IGRC, received scholarships from the Office of Congregational Development and IGRC-CORR to attend the "Face the Future" Conference in Newark, NJ, Ethnic Pastors working in Cross Culture/Cross Racial

appointments, and, Facing the Storms. Three hundred UMC clergy serving in cross racial/cross culture ministries gathered to network and learn. Bishop Palmer from West Ohio Conference gave the first night's sermon and Bishop Cynthia Fierro Harvey, Louisiana Annual Conference, gave the closing sermon. The conference was sponsored by GCORR.

For the second year, CORR sponsored a pre-conference event (the day before annual conference started). Revs. Jacob and Glory Dhamaraji were the speakers. They spoke about their time with IGRC and their current positions with GBGM. They also spoke of helping to build a "beloved community."

CORR is working with districts to have "vital conversations" around issues that affect us as a church and as God's people. Given the situations we are witnessing in society, it's evident that our work is timely. Again, this is not offered as a political issue but rather a "love thy neighbor" concern.

Our partnership with the Office of Congregational Development and other staff persons from IGRC Connectional Ministries has been key to the growth and work of CORR, along with NCJCORR and GCORR.

There is still much work to do. Join us as we help build a "beloved community."

Rev. Gifty Roberts Smith, Chair, IGRC-CORR

### Committee on Alain Rocourt Endowment Promotion

Following a Volunteer in Mission trip to build a school in Haiti, William Hylbert started the Alain Rocourt Endowment Fund for the purpose of providing ongoing support for the Methodist schools in Haiti. The Endowment is named for the Rev. Alain Rocourt who was the first native Haitian to graduate from seminary and be fully ordained by The Methodist Church of England. Rev. Rocourt became director of the Methodist Schools in Haiti. Today there are about 100 Methodist schools in Haiti. The church seeks to begin educating children as early as possible, so kindergarten studies may begin as early as age 3. The Alain Rocourt Endowment Fund collaborates with the Midwest Mission Distribution Center to provide needed desks, paper, pencils and back packs.

For many years Haiti has been ranked as the poorest nation in the western hemisphere. The problems of Haiti can seem overwhelming, yet there is great hope. The church offers a better future for the children of Haiti through addressing the educational needs of Haitians who are illiterate (65%) and children (42%) who are unable to attend school.

There are now almost 25,000 children enrolled in Methodist schools in Haiti. Still, more schools and more teachers are needed in order to reach more children.

In 2018, the Alain Rocourt Endowment sent $30,000 in support of the Methodist school of Haiti. We are an IGRC Advance Special.

### Congregational Development Team

Curtis Brown, Path 1 New Church Strategist, (now the IGRC Director of Connectional Ministries) worked with a team to audit the IGRC's church planting process. The audit was concluded in 2018.

The audit team developed the Reach 1,000: Give Birth to a Movement plan. The plan calls for IGRC to increase our capacity to reach 1,000 new people through new places each year.

One new place was initiated in the past year when Rev. Michael Whitaker was appointed July 1, 2018, to start a new church in the Edwardsville-Glen Carbon area. Whitaker attended several trainings in 2018 and visited several church plants around the country to gain insight. The Connection launched monthly preview services in February 2019.

Additional new places for new people are being initiated. Congregational Development is partnering with local churches and leaders to equip them for this work.

Working with Bishop Beard and the Cabinet, Congregational Development led five churches through the Step UP process in 2018. This cohort of churches went through multiple trainings throughout the year and each held an onsite discernment weekends in the fall of 2018. Four churches voted by a 70% affirmative vote to take the Next Steps given to them in a report following the onsite weekend.

The Office of Congregational Development continues to work with The Journey of 10x10. The Journey continues to bring greater spiritual vitality to local congregations (http://thejourneyof10x10.org/). Eleven (11) churches have indicated that they engaged in this process as a congregation in 2018. This brings the total number IGRC churches to 154.

The department held several workshops throughout the conference in 2018, including Reaching New People (22 churches/99 participants), Step UP to Welcome and Connect Guests (15 churches/100 participants), and various other workshops.

### Committee on (Disability Concerns) Accessibility Ministries

The Committee on Disability Concerns is currently focusing its efforts on autism awareness as they begin to address specific disabilities which may affect members of IGRC churches. Because the symbol for autism awareness is a puzzle piece, the committee offered a puzzle table at Annual Conference, featuring puzzles with images related to disability awareness (including autism awareness) from a company called Zazzle. Members of the committee continue to be available to consult with churches seeking to become more accessible both architecturally and attitudinally.

The committee once again hosted a special meal at Annual Conference in 2018. The speaker was Tracy Bollinger of Colchester, IL, mother of a son with autism. She shared some of her experiences raising a child with autism and gave suggestions on how churches might support parents like her.

Disability Awareness Sunday is celebrated in the IGRC on the fourth Sunday of September or another time convenient to the local congregation. Churches are

encouraged to collect an offering, which supports accessibility grants to local churches. Further information may be found at www.igrc.org/disabilityconcerns or at http://umdisabilityministries.org.

At the 2018 session of Annual Conference, it was determined that the Committee on Disability Concerns would merge with the Committee on Deaf and Hard of Hearing to form a new Committee on Accessibility Ministries. This new committee will continue the work of both previous committees, including issuing accessibility grants and working with local churches to arrange interpreter services.

## Committee on Evangelism

The Illinois Great Rivers Evangelism Committee exists to recognize models of excellence and provide training for greater evangelistic effectiveness to both clergy and lay leaders. The 2016 *Book of Discipline* sets a high standard in ¶ 127. The Ministry of the Laity: Every layperson is called to carry out the Great Commission (Matthew 28:18-20); every layperson is called to be missional. The fulfillment of this task is our vision as an evangelism committee.

We perceive our mission to be one of helping to raise up laborers for the Harvest. Matthew 9:37 calls upon us: "Then he said to his disciples, 'The harvest is plentiful, but the laborers are few; pray therefore the Lord of the harvest to send out laborers into his harvest.'"

We will help individuals within churches and districts to become the disciple-makers who are equipped to labor in the harvest.

To that end, in spring of 2019 we hosted Dr. Mark Teasdale, professor of Evangelism at Garrett Seminary to present a full-day workshop at Morton UMC in the Illinois River District. The event was co-sponsored by our committee, Congregational Development, Illinois River District, Sangamon River District and Spoon River District. The event had approximately 80 in attendance. We look forward to more equipping events in the future.

We also work as an "equivalent structure" to help provide for the functions of the 2016 Book of Discipline ¶ 630.3 not assigned by the Conference Ministry Team to other entities.

The Evangelism Committee of the IGRC presents awards to honor excellence in our midst of making disciples for the transformation of the world.

The first set of awards is given to churches with the greatest number of Professions of Faith in five membership categories during 2018. This year's recipients are:

- 1-50: Tirchey, Vermilion River District, 8 professions of faith.
- 51-100: Hope Church, Vermilion River District, 13 professions of faith.
- 101-250: Elmwood, Spoon River District, 18 professions of faith.
- 251-500: Douglas Avenue, Sangamon River District; Sherman, Sangamon River District; and Shiloh, Mississippi River District, 17 professions of faith.

- 501+: Fairview Heights Christ, Mississippi River District, 94 professions of faith.

The Harry Denman Evangelism Award for Clergy was presented to Rev. Julia Melgreen, currently serving as Directing Pastor of Springfield Douglas Avenue in the Sangamon River District. The Harry Denman Evangelism Award for Laity was presented to Jess Howell, member of Charleston: Wesley in the Embarrass River District.

This year our committee, in cooperation with Discipleship Ministries, gave two "One Matters" awards for evangelistic progress to churches who had zero professions of faith in the previous two years but have shown signs of turnaround by leading new persons to Jesus Christ in the current year. The "One Matters" awards were presented to:

- Pinkstaff UMC in the Kaskaskia River District, which was without a profession of faith since 2012; in 2018 they had 7.
- Harmony UMC in the Kaskaskia River District, which was without a profession of faith since 2006; in 2018 they had 6.

We are pleased to report that we are seeing signs of forward progress in evangelism. We noted that this year there were 54 churches with zero professions of faith in the previous two years who had at least one in 2018. Praise God!

There is much work to be done. We continue to pray for the Lord of the harvest to send workers into the harvest fields throughout the Illinois Great Rivers Conference.

## Committee on Hispanic Ministry

Our Conference's current Hispanic ministries are:

**Cache River District**

Jesus es el Señor (JEES) UMC, Cobden, IL, the land of the "Apple Knockers"; this is a missional congregation currently impacting their mission field of Union, Jackson, and Williamson counties and expanding to Randolph County. The congregation ministers through evangelism and outreach services among the Hispanic community. Pastor Hiram Gonzales and the JEES UMC leadership are seeking area congregations to partner in ministry with them.

**Mississippi River District**

Nueva Esperanza, Caseyville UMC, is a Hispanic Community of Faith reaching residents of State Park and Washington Park areas through the ministry of our lay missioner Evaristo Rodriguez. Caseyville UMC has been hosting the Hispanic ministry with open doors; they also include the Hispanic children in their Sunday school. Nueva Esperanza's Sunday Worship Service is at 11:00 a.m., and they hold weekly prayer and Bible study.

**Vermillion River District**

Nueva Jerusalem, St. Mark UMC, Kankakee, IL, is making disciples of Jesus under the leadership of Pastor Alberto Ramirez for the Hispanics in Kankakee, Momence, and Onarga. This ministry has been working in partnership with St. Mark UMC. The Hispanic congregation is seeking ways to reach more families in the area. They offer

a worship service on Sundays at 4:00 p.m., weekly prayer, and Bible Study Group, and their youth group meets in Momence UMC.

**Spoon River District**

Manantial de Vida, Community of Faith of the UMC in Moline, IL. This congregation was planted and grew in our conference for many years. Yet, I am sad to report at the end of 2018, the leadership of the congregation decided to disaffiliate themselves from our conference.

Riverside UMC in Español is our newest ministry, reaching people from the Quad Cities. This started in February of the current year under the leadership of Rev. Williams Adams and Pastor Manuel Morales. Pastor Manuel Morales planted new churches in Mexico and Venezuela prior to coming to the USA. His passion and desire are a perfect match for Pastor William and the leaders of Riverside UMC to make disciples for Jesus Christ among the Hispanic Community.

**Illinois River District**

Peoria First UMC in Español. Peoria First UMC has had a long history of reaching out to its downtown population. The vision for the future is to continue reaching out to more neighbors with the gospel of Jesus Christ. Under the leadership of Rev. Tim Ozment, Rev. Adrian Garcia, and Pastor Miguel Rios, Peoria First UMC continues to expand the bilingual worship service, weekly prayer, Bible study, and support groups, as well as planning several events to reach out the Hispanic community in Peoria and Tazwell counties.

**Special Note**

We want to mention the disciple-making efforts of Rev. Pablo and Rev. Zoila Marty (Sangamon River District), Pastor Rocio Williams (Cache River District) and Pastor Angel Rosales (Lamoine River District) currently serving Anglo congregations. These pastors are continuously searching for ways and creating opportunities to advance God's Kingdom among their respective Hispanic residents.

## Committee on Pastoral Care and Counseling

The purpose of Pastoral Care and Counseling in the IGRC is to make disciples of Jesus Christ for the transformation of the world by promoting and supporting the spiritual and emotional health of the IGRC clergy and their families.

Pastoral Care and Counseling supports IGRC's active and retired clergy and their families in a variety of ways. Since 2013 we have offered the Clergy Assistance Program (C.A.P.), to active and retired clergy and their families. If you under appointment or work in the Conference office, you and your family (dependent children up to age 26) are eligible for six free counseling sessions per person, per issue, per year. The C.A.P. offers different types of telephonic consultations including exercise, nutrition, financial consultation, legal consultation, identity theft assistance, as well as an in-person elder assessment to determine if the elder can continue to live on their own. More information and other wellness resources are available from the

Pastoral Care and Counseling website at www.igrc.org/pcc.

We continue to mail out transitions packets to the family of clergy who are being reappointed. Pastoral Care and Counseling began this ministry in 2015. Anonymous feedback from those who have received the transitions packets reinforce our dedication to this ministry. Some of the feedback we have received includes: "The entire packet has been very helpful. It is professionally provided, and we thank you and the IGRC for this caring package," and "Thank you! The Community Resource List is the best!"

Pastoral Care and Counseling has been present at the Making a Good Move workshops since 2017, and we have offered a Clergy Spouse Connections Lounge at Annual Conference since 2016 to offer support and facilitate connection.

In 2019 we continued to promote and support the spiritual and emotional health of our clergy and spouses by sponsoring Pastoral Care and Counseling's 3rd annual Self-Care Retreat. New at the end of 2018, Pastoral Care and Counseling released a list of clergy-oriented retreat locations to make "getting away" that much easier. We are currently creating a list of clergy-oriented retreat locations in states surrounding Illinois.

We continue to promote and support mental and spiritual wellness in our clergy and families with the Pastoral Care and Counseling newsletter (since 2014) and the extensive list of summarized and clickable (if available) online resources (since 2015).

As a Licensed Clinical Professional Counselor, Shauna Summers, our Coordinator is available to confidentially talk with any IGRC clergy or family member either in person, by phone or text (309) 642-0262, by email, or in one of our closed Facebook groups. The primary Facebook group is: IGRC Pastoral Care and Counseling, but there is a group for IGRC Spouses, Single IGRC Clergy, IGRC Surviving Spouses, and IGRC Clergy Couples. We also maintain a Pinterest page with infographics on a multitude of topics including low cost DIY, self-care, recipes, and mental health.

## Council on Finance and Administration - Conference Treasurer

**Congratulations Illinois Great Rivers Conference**
Congratulations, IGRC: 2018 was another banner year! This is excellent news and deserves a huge congrats to the faithful people of the Illinois Great Rivers Conference. Your dedication and sacrifice in funding the ministries of the Illinois Great Rivers Conference are exceptional. Well done IGRC.

**Apportionments Receipts at 94.69% Compared to Budget**
The apportionment receipt percentage in 2018 was 94.69%. This is two years in a row we have been in the 95% range. Every 1% increase counts. As insignificant as a 1% increase in our apportionment giving may seem, with a $12.2 Million budget a 1% increase gains $122,000 which helps keep our budget balanced with minimal annual increases.

**Conference Council of Finance and Administration Goal**
CCFA's continued goal of reaching an apportionment receipt percentage of 95% or higher is by providing accurate and timely accounting and reporting, full

transparency with fund receipts and expenditures, and maintaining a well-managed and balanced budget.

**Budget Expenditures at 92.81% Compared to Budget**
As you can see below in the 2018 IGRC Actual to Budget, most line items came in at or below their budgeted dollar amount. A big thank you to the budget owners for keeping a keen and frugal eye on their expenses. Well done!

**2018 Budget Surplus**
By having high percentage of apportionment receipts and keeping expenditures below budget, the IGRC ended 2018 with a surplus of $228,616. IGRC budget surplus money goes into "Cash" on our financial reports and helps the Conference in financial times when income doesn't cover expenses.

**Thank you**
On behalf of the Conference Council of Finance and Administration, the Conference Finance and Administration Team, and from me personally, we offer our thank you for the trust you have instilled in us to care for the hard-earned dollars of the people of the Illinois Great Rivers Conference. Our prayer is that the dollars positively impact the mission of The United Methodist Church to Make Disciples of Jesus Christ for the Transformation of the World.

### Connectional Ministries

Connectional Ministries in the Illinois Great Rivers Conference exists to equip local churches for ministry and connect United Methodists in ministry beyond the local church. This mission is primarily lived out through three strategies:

1. Connection: We will deepen the personal relationships within the web of connections that form our United Methodist Church.
2. Effectiveness: We will continuously improve the disciple-making and world-transforming ministries of our conference, district, local churches, and agencies to deliver the greatest impact for the mission of Jesus Christ.
3. Missional Alignment: We will invite, direct, and incentivize our leaders at every level to focus our ministries on disciple-making and world transformation.

The impact of these strategies is lived out through the ministries of our 804 local churches, 42 Conference boards and committees, over 50 District boards and committees, 5 Wesley Foundations, 3 universities, 5 children's homes and agencies, 5 retirement and elder care agencies, 4 camping programs, and thousands of United Methodists working together across central and southern Illinois.

Because of our focus on connecting people, establishing and supporting relationships among ministry leaders is a key part of the work of Connectional Ministries staff. Your staff is available to assist, advise, learn from, listen to, show up, and help out in every level of ministry throughout the Illinois Great Rivers Conference. Your Connectional Ministries staff includes:

- Mike Crawford, Congregational Development Coordinator
- Peggy Hisey, Associate Congregational Development Coordinator
- Adrian Garcia, Hispanic Ministries Coordinator
- Jill Stone, United Media Resource Center
- Bunny Wolfe, Coordinator of Mission & Outreach
- Beth Fender, Coordinator of Discipleship & New Streams
- Amy Shreve, Coordinator of Higher Education, Campus Ministries & Young Adults
- Patric Newton, Coordinator of Camping and Retreat Ministries & Youth Ministries
- Curt Franklin, Associate Coordinator of Camping & Youth Ministries
- Christy Blickensderfer, Assistant to Director of Connectional Ministries
- Brenda Harris, Administrative Assistant in Camping & Retreat Ministries
- Curtis Brown, Director of Connectional Ministries

Each year the Connectional Ministries staff spend hundreds of hours equipping local church, district, conference, and regional ministry leaders. They travel thousands of miles across Illinois to work with young and old, rural and urban, black and white, lay and clergy, immigrant and native-born, and smaller-church and larger-church leaders. They bring expertise and insight, but most importantly, they bring the capacity to listen to leaders in their individual contexts and help connect them to resources that fit their specific ministry requirements.

In July 2018 Rev. Dr. Tom Logsdon stepped down from his role as Director of Connectional Ministries. Tom's tenure saw a focus on healthy relationships between leaders, a passion for connecting our Conference to the global mission of The United Methodist Church, and a deep care for the people who are involved at every level of our denomination. Following a national search, assisted by the United Methodist General Board of Finance and Administration, Rev. Dr. Curtis Brown began as the new Director in October 2018. Curtis was a youth in our Conference before serving United Methodist ministries in New England and the Pacific Northwest. He brings experience in congregational development, new church starts, fundraising, community organizing, coaching, and organizational development. Curtis keeps his door open, so feel free to drop by, phone, or email him with any question or insight that might help our Conference better work together to make disciples of Jesus Christ for the transformation of the world.

## General Boards and Ministries

### Africa University

Africa University is thankful to the leaders and members of the Illinois Great Rivers Conference for the contribution of 100 percent of the asking to the Africa University Fund (AUF) apportionment in 2018.

The students, faculty, and staff value every gift. They are especially humbled by the sacrifices that are being made to maintain a tradition of 100 percent support for the AUF in the Illinois Great Rivers Conference.

Through its investment in the Africa University Fund, the Illinois Great Rivers Conference affirms the university's core mission of nurturing leaders who inspire communities to grow in relationship with Jesus Christ, and to experience peace, sustainable livelihoods, food security, and abundant health. Thank you, Illinois Great Rivers Conference, for your steadfast commitment to the AUF, foundational support through scholarships, and ongoing, second-mile gifts that address emerging needs.

Institutional Update:

- Africa University remains a top choice for African young people who are seeking a relevant and life-changing educational experience. In 2018, Africa University enrolled more than 700 new students and maintained an overall enrollment of around 2,000 students. There were 25 African countries represented in the student body.
- Women made up 53 percent of the student population in 2018, which is almost twice the average for African higher education institutions. Among Africa University's close to 9,000 alumni, women graduates are emerging as the difference-makers of their generation, whether empowering victims of gender-based violence in the Democratic Republic of Congo or working along-side rural women to establish and operate community-based telecommunications infrastructure in underserved communities across Africa.
- Throughout 2018, Africa University weathered the challenges of Zimbabwe's depressed and uncertain socio-economic environment with creativity and prudence. The university delivered teaching, learning and community service activities of high-quality without interruption, while also renewing and expanding its infrastructure. Key enhancements in 2018 included the refurbishment of three residence halls for women students and the full implementation of an ERP software system to integrate and manage all facets of the university's operations.
- For the first time in five years, there is new construction on the Africa University campus, thanks to a 25th anniversary gift from Highland Park United Methodist Church in Dallas, TX. In December 2018, work began on the foundation for a new residence hall. The university subsequently broke ground for the construction of phase two of its Student Union and Cafeteria building. Both projects are progressing well and are expected to be in use by August 2020.

Africa University is grateful to the members of the Illinois Great Rivers Conference for their prayers and support, which continue to grow and sustain this ministry. Thank you for all that you have invested in Africa University over the past 27 years.

As Africa University and the Illinois Great Rivers Conference move forward together in missional engagement, we trust in God's unending grace for the increase.

### General Board of Higher Education and Ministry

As the leadership development agency of The United Methodist Church, the General Board of Higher Education and Ministry (GBHEM) builds capacity for United Methodist lay and clergy leaders to discover, claim, and flourish in Christ's calling in their lives. The agency creates connections and provides resources to aid in recruitment, education, professional development and spiritual formation. Every elder, deacon and li-censed local pastor benefits from our training and candidacy programs. Many young adults find help in clarifying God's call in their lives through our discernment opportunities.

Through its Office of Strategic Leadership, GBHEM refined plans for a center for leadership development and spiritual formation. It is drawing on research to plan the expansion of leadership training offerings to churches and communities through a range of means such as face-to-face training, online conferencing, consulting, and recommending resources and experts.

The Division of Ordained Ministry (DOM), using extensive research on the components of effective ministry, introduced a new formation process, Effective Ministry 360 (EM360), which guides pastors and congregations to plan and execute mission and ministry objectives. EM360 also offers assessment modules for candidacy, district superintendents, eight-year clergy assessment and Course of Study. DOM provides introduction and orientation sessions about the process.

The Division of Higher Education (DHE) has initiated research to inform a "leadership pipeline" process for university leaders on United Methodist campuses. Among the books GBHEM published this year, "Missio Dei and the United States: Toward a Faithful United Methodist Witness" (book and study guide) exhibits the best of church and academy collaboration. Contributors explore how the church can reengage its Wesleyan heritage as it participates in God's mission.

The Office of Loans and Scholarships announced an increase in the maximum amount of money United Methodist students can borrow to pursue their education. The annual maximum is $10,000, with a lifetime maximum of $40,000. On average, the agency distributes $5.5 million in scholarships annually.

Partnering with churches and institutions, GBHEM has promoted projects, programs, initiatives, education and leadership development in various cultural contexts within United Methodism and in pan-Methodist relationships. The agency expanded the Methodist Global Education Fund for Leadership Development, supported the work of regional networks with the International Association of Methodist Schools, Colleges, and Universities, and established Regional Hubs for Leadership, Education and Development. In 2018, hubs were active in nations in Africa, Asia, Europe and England, North America and South America.

## Health and Welfare Ministries

### The Baby Fold

An interesting part of our history is our connection to the orphan trains that ran from New York City to locations westward from about 1850-1930. This early prototype of foster care and adoption came out of the distress of a Methodist minister's heart. He saw children in the city, orphaned or abandoned in desperate conditions. He worked with the railroads, who were wanting to expand the population to the western prairie. Waiting for the orphan trains were the Methodist Deaconesses who founded The Baby Fold in 1902. As the trains traveled westward, the oldest and healthiest children were selected so that they could help work the farms. Our Deaconesses were ready and willing to take the "less wanted"- the babies, minority children, and the disabled little ones. Hence, The Baby Fold grew and so did families in our conference through this ministry. Today, we continue to embrace the children and families who are experiencing difficulties for a variety of reasons through adoption support, foster care, prevention programs, special education, and early intervention services. The Baby Fold staff travels over 500,000 miles each year to meet clients in their homes and encompass the whole family with compassionate care and guidance.

### Chaddock

Chaddock has been rapidly growing in recent years. To better provide our services and plan for future expansion, Chaddock has restructured our operations this year.

"Chaddock" is still the same overarching organization, and Debbie Reed will continue to be the CEO/President of Chaddock. However, now there are four separate, but interconnected corporate divisions, each with its own Executive Director and board of directors, underneath the larger Chaddock umbrella. "Chaddock" continues to provide support services (Human Resources, Finance, Marketing, and Program Strategy) to each of the other four organizations. Those four are:

1. Chaddock Attachment and Trauma Services. This organization contains the "traditional" Chaddock services, such as our school, residential programs, foster and adoption services, and our community-based services.

2. Chaddock Behavioral Health. This promotes effective ways to support behavioral health professionals, offering a proprietary electronic medical record system and other "behind the scenes" support systems.

3. The Knowledge Center at Chaddock. This coordinates Chaddock's growing training, consultation, research, and publishing activities, and will be housed in the former school building.

4. The Chaddock Children's Foundation. This coordinates charitable contributions and volunteer opportunities and other outreach activities.

Our supporters, clients and families are unlikely to see any difference at all. Chaddock continues to be a faith-based agency that serves children and their families with a wide variety of services. When someone donates to "Chaddock," their gift will continue to support the services we offer as in years past. This new corporate

structure will help pave the way for significant and continued growth in Chaddock's future programs and services,

But consider this: during Fiscal Year 2018, Chaddock served 7307 individual clients (8242 people if you include secondary clients such as parents). Every day, Chaddock directly serves approximately 350-400 children across all our programs.

Still, the need for children to find help and healing from childhood traumatic events is far greater than what we can provide. That gap, between the need and the limitations of time and other resources, is what drives us to continually try to increase Chaddock's reach and strengthen the positive, life-changing impact of this ministry.

We invite you to build on your connection with Chaddock too. Please schedule a Chaddock speaker, bring a group to visit, get on our email prayer chain or newsletter list, and most of all pray for Chaddock children. We are deeply grateful to all who are supporting Chaddock's ongoing work. Your gifts help change children's lives for decades to come.

Debbie Reed, President/CEO of Chaddock
Jeff VanCamp, Executive Director of the Chaddock Children's Foundation
Rev. Jeff Rasche, Associate Director of Stewardship

## Cunningham Children's Home

Our rich, historical connection with the United Methodist Women (UMW) tells the story of the hundreds of amazing women who have served alongside our staff and prayed for our kids for the last 124 years. Over the decades, many things have changed at Cunningham Children's Home, but our vision—to see every child thrive—has remained constant because of the leadership of the UMW. We salute their loyal support then, now, and always.

**Our Youth and Families**

Cunningham offers hope for youth and families dealing with serious emotional and behavioral challenges. The agency provides services in four distinct ways: our residential treatment center is a first-class therapeutic facility for youth who have suffered from severe abuse, neglect, and trauma; our transitional and independent living and vocational options programs help prepare older youth for life outside of Cunningham; our schools serve the special education and behavioral needs of kids who live at Cunningham as well as those in the local community; and HopeSprings Counseling Services offers counseling expertise to youth and families in our community who are experiencing difficult life situations.

In fiscal year 2018, Cunningham provided care to 520 individual youth and their families. Of those we served:

- 62% are male,
- 87% are between 7 and 21 years old, and
- 92% are from central Illinois.

**Noel Education Center (NEC)**

Our students are now in the NEC! This new space has moved our students from multiple outdated buildings into one 50,100 square foot state-of-the-art building designed specifically for kids with special education and behavioral needs. The Noel Education Center is home to:

- CIRCLE Academy Education Program
- Gerber Education Program
- Coach Lou and Mary Henson Gymnasium
- Beulah and Edward Schmidt Cafeteria

The total cost of the NEC is $13.1 million. Of that, $8.5 million was needed through private support and as 2019 began, we had raised $6.6 million. Fundraising will continue until our goal is met.

**HopeSprings Counseling Services adds new program**

A partnership with the Illinois Department of Children and Family Services (DCFS) allows Cunningham Children's Home to provide Intensive Placement Stabilization (IPS) services for children and youth in Champaign, Vermilion, Ford and Iroquois counties. As an IPS provider, Cunningham works with families, schools, communities, and others to coordinate services and interventions for issues that may put foster care placements at risk and help youth achieve stable living situations.

Tours of our campus, speakers, and pulpit replacement are available by calling 217-367- 3728 or emailing cch@cunninghamhome.org. We invite you to learn more about Cunningham Children's Home by visiting our website: www.cunninghamhome.org.

## Evenglow

Evenglow is one of our United Methodist conference's dedicated Golden Cross ministries, living out what it means to be "the church beyond the doors." Evenglow serves older adults and offers all levels of care including independent and assisted living, memory care, skilled nursing, short-term rehab, and adult day services.

We take joy in our aim to provide residents with all the comforts of home. Here, residents discover a new "family of friends." We offer regular religious services and a variety of activities. Thanks to donations, Evenglow is able to give our residents extra comforts that add to their quality of life and to provide benevolent support to those residents who may have planned well but have outlived their resources, ensuring they continue to have a safe, comfortable home and receive the care they need.

Evenglow also serves our surrounding Pontiac, IL, community. We provide a local Meals on Wheels service, delivering meals 365 days a year. And, thanks to the creation of a new endowment, we continued providing scholarship awards to assist some of our Certified Nursing Assistants (CNAs) in reaching their goals of becoming certified nurses.

To request a speaker or find out more about Evenglow, please visit our website www.evenglowlodge.org, call us at (815) 844-6131 ext. 248, or find us on Facebook.

## Lessie Bates Davis Neighborhood House

The goal of Lessie Bates Davis Neighborhood House is to empower and strengthen individuals and families to move out of poverty and achieve self-sufficiency. We strive to meet this goal each day as we offer our programs and services to the East St. Louis community.

One of the greatest needs in the East St. Louis community is employment. Employment can put someone on the path to self-sufficiency, which is one of our goals. During 2018, Neighborhood House had three job-training programs, each aimed at different audiences. The EPIC program was aimed at able-bodied adults without dependents and assisted participants in obtaining credentials or certifications to prepare them for a career for life. The Community Youth Employment Program is designed for youth ages 16-24 providing them with "real-life" work experience that could lead to full-time employment. The Job Placement program provides TANF clients with the skills and knowledge needed to obtain and keep employment. All the programs provide counseling, case management, and coaching to help the participants before and after their job search.

AmeriCorps volunteers work throughout the East St. Louis community and in several Neighborhood House programs including Teen REACH, the Food Pantry, and the Senior Circle Café. The volunteers provide tutoring, computer technology training, educational support to youth in District 189, as well as youth in after-school programs. Volunteers are responsible for the service at the Food Pantry, packing and distributing more than 2,300 boxes of food each month to local residents.

Neighborhood House continued its Back to School Celebration in August. This year, with the help of United Methodists, we packed 400 backpacks for our Teen Reach participants with all the supplies they needed to start the school year. On August 18th the agency hosted a Celebration with fun, food and vendors for the community to enjoy and commemorate the start of school.

During November and into the new year, when the weather was cold and snowy, Neighborhood House opened its buildings for the homeless population in the area. Staff worked with Catholic Urban Programs to provide shelter, food and staffing so that individuals and families would have a safe shelter during the cold weather.

At the end of February, the Child Care Center celebrated Black History Month. It was a program filled with energy and excitement from the children that participate in our Early Childhood program. The children sang, recited poetry, and reminded the audience of the invaluable contributions made by African Americans. Parents got involved too! One parent reminded the children how important it is to hold on to your dreams and another told the audience about the importance of taking care of his children. It was an inspirational day!

The board and staff of Neighborhood House would like to thank all the United Methodists throughout the annual conference who have been an inspiration to us and held our ministry in their hearts over the past year. We are grateful for each of you.

## Spero Family Services

Spero Family Services has been providing hope, help, and healing by providing Christ-centered services to children, youth, and families in Southern Illinois since 1913. Over the past year Spero served over 1,900 people through 13 different programs ranging from residential care to early childhood services.

The agency has grown to serve the greater region of 10 counties throughout the southernmost part of Illinois. Spero seeks to deliver a comprehensive array of help across the journey to adulthood. There is prenatal support for young moms and babies age 0 to 2 through Best Beginnings, Christian-based childcare at Bright Start, parenting education through Family Foundations, and family preservation services through Wraparound to keep families intact through various life challenges. We offer counseling support through the Mental Health Juvenile Justice Program, our Counseling and Wellness Center, and a newly created in-home counseling support program for teens and their families. For youth who are unable to live at home with their birth families, we offer Foster Care, Group Home, and a Residential Treatment center to help youth gain the skills and competencies needed to function in a healthy way. For students who need help adjusting to independence as self-sufficient adults, we offer the Transitional Living Program, Independent Living Options, and YouthBuild, which give young people support to finish their education and gain life skills and work skill certification necessary to thrive in independence.

All these programs are infused with the spiritual support and guidance of our amazing staff and the leadership of our Spiritual Life Coordinator, Deborah Pollex. Rev. Pollex conducts spiritual life groups, helps integrate our youth in care into area church congregations, provides trauma-focused spiritual care training for staff and volunteers, and offers encouragement to employees with cards and letters, her weekly, "Pause, Ponder and Pray" devotionals, and special events like prayer walks and the blessing of hands.

Over 106 years, God has used Spero to serve the region with quality, faith-based options for personal growth and healing in partnership with the Illinois Great Rivers Conference. Thank you for your enduring love, prayers and support of this important ministry.

## Wesley Village

For nearly 40 years our mission at Wesley Village has been to honor and serve God by providing a secure, Christian community ministering to the spiritual, social, physical, and emotional needs of older persons. At Wesley Village we believe that our residents and their families and the relationships built with our staff are the most important part of our community.

The past three years Wesley Village adopted the innovative concept in skilled health care, memory care, and short-term rehabilitation called "The Pursuit of Home, The Household Model." In the Household Model, a person-centered approach is adopted and shapes the physical environment, organizational structure, and interpersonal relationships in ways that create an atmosphere of genuine home, while providing elders with clear opportunities to direct their own lives. The Household Model breaks down a traditional nursing home, and often the extra small cozy spaces you would find in any home (spa like bathroom, private dining room, four season room, etc.)

This concept has been well received and the satisfaction from residents and family have been very positive as we have our first household, "McCreery House" completed in health care.

Renovations have begun for our memory care and short-term rehabilitation households. Fundraising continues for these households.

To learn more about the Household Project or to schedule a tour please contact Kassie Courson, Director of Fundraising at 309-833-2123 or email: kassie@wesleyvillagemacomb.com

## Other

### Disciple Bible Outreach Ministries of Illinois, Inc.

The purpose of Disciple Bible Outreach Ministries of Illinois (DBOM-IL) is to develop and strengthen DISCIPLE Bible study ministries in local churches and in outreach settings—especially prisons—which will transform lives, make disciples, and empower Christians for outreach ministry. The ministry officially began in 2013, when a statement of relationship was approved with both the Northern Illinois and Illinois Great Rivers Conferences at their respective Annual Conference sessions.

This year, DISCIPLE IV was taught at FCI Pekin. Efforts are still underway to establish additional studies through groups of volunteers in the vicinity of prisons throughout Illinois. Studies for youth in juvenile detention facilities have also been discussed. Board members are available to conduct a prison ministry workshop, including both DISCIPLE Bible Study training and the certification training to serve as a DBOM volunteer, and to speak in churches, both in worship and other contexts, to share the exciting things happening through DBOM-IL and to explain the many ways churches and individuals can support this ministry.

A brief story might serve to illustrate the transformation happening through DBOM-IL. Incarcerated participants from many different faith backgrounds are welcomed in DBOM prison studies, including some from religions other than Christianity and some with no prior religious affiliation. The exploration of the Psalms in this year's study at Pekin was particularly inspiring for a participant who had been raised in the Jewish faith. Naturally, the study connected to his roots, and he joined the others in writing his own Psalm. He later reported that he had experienced the Jewish faith of his childhood as exclusive and focused on who was acceptable and who was not. In contrast, his experience of the Christian faith through DBOM-IL volunteers and fellow study participants was that it was open to everyone, no matter what they had done in the past. As a result of his participation in Disciple Bible Study,

this man has reconnected to God and requested to be baptized into the Christian faith.

Those wanting to learn more about Disciple Bible Outreach Ministries can go to the DBOM National website, http://disciplebibleoutreach.org. Further information about DBOM-IL is available by clicking on "Illinois" under the Affiliates tab.

## New Streams

In 2019 The New Streams Team has been focusing on two different ways of equipping and connecting church leaders from throughout the IGRC for disciple-making ministry. The first has been reviving a series of events entitled "Walking with Jesus in the Wesleyan Spirit." This four-session series was first offered in 2015-2016 in the Champaign area at the Tuscola United Methodist Church and in 2016-2017 in the Peoria area, hosted by Northwest United Methodist Church. In 2019, we will offer a three-session series focusing on the Sangamon and LaMoine River Districts, hosted at the Rochester United Methodist Church starting in September. We believe the elimination of a fourth gathering will encourage greater participation while keeping the quality and significance of the event intact. The Walking with Jesus in the Wesleyan Spirit series is designed to equip clergy and lay leadership to work together as a ministry team, returning to the local church to develop new leaders with a new understanding of what it means to be a disciple of Jesus Christ. Teams register for and participate in the whole series. The New Streams Team is hoping to continue offering the series throughout the conference in future years.

The other means by which the New Streams Team is equipping and connecting leaders for disciple-making ministry is the Community of Practice on Discipleship Pathways. Church leaders throughout the conference connect with one another via a Facebook group and Lifesize video conference sessions throughout the year. The group is designed for leaders (both laity and clergy) in churches trying to develop or tweak a discipleship pathway – the intentional method by which churches help people to become and grow as disciples of Jesus Christ. Discussion topics are determined by the group members based on the challenges and successes each member is experiencing. In addition to mutual support, the group has established a webpage (www.igrc.org/discipleship-pathways) on which sample pathways and discipleship self-assessments can be housed, in the hope that this material will be helpful to other churches who also seek to develop a discipleship pathway.

## Our Conference, Our Kids Endowment

The Our Conference, Our Kids (OCOK) Steering Team in its second year continued the effort set in place by the 2016 Illinois Great Rivers Conference to raise $2.5 million to endow the spiritual life ministries at each of our Conference's five agencies that work with children and families.

**The mission** for the Our Kids Initiative is: Sustaining Love's Embracing ARMS.

**The vision is:** Endowing the Spiritual Life Ministries at The Baby Fold, Chaddock, Cunningham Children's Home, Lessie Bates Davis Neighborhood House, and Spero Family Services to ensure the continued inclusion of Christ-centered spiritual care in their healing work.

To this end, the Steering Team sponsored the *Rocking Our Kids at Christmas* offering, as well as one to be received at the 2019 Annual Conference. Contacts have been made with local churches through mailings to clergy and church leaders, and through resource folders distributed at the 2018 Charge Conferences, seeking congregational support. Gifts are also being sought from churches that have significant assets or a church foundation. Contacts will be made in the coming year to supplement local church gifts with individual and family gifts through Leadership Donor events and one-on-one conversations.

As a part of the Steering Team's efforts this past year, conversations were held with the Development staff at each of the five agencies to receive their insights into fundraising. The team further sought out the services of a stewardship strategist to coach the Team in 2019, and resource a Leadership Donor Initiative planned for late summer and fall, 2019.

The team will also be adding a *Back to School* offering opportunity in addition to the Rocking Our Kids at Christmas offering in 2019. A "Text to Give" option was piloted at Annual Conference for the first time and complements the option of online giving as well as giving through local churches and the conference.

Written thank you notes from the team continue to be sent out monthly to churches who are contributing to the Our Kids Initiative for the first time. Members of the team are available to speak at local churches and group gatherings.

The value of the endowment fund, which is invested with and managed by the United Methodist Foundation, totaled $808,219 as of May 20, 2019. By the close of the Annual Conference session, donations and commitments to the Our Kids Initiative totaled an additional $98,453.76. These gifts raised the value of the endowment to $906,672.76.

There is no set amount for a local church to contribute to the Our Kids Initiative. Each church is invited to consider how they can generously support this initiative with their financial gifts, as well as with their prayers.

The Team this past year included: Ethan Carnes, John Hamilton, Carolyn Leach, Carol Rankin, Amanda Richards, J. Keith Zimmerman, Janice Griffith, Liaison for Bishop Beard, and Curtis Brown, Director of Connectional Ministries. Joyce Francis, a valued member of the team since its inception, died this past year. Her energy and conviction in working on behalf of this initiative for the sake of Our Kids was an inspiration to all of us. Members of the team are making donations to the Our Kids Initiative in Joyce's memory and welcome others to do so.

## Preachers' Aid Society and Benefit Fund

One-hundred-fifty years ago, in 1869, a new ministry called Preachers' Aid Society, was approved by the Illinois Conference to "serve the tired and worn out preachers, spouses, and any dependent children." During the previous 10 years, the conference had attempted several times to start this ministry. This time, Preachers' Aid would not only survive, but it would thrive to become the ministry we are today.

From these very humble beginnings, PASBF has grown into a unique ministry and the envy of many other conferences and denominations. The IGRC is only one of two conferences to have a Preachers' Aid solely dedicated to retirees and families. Due to many who have gone before of us, we are able to contribute over $2 million each year in direct benefits to fulfill our mission.

Over the past 150-years PASBF has never wavered from our original mission to support retired clergy and families. We have changed the way we live out our mission but, we continue Serving Those Who Served Us!

**Pastoral Ministries**

Currently PASBF has over 15 different ministries to help retired clergy in our conference. None are more important than offering pastoral support as retirees and spouses travel down the many twists and turns of retired life.

PASBF's staff attempts to stay in touch with every single retiree and spouse from our conference – over 1,200 in 32 states and some even overseas. When the need arises, PASBF makes home and hospital calls, attends all funerals for clergy and spouses, and presents the grave marker to families at the funerals of clergy. PASBF ensures our retirees and spouses are not forgotten but are an integral part of our conference. The Regional Assistants travel the conference to be with retirees, spouses, and families during times of need.

**Financial Services**

In 2018, PASBF contributed over $2 million in direct benefits to retired clergy and spouses. The largest contribution is an annual payment of $1.5 million to fund IGRC's retirement health insurance plan. Due to PASBF's support, vested retired clergy pay $35 per month while vested spouses pay $70 per month. Individuals have no deductibles or co-pays – the plan pays for all of them.

But our financial support goes beyond just the Medicare Supplement. All retirees and spouses with high cost prescription medications can apply for our Medicare Part D Benefit. We have saved lives by ensuring retirees and spouses can pay for their needed medication. PASBF assists retirees in selecting their Part D plans. Dental and hearing aid loans enable retirees and spouses to afford expensive procedures and hearing aids. In certain situations, PASBF is even able to supply short-term funding to meet the needs of retirees and spouses, restoring financial stability.

**Social Services**

PASBF offers several opportunities to retirees and spouses to connect with each other. Fellowship groups meet on a regular basis throughout the conference. We sponsor trips to different locations. This year we are sponsoring two trips to baseball games – a Cardinals game in St. Louis and a Cubs game in Chicago. PASBF is committed to connecting retirees and spouses with each other and the conference, reassuring that they are not forgotten but valued.

**Education**

Over the last few years, PASBF has expanded our ministry to include education for individuals and local churches. PASBF hosts 2 financial planning seminars for active clergy – one for clergy within 10 years of retirement and one for younger clergy. PASBF offers 7 different seminars for local churches and districts: 1) Creating a Church Budget, 2) Understanding Church Finances, 3) Fundraising in the Local Church, 4) Capital Campaigns, 5) Estate Planning, 6) Financial Planning, and 7) Retirement Planning.

PASBF believes strong local churches along with committed, faithful parishioners will not only strengthen the conference and God's kingdom but will also strengthen PASBF. We invite you to contact Rev. Ed Weston or Rev. Keith Anderson to schedule a seminar.

Free financial and estate planning is offered to all clergy and families. Pastors and clergy can also invite PASBF staff to analyze the financial position of a local church as well as suggestions to increase giving to the church. PASBF can also lead the local church in a capital campaign.

**General Conference Ramifications**

At the time of writing this report, the ramifications of General Conference decisions have not been realized. We continue to examine any impacts of the General Conference on PASBF. We will speak to any changes to PASBF in our oral report.

For now, all churches and clergy need to be aware PASBF serves retired clergy and families from the Illinois Great Rivers Conference. Clergy who sever their tie with the conference by turning in their credentials jeopardize any benefits from PASBF. Please consider and investigate any and all impacts if you consider leaving the UMC.

**Thank You**

We are grateful to those who have gone before us to make PASBF what it is today. Persons had a vision 150 years ago to care for "the tired and worn out clergy" of the conference. Churches and individuals generously gave to build up the fund. Now, this ministry is entrusted to us.

Through the generosity of local churches and many individuals, PASBF saw an increase in giving in 2018. This occurred despite a sharp decline in charitable giving in the United States. Without the support of the entire conference, PASBF would not be able to sustain our current level of support. We say a heartfelt thank you to all who have supported our ministry. We could not do it without you.

But the need continues to grow. Over the next several years we will continue to see our numbers grow. Currently, over 70% of active clergy are age 50 and over. Persons are living longer. The needs continue to grow. Resources will need to be added to our corpus for PASBF to keep up with the growing demand.

**Staff and Board of Directors**

This ministry cannot happen without a strong staff of dedicated persons. PASBF is blessed with an exceptional staff. This past year we added two new Regional Assistants: Rev. Sharon Monroe (husband, Ron) and Rev. Bob Edwards (wife, Linda). They join with Revs. Floyd and Bobbi Blackard and Rev. Cindy Jones serving our retired clergy. Rev. Ed Weston is our Development Director, and through his

excellent work, the corpus continues to grow. A huge thank you to Carol Sims, our Administrative Assistant who keeps track of us all! The success of PASBF is due to these wonderful and dedicated individuals.

Please know the entire staff is available to speak on a Sunday morning or to a small group. Contact the PASBF to schedule someone for this year.

The Board of Directors of PASBF continues to be diligent in being generous to retirees and spouses while at the same time protecting the fund for the future. We thank the Board for all their hard work.

We have been given a great blessing – a 150-year-old tradition of supporting retired clergy and spouses in this conference! It is now our turn to position PASBF for another 150 years of ministry. Help PASBF in Serving Those Who Served Us for another 150 years!

Executive Director, Preachers' Aid Society and Benefit Fund

## Preachers' Mutual Benefit Association (PMBA)

Could your family use an extra $1,500 if something happened to you? Would you rather send financial help instead of flowers when a colleague in ministry dies? If you answered yes to the above, you might wish to join PMBA. It is not the Preachers' Aid Society. It has nothing to do with insurance. It is not another pension program. It is the Preachers' Mutual Benefit Association: members caring for members.

What is PMBA?

PMBA originated at Centralia, IL, in 1911 for the purpose of meeting the needs of families of pastors and spouses at the time of their death. The purpose of PMBA is to give immediate financial aid to the family upon the death of a full member of the association.

Through the years PMBA has provided a caring fellowship for participating clergy and spouses. Families often have unexpected needs at the time of the death of a loved one and PMBA has helped to meet those needs.

Presently, at the time of death of a full member, a love gift of $1,500 is sent directly to the family in lieu of flowers. This love gift not only provides these funds, but it also provides a way for all PMBA members to express their sorrow in this family's time of grief.

The funds for each love gift are provided by each member being assessed $5.00 each time another full member dies. A notice is sent by email or postcard from the secretary to inform every member of the death and to remind each member of the assessment due.

**Who can join?**

- Clergy & Spouses: Full membership is available to all pastors and diaconal ministers of the Illinois Great Rivers Conference in good standing and their spouses. In the event of death, a $1,500 love gift will be paid to the beneficiary. Assessments are $5.00 per member each time a full member dies.
- Laity: Associate membership is available to all laity. Associate members will be sent an assessment when a death of a full member occurs, but associate members are ineligible for benefit upon their death. This membership gives the associate member the opportunity to express support of a pastoral family in time of death.

**Current Officers:**

- President, Dennis Price
  Vice-President, Steve Hartman
  Secretary, Bob McKelvey
  Treasurer, Gretta McKelvey
- E-mail: Bob.McKelvey52@gmail.com; telephone (608) 988-6825

**Some Facts You May Want to Know**

- PMBA is directed by a constitution and by-laws.
- An annual meeting of all members is held each year at Annual Conference.
- Officers are elected by the members.
- Membership must be kept current. If you fail to pay an assessment within 30 days of notification, your membership will lapse.
- Currently, we have 266 members.
- When the financial gift is sent to a family, a list of all the current members is included.

If you would like to become a member of PMBA contact the PMBA Secretary, Bob McKelvey at email: Bob.McKelvey52@gmail.com OR Telephone (608) 988-6825

## United Methodist Foundation

In the New Testament Jesus speaks most about "the Kingdom of Heaven." He talks about what it should look like and the importance of bringing it near. As United Methodists we interpret this as, "making disciples of Jesus Christ for the transformation of the world." The United Methodist Foundation takes kingdom-building and disciple-making to heart.

On January 1, 2018, the assets of the United Methodist Foundation totaled $26,899,135 and assets on December 31, 2018, where valued at $26,215,201.

The United Methodist Foundation was privileged to be in front of over 75 churches to help them "develop a culture of generosity." This was accomplished in two ways: first, by individual visits to local churches and their leadership teams and second, through various training events throughout the Conference.

The United Methodist Foundation was also privileged to walk alongside several of our conference agencies and committees. We supported all ten of our Golden Cross Ministries by supporting each financially to be able to care for children and seniors in need. Investments were also able to help our conference camping ministry. Funds to support the Methodist Schools in Haiti made it possible for the poorest of poor children in our hemisphere to go to school.

The United Methodist Foundation was also blessed to walk along with Douglas Avenue UMC of Springfield. Their program, "Wooden It Be Lovely," supports marginalized women and children in their neighborhood who are suffering from abuse, neglect and addiction. We were fortunate to be able to attend a graduation ceremony for three women who have broken free from this cycle and are now self-sufficient and caring for their children.

Through the Larson Trust the United Methodist Foundation disbursed $140,000 dollars to help children and seniors throughout our conference. Local churches were supported by funding of "after school programs" and weekend "snack pack" programs, as well as helping to provide summer lunches for school children in the Granite City area. The Larson Trust also helped some of our local churches make their buildings more accessible to those with special physical needs.

College scholarships were provided for young people who are attending college. Our partnership with Midwest Mission Distribution Center helps them continue their ministry around the world.

The United Methodist Foundation feels blessed to be able to be a conduit of "prudent investments" that create "spiritual dividends," while bringing the Kingdom of God a little closer.

## Seminaries and Higher Education Institutions

### Candler School of Theology

For more than 100 years Candler School of Theology at Emory University has prepared real people to make a real difference in the real world. Since our founding in 1914, more than 10,000 students have graduated from Candler, where they have been shaped as thoughtful, principled, and courageous leaders dedicated to transforming the world in the name of Jesus Christ.

This is especially important to note amid the current uncertainty in our denomination. It is an honor and a privilege for Candler to be one of 13 official seminaries of The United Methodist Church. Yet true to the Methodist tradition of ecumenical openness, Candler has enthusiastically welcomed the entire Wesleyan family to our community for generations. Faculty, staff, and students from the AME Church, the AMEZ Church, the CME Church, Free Methodists, Nazarenes, and others have worked, worshiped, learned, and prayed alongside United Methodists, and have been a vital part of shaping Candler and our mission. This diversity has been a wonderful gift and a rich blessing. As we move forward from the Special Session of General Conference, we will continue to invite and welcome wholeheartedly those from all expressions of the Wesleyan tradition. Indeed, we will continue to welcome all those who follow Jesus Christ.

Candler is also privileged to be one of seven graduate professional schools of Emory University in Atlanta. With the resources of a top-tier research institution and the reach of a global city, our students benefit from a rich academic and hands-on learning environment: the General Board of Global Ministries is in Atlanta, as are numerous public health, international development, and social service organizations. Candler's intentional involvement with our surrounding community has contributed to our inclusion on a list of "Seminaries that Change the World" for six years running. In short, there is no better place to prepare for ministry that engages our major denominational priorities: developing leaders, starting and growing churches, ministry with the poor, and improving global health.

In order to keep pace with the needs of the church and the world, Candler offers 16 degrees: six single degrees and ten dual degrees pairing theology with bioethics, business, international development, law, public health, and social work. Our Doctor of Ministry degree is 90 percent online, so students can remain in their places of ministry and immediately apply to their context what they learn in class. Our Teaching Parish program allows eligible United Methodist students to serve as pastors in local churches while they're enrolled—they earn a salary as they earn course credit and pastoral experience, and they are mentored by an experienced United Methodist elder.

Candler's student body continues to reflect the diversity and breadth of the Christian faithful with an enrollment of 453, reflecting 51 percent women, 39 percent people of color (U.S.), and a median age of 27 among M.Div. students. Students represent 44 denominations, with half coming from the Methodist family.

Candler has a deep commitment to alleviating student debt and promoting financial literacy. In 2018-2019, we awarded $5.8 million in Candler scholarships, with 100

percent of MDiv students receiving aid. Plus, our comprehensive "Faith & Finance" program teaches money management skills that serve our students now and will continue to serve them—and the churches they lead—well into the future.

Candler draws considerable strength and inspiration from its relationship with The United Methodist Church. Our ability to fulfill our mission of educating faithful and creative leaders for the church's ministries throughout the world depends upon your prayers, partnership, and support. Thank you for the countless ways you advance this vital ministry in the life of our denomination. Visit us in person or online at candler.emory.edu to see firsthand how Candler prepares real people to make a real difference in the real world.

### Drew Theological Seminary

Drew University Theological School continued its multi-year self-transformation by launching its new curriculum for the Master of Divinity in the fall of 2018. This entirely reconceived degree seeks to form graduates that are rooted in the Christian story and traditions, capable of effective and creative leadership, and spiritually and socially resourceful for cultivating the transformative gospel of Jesus Christ in, with, and for the church and the world. A new two-year degree, the Master of Arts in Theology and Ministry also launched and offers students the opportunity to prepare for public leadership or a specialized vocation through deep theological and ethical reflection informed by biblical, historical, theological and practical sources. New pathways in the Master of Arts, the Master of Sacred Theology, and the Doctor of Ministry were also created as part of the curriculum transformation process which seeks to more intentionally focus the school's service to the church, as well as to the academy and civil society. Drew welcomed 145 entering students this academic year, its largest entering class in over a decade, with an overall enrollment of 350 for the current academic year. In the coming year a new 5-year strategic plan will be developed, new degree delivery options that increase accessibility and affordability for prospective students, as well as new partnerships with annual conferences, other church bodies, and values-based organizations that share and strengthen Drew's mission to advance peace, justice, love of God, neighbor, and the earth.

### Garrett-Evangelical Theological Seminary

In 2018-2019, Garrett-Evangelical Theological Seminary focused on the following priorities:

- Responsive and Relevant Theological Education: Respond to the educational and professional development needs of prospective students, alums, clergy, and laity by providing relevant theological education in a variety of formats and investing in our competent and diverse faculty.
- Inclusivity in Our Relationships: Ensure we are equitable, just, and inclusive in our relationships with the variety of diversity we encounter (e.g., racial, cultural, sexual orientation) within both our seminary and local communities.

- Ensuring a Vibrant Future: Establish a vibrant future by investing in employees, instituting new policies and procedures, caring for the earth, and generating gifts to sustain the seminary for generations to come.

**Responsive and Relevant Theological Education**

- **New Partnership with North Central College:** We are partnering with North Central College to offer students the unique opportunity to take graduate-level courses in religious studies while completing their undergraduate degrees. Beginning in Fall 2019, students will be able to take classes at the seminary's campus, and transfer graduate courses towards undergraduate work. For more information, please visit www.garrett.edu/news.
- **Creative Course Opportunities**
  - o Faith in Place Environmental Justice Course: This past spring, Garrett-Evangelical partnered with Faith in Place to offer a dynamic new course titled "Organizing for Environmental Justice". Faith in Place is a state-wide organization working with over 1,000 houses of worship to protect our common land, air, and water. The class met at various locations around the city. Students increased their awareness as leaders, organizers, managers, and advocates for the care of the earth and environmental justice by reading and discussing literature on these topics and witnessing the work of leaders and organizations committed to these ends during the site visits. They also faced the complex challenges facing individuals and communities suffering from environmental injustices. The seminary continues to develop creative partnerships like this one to better equip our students serve the needs of the church and world.
- **Connectional Learning:** Connectional Learning is the name for Garrett-Evangelical's new take on continuing education. We seek to create education and training suited to your unique professional, vocational, and spiritual needs. Whether you are clergy, laity, or spiritually curious, we welcome you to explore our programs that are designed to be relevant, responsive, and reachable. We are actively preparing our Fall 2019 offerings to announce them at our Annual Conference visits. There are several highly anticipated online course and webinar offerings, including "Thriving Ministry with Young Adults: Holy Yearning, Holy Listening, Holy Partnerships" and "Financial Management for Churches and Nonprofits".

There is a wealth of information and resources on our website, including past webinar recordings and on-campus lecture opportunities. To learn more about our offerings and stay up to date on future programs, please visit: www.garrett.edu/connectional-learning.

**Inclusivity in Our Relationships**

Since the launch of our strategic plan in 2015, we have been working to pay greater attention to race, diversity, and inclusivity in our community. This work began with a Racial Equity and Diversity Inclusion Audit. We have been working through the results of the audit to inform changes we need to make in our community. Last year we created a community statement that names, celebrates, and affirms the variety of persons we encounter as well as challenges the seminary with specific goals to fulfill its commitment to grow and serve all persons equally and justly. We have secured a staff member to act as Manager of Inclusion and Community Engagement, and we

continue to offer training opportunities, lectures, and discussions opportunities on race, diversity, and inclusion.

**Ensuring a Vibrant Future**

- o Hope for Creation and Green Seminary Certification Program: Garrett-Evangelical Theological Seminary is committed to addressing the urgent environmental crises facing the world's peoples today and to promoting the just and wise care of God's creation for the flourishing of all. This commitment is rooted in an affirmation of God's love for the world, an embrace of our human vocation to be faithful stewards of the good earth, and an active hope in God's promise to establish justice and righteousness throughout the land.

We are in the midst of integrating sustainable practices and ecological awareness as a participant in the Green Seminary Initiative (GSI) for the Seminary Environmental Certification Program. A three-year program, this certification will assist Garrett-Evangelical as it integrates care for creation into areas of education and spiritual formation; liturgy, ritual, and worship; building and grounds management; community life; and public leadership. We initiated a thriving composting program, enacted a waste audit, and hosted an Interfaith Climate Action Summit in April to engage our local community around responses to climate change.

Thank you for your continued interest in our work. We are grateful to serve The United Methodist Church and the church at large. For more information about Garrett-Evangelical, I encourage you to visit our website, www.garrett.edu, or visit us on campus.

**About Us:** Garrett-Evangelical is the result of the interweaving of three institutions:

- Garrett Biblical Institute, the first Methodist seminary in the Midwest, was established in 1853 by some of the same church people who founded Northwestern University.
- Chicago Training School, established in 1885, was an important force for women in ministry and for developing service agencies throughout Chicago. Chicago Training School merged with Garrett Biblical Institute in 1934.
- Evangelical Theological Seminary, located in Naperville and founded as a seminary of the Evangelical Church (later the Evangelical United Brethren) in 1873, joined with Garrett Theological Seminary in 1974 to form Garrett-Evangelical Theological Seminary.

We are proud of our students' accomplishments highlighted by the fact that 97 percent of our graduates are able to enroll in graduate schools or be fully employed within six months of their graduation.

McKendree's core mission to educate leaders for the future remains the same. Total undergraduate enrollment is now 1,956. The main campus in Lebanon is home to 1,443 undergraduate students from across the United States and international students from 38 different countries. The fall 2018 first-year class numbered 463. ## Saint Paul School of Theology

Saint Paul School of Theology, a seminary of the United Methodist Church, is committed to the formation of people for innovative, creative ministry. We are one institution with campuses in Kansas and Oklahoma. During the 2018-2019 academic year, the seminary enrolled 99 students in master and doctoral degree programs.

Saint Paul School of Theology began the 2018-2019 academic year moving its Kansas staff and faculty offices to the Kansas Campus where classes are held. This move was the final step in the process of renovating classrooms with larger spaces as well as

bringing Kansas faculty, staff, and students together. A new Common Room equipped with refrigerator, microwave, and snacks was added to give students a place to gather for community meals, student forums, and study. Enhanced technology upgrades were made on both campuses with the launch of the new FLEX schedule and FOCUS week. We received a $5,000 grant from the Missouri United Methodist Foundation to support our technology program for students. In an ever-increasing digital world, Saint Paul is constantly working to reach beyond its walls.

A new Doctor of Ministry (D.Min.) focus, Spiritual Leadership in Unsettled Times, was announced with courses beginning Fall 2019. The new D.Min. focus is offered in partnership with Church of the Resurrection, Gamaliel Network, and the Metro Organization for Racial and Economic Equity. Students can take a mixture of online and hybrid (blended online and on-campus) courses to complete the required curriculum.

This year marks the celebration of over 10 years in Oklahoma. Since 2008, Saint Paul has prepared Oklahoma-area leaders for ministries that meet the needs of today's churches and society. In collaboration with Oklahoma City University, students enjoy access to all the resources of a vibrant university, as well as the hospitality and support of a close-knit seminary community.

For Fall 2019, The Oklahoma Foundation, in partnership with Saint Paul School of Theology, is offering a three-year scholarship to educate future church leaders. An Oklahoma Foundation Fellow will receive 3 years of full-tuition and fees (covering 79 credit hours toward the Master of Divinity degree). Foundation Fellows will learn multiple ministry skills in areas such as worship, pastoral care, evangelism, and discipleship.

Saint Paul's faculty continue to contribute to the academy, church, and society. Dr. Elaine Robinson, Professor of Methodist Studies and Christian Theology, worked along with co-editor Amos Nascimiento to solicit chapters from United Methodist scholars around the globe who could present an indigenous account of the history of Methodism in their own context. These authors include: Fulgence Nyengele (Congo), Julio Vilanculos (Mozambique), Ulrike Schuler (Western Europe), Sergei Nikolaev (Russia), and Luther Oconer (Philippines). The manuscript is now finished and in the process of being published by GBHEM's Foundry Books under the title, *Global United Methodism: Telling the Stories, Living the Realities*.

Dr. Jim Brandt, Professor of Historical Theology and Director of Contextual Education, wrote the lead article in the recently published book, *Schleiermacher and Sustainability: A Theology for Ecological Living*. As part of the Columbia Series in Reformed Theology, each chapter deals with a particular locus in Schleiermacher's systematic theology, focusing on its implications for sustainable living.

Saint Paul's 2018-2019 Lecture Series boasted several exciting keynote speakers from across the United States to speak on a myriad of topics such as "10 Steps on the Path of Moral Leadership" and "Speaking of Jesus: Early Methodist Principles for Bearing Witness to the Christian Story in a Multi-Religious World". In October, Dr. Luke Bretherton of Duke University was the speaker for the Wayne E. Drake Peace Lecture. In February, the Foundation for Evangelism sponsored Rev. Dr. Jack Jackson of Claremont School of Theology to present this year's Wallace Chappell Lecture. In March, Rev. Dr. David Gushee of Mercer University was the keynote speaker for the Slater-Wilson Lectureship on Spiritual and Intellectual Life.

For 2018, Saint Paul received a grant from Kansas Leadership Center (KLC) in Wichita, KS, that allowed 20 people to experience KLC programs. Several faculty, staff, and alumni were able to practice KLC's approach to leadership. Those participants have reported being enriched and inspired by the program. For 2019, Saint Paul received 40 slots for community leaders to attend KLC programs.

Saint Paul Course of Study (COS) School educated 299 students in Leawood, KS; Hays, KS; Oklahoma City, OK; Columbia, MO; and Springfield, MO. Saint Paul launched a part-time, accelerated COS satellite program in Columbia, MO this year. Comprised of 9 courses in practical theology, this COS option is designed specifically for part-time local pastors or certified lay ministers entering ministry following completion of the Missouri Conference Licensing School. Like any other COS Satellite, the Columbia satellite is a pilot and collaborative program of Saint Paul Course of Study Regional School in collaboration with the Missouri Conference. Since September 2018, COS has offered two courses and enrolled and registered 23 students in the satellite program.

Saint Paul School of Theology is pleased to report that the Higher Learning Commission has changed the seminary's status from "Accredited - Probation" to "Accredited". For 60 years, Saint Paul has supplied excellence in theological education and our previous challenges have inspired us to strive beyond excellence. We are excited about our future and furthering the mission of Saint Paul.

President Neil Blair, Saint Paul trustees, faculty, staff, alumni, and students thank you for your interest, prayers and support.

## United Theological Seminary

United Theological Seminary is the third largest United Methodist seminary in The United States, where 459 men and women, 292 Masters students and 167 Doctoral students, are currently being equipped as faithful, fruitful pastors and Christian leaders for the Church:

Founded nearly 150 years ago by Bishop Milton Wright, father of famed aviators Wilbur and Orville Wright, United has continued that spirit of innovation through:

**Online degrees:** 98% of master's students have taken one or more course online while studying at United. Students live in 39 different states, and week-long intensives fulfill UMC residency requirements.

**Live Interactive Virtual Education (LIVE):** A new grant has brought the latest technology in virtual education in which students participate in on-campus courses via webcam and enjoy live lectures and real-time discussion with faculty and peers.

**Doctor of Ministry Degree:** United students become doctors for the Church, addressing real problems or challenges in churches and communities. They study under a mentor who is an expert in their field and learn alongside a small group of dedicated peers. The 3-year program allows students to complete projects as they go, leading to a 78% program graduation rate in 2017 (vs. 54% average among other seminaries.)

**Practical education designed to resource the Church:** The majority of United faculty has pastored churches. Ninety-one percent of entering United students are already serving in ministry, bringing that context to the classroom.

**A focus on Church Renewal:** United has 165 Course of Study students; 42 students in the Hispanic Christian Academy (3-year Spanish online course of ministry program for Hispanic lay pastors and leaders), and offers certificates in Church Planting, Disability Ministry, and Supervision.

Ninety six (96) percent of students feel their views are respected in the classroom/ seminary community and say they have been taught to respect the views of others. Forty seven percent of students who reported are African-American, 43% Caucasian. and 10% represent other ethnicities

We thank God for the men and women coming to United because God has called them to serve the least and the lost. We pray as the Lord Jesus instructed his disciples saying, "The harvest is plentiful, but the laborers are few; therefore, ask the Lord of the harvest to send out laborers into his harvest" (Luke 10:2).

## Relational Covenant

### of the Illinois Great Rivers Conference

(Adopted by the 2008 Annual Conference)

- As disciples of Jesus Christ and as members of the Illinois Great Rivers Conference, we believe that we can change the church and the world through honest conversations on matters about which we deeply care. We, therefore, covenant to be a worshiping community, which provides a safe sanctuary open to dialogue: a welcoming environment full of grace. To do this we further covenant to:
- Center on God and on His Holy Scripture as the authoritative word of God as we come to the table, anticipating a holy and healthy experience and being prepared spiritually, emotionally and mentally
- Pray constantly for God's wisdom to understand God's will, trusting and believing that God works with and through us
- Welcome, honor and respect each individual as a unique child of God
  - Affirm each individual's gifts and ministry and help everyone see the need for cooperation and connection among our ministries
- Be patient and kind with each other, realizing that we all bring a history
- Listen to each voice at the table, respecting the viewpoints, opinions, communication styles and perspectives
- Invite and welcome people of all viewpoints to the table, respect the cultural and ethnic differences
  - Believe that the Holy Spirit speaks through each person at the table
  - Be engaged, not distracted or distracting
  - Keep an open mind and open heart
  - Show that you have heard and understood the other
  - Hear the truth in love
- Speak respectfully
  - Take holy pause before speaking or voting – invite the Holy Spirit into your speech
  - Be honest, genuine and transparent
  - Honor time constraints
  - Speak the truth in love
- Commit to work through differences
  - Hold one another accountable to this relational covenant
  - Keep the decision-making process at the table
  - Honor all decisions and participants after the conversation concludes
  - Follow up with each other in regard to any resolution
  - Leave with an understanding of next steps where there is no resolution
- Allow the Peace and Word of Christ to rule in our hearts

the Red Reference Section of the Pre-Conference materials)

## Displays at Annual Conference

### Purpose of Displays

Displays facilitate the ability of conference members to connect with groups who have information to share on their ministry. Displays are provided to encourage conference members to learn more about the resources that are available through the wide variety of agencies and ministries in the annual conference. A few displays are targeted for sale of goods. The parameters for their purpose are discussed in a separate paragraph.

### Requesting Space and Obtaining Permissions

- Forms requesting display space must be submitted to the Event Coordinator by the fourth Friday in March. The request is then forwarded to the Local Arrangements Committee for space assignment.
- Groups or individuals requesting display space for the first time must submit plans for content of the display to the Director of Connectional Ministries by no later than 30 days prior to the annual conference session. Failure to comply will result in display request being denied.
- The Sessions Committee has the discretion to approve all displays and set and publish guidelines for display space assignments.
- The subject and content of the display is expected to be in compliance with the Book of Discipline, the Social Principles, and The Book of Resolutions is expected.
- In the event content is deemed to be inappropriate, it will be removed by one of the following officers: annual conference secretary, or chairperson of the Sessions Committee.
- Groups officially recognized by and/or related to The United Methodist Church may request display space. Each group requesting space must agree to use their display area in accordance with the purpose statement in this document. Groups "officially recognized by" or "related to" The United Methodist Church include the following:
  - Approved Advance (Conference or General) Specials
  - Ministries included and approved in the Conference Budget
  - Ministries included in and approved in the Nominations Report
  - Ministries approved as a Conference Special Offering
  - Ministries which are initiated, supervised, and housed within a local United Methodist church or local United Methodist Church-owned facility within the boundaries of the IGRC.
  - University Senate-Approved seminaries
- Because of limited space and the need of the annual conference to limit its space use to non-commercial organizations, no commercial organizations (other than the exceptions noted in this policy document) shall be permitted to rent or otherwise use display space.
- No group will be allowed to place signs, displays or vehicles on convention center property without the permission of the Sessions Committee.

### Size and Location of Space

- The amount of space available for displays varies depending on the site of the annual conference session. The Sessions Committee believes it is proper to allocate the same size space to each group requesting space prior to the deadline for such requests.
- Each group setting up a display must agree to keep their display within the space allotted to them and not to encroach onto the display space assigned to another group.
- Display spaces are assigned to specific locations, and groups setting up displays cannot move their display to another location. Because some locations are considered prime locations, each year display space assignments may be rotated to allow all groups the opportunity to use a prime location.

### Special Permissions

In the past, display space has been granted to Cokesbury for a bookstore at annual conference. Since Cokesbury is the denomination's publishing house, they are granted an exception to the stated policy above. Other organizations providing free or reduced fee services to the annual conference session may also be allowed to have display space where demonstrations or product sales will take place.

### Fees and other financial considerations

- Fees for requested use of electrical outlets are paid by the group requesting space.
- Fees for requested phone lines are paid by the group requesting space.
- Fees for tables and table skirting (if not provided) are paid by the group requesting space.
- Please note that in the eyes of the Illinois Department of Revenue and the Illinois Great Rivers Conference there is no difference between selling items and giving away items for a donation. Please do not put the IGRC tax-exempt status at risk by exchanging any goods for money.

### Publicity

A list of all display booths will be distributed in the on-site packet that members receive. Advertisements for display spaces may not be publicized in other printed materials at annual conference.

## Legislative Items: Reports and Resolutions

### Submitting Reports and Resolutions

Any Illinois Great Rivers Conference member or entity may submit a resolution for consideration by the annual conference. Resolutions will be ruled out of order if they conflict with the *Book of Discipline*, which can be changed only by the General Conference. All resolutions become the property of the annual conference once they are published in the Pre-Conference Workbook or, as in the case of the Supplemental Packet, received by the annual conference. No resolution containing information deemed to be libelous will be printed.

4. Failure to follow these procedures will prevent items from being printed in the Pre-conference Workbook or Supplemental Packet.

**Letters Directed by Annual Conference Action**

Any individual or group requesting letters be sent by the annual conference secretary needs to be aware of the following procedure. The maker of the motion, report, or resolution will be required to furnish a sample letter (electronically), as well as the names and complete postal addresses for all recipients to whom the letters are to be sent.

## The Journal-Yearbook - Secretarial Practices

**What is it?**

*The Book of Discipline* (¶606) requires each conference to keep an exact record of its proceedings. A hard copy of this record becomes part of a number of general, jurisdictional, and annual conference committees and commissions. The IGRC also publishes a limited number of hard copies for those who order them. The Journal-Yearbook is available to everyone in electronic form.

**What's in it?**

*The Book of Discipline* requires the inclusion of the following items in this order:

- Officers of annual conference
- Boards, commissions, committees; rolls of conference members
- Daily proceedings
- Business of the annual conference (BAC) report
- Appointments

- Roll of dead: deceased clergy members
- Historical
- Miscellaneous
- Pastoral record (including the records of accepted local pastors in such manner as the conference may determine)

**How to make corrections**

- Corrections received before June 30, 2016 will be reflected in the 2016 Journal-

Yearbook. Corrections received after that date will appear in the 2017 Journal.

**When resolutions or reports are not adopted**

## Council on Finance and Administration Policies

1. All Illinois Great Rivers Conference (IGRC) related entities (except local churches) shall comply with the provisions of ¶613.2 (2016 *Book of Discipline*) prior to embarking on any capital funds campaign or conference-wide appeal.
2. Entities that are designated as Conference Advance Specials are authorized to present their ministries through pulpit presentations, personal contacts, direct mail or electronic means (within the guidelines of the IGRC Information Technology and Communications policies.)

4. The Annual Conference Treasurer, the Conference Board of Trustees and their staffs; and the President of CCFA are bonded by a fidelity bond in the amount of $1,000,000. Local church treasurers and financial officers are bonded by an Annual Conference Blanket Bond which is a supplement to any coverage specified in the local church's own insurance policy.
5. In accordance with the 2016 *Book of Discipline* (¶617.2), CCFA will annually review the audits of all Annual Conference Institutions which receive money from the Annual Conference. Other agencies receiving funds from the IGRC shall submit annually an audited Treasurer's report or financial statement if a formal separate audit is not available.
6. The Annual Conference grants CCFA the authority to make adjustments in apportionments of individual churches. All such requests will be made with regard to the facts presented and with the knowledge and consent of the District Superintendent.
7. Mileage Reimbursement: Travel to all approved District and Conference meetings shall be reimbursed at the rate of $0.20 per mile. For Annual Conference Staff persons, including District Superintendents, the rate shall be the current IRS rate.

A minister who has received the disability moving allowance shall not be eligible for an additional moving allowance at the time of his/her retirement. The same moving allowance shall be available once to the surviving spouse of a pastor who dies in active service.
9. At year end, remittances from local church treasurers must be made to the Annual Conference Treasurer by the fifth working day of the new year in order to be credited to the prior year.

10. Apportionments shall be based solely on the latest year end statistical report expenses (currently, lines 39-47of Table II). [Direct-billed Clergy Benefits, Pastor's Salary, Associate Pastor's Salary, Housing, Utilities and Other Allowances Paid, Accountable Reimbursements Paid to the Pastors, Other Cash Allowances Paid to the Pastors, Deacon's and Diaconal Minister's Compensation, Other Staff Compensation, Current Expenses for Program, Other Current Operating Expenses]
11. In compliance with ¶619 and with the consent of the Bishop, Michael Potts was elected at the 2018 session of the Illinois Great Rivers Annual Conference as the Annual Conference Treasurer/Director of Administrative Services for the 2016-2020 quadrennium.
12. The IGRC has established as its policy that salaries, travel allowances, and benefits of Conference employees be treated as prior claims and paid each month at 100% of the budgeted amount.
13. The IGRC has established as its policy that all budgeted line items not considered to be "prior claims" be paid at a rate not to exceed the amount received in apportionments during the fiscal year.
14. The IGRC has established as its policy that budget line items designated for non-prior claims, when apportionment collections shall have been received in an amount sufficient to allow an expenditure of funds, shall then only be paid in 11 monthly installments totaling no more than 65% of the budgeted amount.
15. The IGRC has established as its policy that a final payment will be made at the end of the fiscal year for budget line items designated as non-prior claims in an amount equal to the difference between the line item's pro-rata share of apportionments received during the fiscal year and the sums for said line item paid out previously in the fiscal year pursuant to the formula set forth in the preceding paragraph.
16. The IGRC has established as its policy that any resolution approved by the Annual Conference authorizing the expenditure of funds for special projects not included in the budget be approved annually by the Annual Conference until the project is completed and that this review will be initiated by a report on the project submitted to the Annual Conference by the CCFA and the Conference organization responsible for the project.
17. The General and Jurisdictional Conference Apportionments shall be paid at 100% of the amount apportioned to the Illinois Great Rivers Conference.
18. CCFA must approve the establishment of all financial accounts opened in the name of the Illinois Great Rivers Conference, including all districts, boards, committees and commissions.
19. When the Conference receives contributions that are restricted in terms of the use or timing of the expenditure, the amounts are recorded as restricted net assets. These accounts demonstrate the conference's compliance with legal restrictions on the use of contributions. As a general rule restricted net asset accounts do not earn interest for the restricted purpose.
20. Custodial (in/out) accounts are not part of the net assets of the IGRC and shall be established when the following criteria are met:
    a. The source of funds for the account are derived from user fees and the funds are not donor-restricted.
    b. CCFA and/or the Director of Administrative Services agree to accept the funds.
21. Board designated accounts are unrestricted net asset accounts which have been set aside for a specific purpose by a agency/board/committee/commission within the Conference. In order for CCFA to classify funds as board designated

amounts a written request must be received from the appropriate agency/board/committee/commission. CCFA may also request and approve its own designations. Apportioned funds will generally not be board designated unless approved by CCFA. Since board designated accounts are a segregation of conference funds, they as a general rule do not earn interest. Unlike restricted net assets, board designations are unrestricted net assets and can be undesignated by CCFA or Annual Conference action.

22. Contracts: CCFA designates the Conference Treasurer/DAS as the authorized signer of any contract which obligates the Illinois Great Rivers Conference financially or for potential liability. In all instances, the responsibilities of the Conference Board of Trustees as outlined in ¶2512 of the 2016 *Discipline* shall be maintained. If the stated amount of the contract exceeds $10,000, an additional signatory is necessary which may be any appointed or elected officer of the Conference with fiduciary responsibilities, such as: the Bishop, Assistant Treasurer, Conference Secretary, CCFA President, Trustees President or another Director. If the stated amount of the contract exceeds $25,000, legal review by the Conference Chancellor is required. All contracts signed by unauthorized persons are null and void.

## Committee on Nominations Policies

I. Introduction. Boards, committees, commissions, councils, task forces, teams, and other elected and appointed program and administrative entities (hereafter, "committees") are an important means by which the Annual Conference carries out its mission. Many such entities are specifically mandated or recommended by The Book of Discipline, and others are created by the Annual Conference under the provisions of ¶610.2.

II. The IGRC nominations process
   A. The Illinois Great Rivers Conference uses a connectional process for matching the interests and gifts of individuals with opportunities for service on committees:
      1. Individuals listen for God's call in their lives and volunteer for or respond to leadership and service opportunities through their District Committee on Nominations.
      2. District Committees on Nominations discern potential matches between individuals and service opportunities, and make recommendations to the Conference Committee on Nominations.
      3. The Conference Committee on Nominations maintains communication with districts about individual gifts and with conference committees about needs and opportunities, and nominates committee members from among the names provided by the districts.
      4. The Annual Conference elects committee members at its annual session based on the nominations from the Conference Committee on Nominations.
   B. The IGRC nominations process is implemented with the following considerations in mind.
      1. The process described in II.A shall be the primary means by which persons are named to Annual Conference committees, except where otherwise provided by *The Book of Discipline* or by Annual Conference rules or policy.
      2. It is anticipated that the large majority of the persons nominated and elected will be drawn from the pool of names recommended by the District Committees on Nominations.

      3. In accordance with ¶610.5 of *The Book of Discipline*, special attention shall be given in the IGRC nominations process "to the inclusion of clergywomen, youth, young adults, older adults, persons from churches with small memberships, people with disabilities, and racial and ethnic persons[.]" Special attention shall also be given to geographic diversity.

III. Annual Conference committee membership
   A. Terms of office on committees shall begin and end with the adjournment of the annual conference session each year. For the purposes of determining tenure limitations, the term of office of persons elected or appointed to committees after the adjournment of the annual conference session but before the end of that calendar year shall be regarded as having begun with the end of that session; persons elected or appointed after the start of the calendar year but before the next annual conference session shall be regarded has starting their terms at the adjournment of the next session.
   B. In order to provide for clear connections between the Annual Conference and its committees, and except where otherwise provided by The Book of Discipline or by Annual Conference rules or policy, all committee chairs, presidents, or other lead presiding officers (hereafter, "chairs") will be nominated by the Committee on Nominations and elected by Annual Conference. Other officer positions shall be filled by committees from within their membership, in accordance with any applicable Disciplinary or Annual Conference requirements.
   C. Persons wishing to resign from a committee office shall notify the chair or acting chair of their committee, or in the absence of a chair or acting chair, the chair or acting chair of the Committee on Nominations. Any committee may enact procedures for automatic resignation of members after a defined number of unexcused absences from committee meetings or activities, provided that every reasonable attempt has first been made by that committee to establish communication with the member; such resignations must be jointly approved on a case-by-case basis by that committee and the Committee on Nominations.
   D. When a vacancy exists in a committee office for which the Committee on Nominations is responsible, the Committee on Nominations may submit to the Connectional Table an interim nomination for that office. Upon approval by the Connectional Table, the individual nominated shall immediately take office. The individual shall serve until the adjournment of the following annual conference session or, if further nominated by the Committee on Nominations and elected at the annual conference session, shall serve until the end of the normal term for that office.
   E. Upon the resignation of the chair of a committee subject to III(B) above, another officer or member selected according to the committee's succession procedure shall serve as acting chair until a new chair takes office under the provisions of III(D) above or until the adjournment of the next annual conference session, whichever occurs first.
   F. Annual Conference staff or cabinet members assigned as liaisons to committees shall have the right of voice but not vote, unless otherwise provided by The Book of Discipline or by Annual Conference rules or policy.

IV District Committees on Nominations.
   A. District Committees on Nominations shall consist at minimum of the members of the Conference Committee on Nominations representing that district and the assigned District Superintendent. It is recommended that the committee additionally include the District Lay Leader, the District Director(s) of Lay Speaking Ministries, and representatives of the district

United Methodist Women and United Methodist Men chapters, and that the committee select additional at large members if it sees fit.

B. District Committees on Nominations shall meet at least once per year and are encouraged to conduct additional meetings in person or electronically.

## Abuse Prevention Policy

for Children and Vulnerable Adults
for IGRC Conference & Districts
(Adopted 2015)

### Introduction

Jesus said, "Whoever welcomes one such child . . . welcomes me" (Matthew 18:5 CEB). Children are our present and our future, our hope, our teachers, our inspiration. They are full participants in the life of the church and in the realm of God.

Jesus also said, "As for whoever causes these little ones who believe in me to trip and fall into sin, it would be better for them to have a huge stone hung around their necks and be drowned in the bottom of the lake" (Matthew 18:6 CEB). Our Christian faith calls us to offer both hospitality and protection to the little ones, the children. The Social Principles of the United Methodist Church state that "children must be protected from economic, physical, emotional, and sexual exploitation and abuse" (¶162C).

God calls us to make our churches safe places, protecting children and other vulnerable persons from sexual and ritual abuse. God calls us to create communities of faith where children and adults grow safe and strong. (From The *Book of Resolutions* of The United Methodist Church – 2012, p. 240.)

Thus, we adopt this policy for reducing the risk of abuse of children and vulnerable adults in the ministries and activities of the Illinois Great Rivers Conference.

### Scope

This policy and its provisions shall apply to all staff and volunteers, clergy or lay, who have contact with children under the age of 18 or vulnerable adults in conference and district sponsored events. This policy does not supersede the responsibility of local churches to develop and implement their own policies for the prevention of abuse to children and vulnerable adults.

### Purpose

Our conference's purpose for establishing this Abuse Prevention Policy and accompanying procedures is to demonstrate our strong and unwavering commitment to the safety and spiritual growth of all of our children and vulnerable adults.

### Statement of Covenant

Therefore, as a Christian community of faith and a United Methodist Annual Conference, we pledge to engage in the ministry of the Gospel in ways that assure the safety and spiritual growth of all of our children and vulnerable adults as well as all who work with them. We will follow reasonable safety measures in the selection and recruitment of workers; we will implement prudent operational procedures in all programs and events; we will educate all of our workers with children and vulnerable adults regarding the use of appropriate policies and methods; we will have a clearly

defined procedure, conforming to the requirements of Illinois law, for reporting a suspected incident of abuse; and we will be prepared to respond to media inquiries if an incident occurs.

### Conclusion

In all of our ministries with children and vulnerable adults, this conference is committed to demonstrating the love of Jesus Christ. "We will surround each other with a community of love and forgiveness . . . that we may be true disciples who walk in the way that leads to life." (Adapted from "Baptismal Covenant I," United Methodist Hymnal, p. 35.)

### Definitions

**Abuse** is generally categorized in five primary forms, defined below: physical abuse, emotional abuse, neglect, sexual abuse, and ritual abuse. (Safe Sanctuaries, p. 29)

- **Physical Abuse** is any deliberate act that inflicts bodily harm to a person.
- **Emotional Abuse** is abuse in which a person exposes another person to spoken and/or unspoken violence or emotional cruelty. Emotional abuse sends a message to the other person that he or she is worthless, bad, unloved, and undeserving of love and care. Youth exposed to emotional abuse may have experienced being deprived of all parental affection, being locked in closets or other confining spaces, being incessantly told they are bad, or being forced to abuse alcohol or illegal drugs. This type of abuse is difficult to prove and is devastating to the victim. (Safe Sanctuaries, p. 61)
- **Neglect** is failure to provide the proper or necessary nourishment or medically indicated treatment or other care necessary for well-being, including adequate food, clothing and shelter; or a child who is abandoned by his or her parents or other person responsible for the child's welfare without a proper plan of care. (Adapted from 325 ILCS 5/3)
- **Sexual Abuse** is abuse in which sexual contact between a child and an adult (or other older and more powerful youth) occurs. Examples may include fondling, intercourse, incest, and the exploitation of and exposure to child pornography or prostitution. (Safe Sanctuaries, p. 30)
- **Ritual Abuse** is abuse in which physical, sexual, or psychological violations of a child are inflicted regularly, intentionally, and in a stylized way by a person or persons responsible for the child's welfare. The abuser may appeal to some higher authority or power to justify the abuse. (Safe Sanctuaries, p. 30)

**Bullying** is a form of emotional abuse. It involves intentional, repeated, hurtful acts, words, or other behavior on the part of one or more other individuals. Among children (or youth), bullying may be physical (hitting, or damaging possessions), verbal (name-calling or taunting), emotional (threatening or stalking), or social (spreading rumors or the imposition of isolation). In adults, bullying manifests itself primarily through ongoing harassment and psychological intimidation that happens when one is ridiculed, insulted, degraded, threatened, or slandered. Bullying will not be tolerated by the Illinois Great Rivers Conference.

**Children** are any persons "under the age of 18 years, unless legally emancipated by reason of marriage or entry into a branch of the United States armed services." (325 ILCS 5/3) For the purposes of this policy and accompanying procedures, teens typically labeled "youth" are included in the term "children" as defined by the State of Illinois.

**Conference** means the Illinois Great Rivers Conference of The United Methodist Church.

**Event** is defined as a conference or district sponsored activity or ministry that involves a gathering of children or vulnerable adults.

**Participants** are children under the age of 18 who are registered, enrolled, attending or otherwise participating in an event or activity sponsored by the conference or a district. Participants are also persons who are considered to be vulnerable adults.

**Social media** includes various forms of electronic communication (such as websites for social networking) through which users share information, ideas, personal messages, and other content (such as videos or pictures). A few examples of social media are Facebook, GroupMe, Instagram, Pinterest, Snapchat, Twitter, and Tumblr (and new forms are constantly being developed).

**Staff** includes any paid employee of the conference or district and any paid employee of any group, committee, team or agency of the conference or district who has been charged with the care and supervision of participants at an event.

**Supervision** is the ability for a person to be in charge of a group of children or vulnerable adults, giving direction, setting boundaries, disciplining appropriately, maintaining safety and being the responsible leader in all situations.

**Volunteer** is any non-staff worker who has been charged with the care and supervision of participants at an event.

**Vulnerable Adults** are persons 18 years of age and older with physical, mental, and/or developmental disabilities.

## Procedures

### Preface

The procedures outlined below shall serve as minimum standards for all conference and district sponsored events in which participants include children under the age of 18 or vulnerable adults. Various conference entities, such as Camping and Retreat Ministries, may develop procedures specifically related to events sponsored by that entity so long as they contain provisions to meet all the procedures outlined below.

### Selection and Recruitment of Workers

*Four-Years-Older Rule*: All volunteers and staff supervising children under 18 will be at least four years older than the oldest participant. Youth age 14-17 and young adults who do not meet the four-years-older rule may serve as staff/volunteers once they have completed training, provided that they serve under the supervision of one or more adults who do meet the four-years-older rule. No one under 18 and no one who does not meet the four-years-older rule will be given sole responsibility for a group of children.
*Criminal Background Checks*: Prior to beginning service, each prospective staff member or volunteer must complete an application form and an authorization for criminal background check. All criminal background checks for volunteers and staff of district and conference events must be run through the conference office. Criminal background checks for volunteers and seasonal or single-event staff will be repeated annually. The conference, in its discretion, may allow a person to serve as a volunteer whose local church presents on the person's behalf evidence of a criminal background check generated within the previous twelve months.

### Operational Procedures

*Two Adult Rule:* During all district and conference events, one adult staff or volunteer will not be alone with a child or vulnerable adult. For small group activities in which one adult staff or volunteer supervises each group, groups are to meet in open areas, ideally in sight or sound of another group. At no time will a child or vulnerable adult participant be left unsupervised during an event.

*Open Door Rule*: All district and conference activities with children under 18 or vulnerable adults shall be held in open areas or rooms with windows in the doors. Where this is not possible, doors should be left open. Safety gates or similar measures may be necessary to protect young children's safety where doors must be left open. Where it is necessary for a participant to speak privately with a staff member or volunteer, such conversations should take place in an open area in sight of others. Where this is not possible, a second adult should be alerted to monitor the conversation.

*Social Media*: Any social media group set up in the name of a conference camp, youth event, or other ministry shall have at least two adult staff/volunteer administrators. Social media communication, texting, or other electronic communication between staff/volunteers and children under 18 should be confined to public posts or copied to another adult leader and/or the participant's parent. Staff/volunteers will not post photos or personal information regarding participants under 18 years of age (to whom they are not related) on a personal social media page or website, even with permission.

*Special Situations*: When individuals under 18 years of age attend an event not designed for children or youth (or unexpectedly accompany an adult to an event designed for adults), then those in charge of the event cannot be expected to have had screening of volunteers or staff or appropriate supervision requirements established, nor can they be expected to assume responsibility for such attendees.

### Training

The group (board, agency, committee, team, etc.) hosting each conference or district event is responsible for training and orientation of staff and volunteers. No individual will be allowed to serve until he/she has completed the appropriate training. Staff and volunteers for any conference-sponsored event will receive training which will include this policy and accompanying procedures along with site- or event-specific procedures. Before beginning service, each staff member and volunteer will sign a statement that they have read, understand, and agree to abide by this policy and accompanying procedures.

### Reporting Suspected Incidents

*Mandated Reporting*: The State of Illinois Abused and Neglected Child Reporting Act requires "any person who came to know the child through an official capacity or position of trust, including but not limited to health care professionals, educational personnel, recreational supervisors, members of the clergy, and volunteers or support personnel in any setting where children may be subject to abuse or neglect" to report observed or suspected child abuse to the Illinois Department of Children and Family Services (DCFS).

It is enough to have "reasonable cause" to suspect child abuse. DCFS and not an IGRC supervisor will determine if the information given by the reporter meets the legal requirements to initiate an investigation.

*Procedure for Reporting Child Abuse*: If and when a volunteer or staff person suspects child abuse, whether committed by another volunteer or staff person or by someone else in the child's life, he/she must report that suspicion immediately to his/her supervisor (or supervisor's supervisor), or the person in charge of the event. The supervisor will provide to the volunteer or staff person DCFS contact information and a list of questions DCFS will ask when the call is made (see below). The volunteer or staff person who suspects the abuse makes the call.

The information DCFS needs includes:

- Names, birth dates (or approximate ages), races, genders, etc. for all adult and child subjects.
- Addresses for all victims and perpetrators, including current location.
- Information about the siblings or other family members, if available.
- Specific information about the abusive incident or the circumstances contributing to risk of harm—for example, when the incident occurred, the extent of the injuries, how the child says it happened, and any other pertinent information.
- If this information is not readily available, the reporter still should not delay a call to the hotline. The Child Abuse Hotline is 800-25-ABUSE or 800-252-2873.

*Reporting Policy Violations*: If you witness a violation of this policy, please report it to the person in charge of the event, his/her staff, supervisor, Director, District Superintendent, or the Area Office. Contact information can be found at the conference website (www.igrc.org).

Honest and good faith complaints are welcomed. The conference, including the aforementioned persons, will not retaliate against any person who brings forward a complaint. Prompt and appropriate investigation and corrective action will be taken.

*After Care*: Following any report of incident within a district or conference event, the person in charge of the event shall work with conference staff, the District Superintendent, and/or the local church to provide ongoing support and care for all involved.

**Media Inquiries**

Should a staff member or volunteer of any district or conference event be contacted by the media for comment on any alleged violation of this policy involving IGRC or The United Methodist Church, that staff member or volunteer should direct the media person to the Director of Communications. No other staff member or volunteer is authorized to speak on behalf of the conference or district.
This Abuse Prevention Policy and accompanying definitions and procedures will be reviewed at least once per quadrennium. Responsibility for ensuring this review rests with the Bishop's Resource Team on Relational Ethics in partnership with the Area Office/Assistant to the Bishop.

## Well Child Policy

For those using childcare at Annual Conference

- Child care will not admit a child if he/she has any of the following: diarrhea, fever 100 or higher with symptoms of other illness, known contagious disease, questionable rash, vomiting, conjunctivitis or a severe cold/cough.
- If a child is on antibiotics, he/she should have been treated for at least 24 hours before admittance to child care.
- If a child becomes ill and the illness prevents the child from participating comfortably in activities as determined by the child care provider or the illness results in a greater need for care than child care can provide without compromising the health and safety of the other children as determined by the child care provider, parents will be notified and the child will need to be removed from child care.
- Upon notification of a sick child, the parent(s) will come immediately to pick up his/her child. In case of a serious emergency, appropriate emergency personnel will be contacted as well.
- Re-admittance into child care following an illness while at Annual Conference will be at the sole discretion of the head of child care and must adhere to number 1 and 2 of the stated policy. A doctor's note granting permission to return to child care is highly encouraged.

**Rev. Mike Fender welcomed a young person who responded to the call to ministry at the end of the Service of Ordination and Commissioning on Saturday.**

**Rev. Amanda Richards, pastor of Pana UMC, spoke on behalf of the Our Conference, Our Kids capital funds campaign at Morning Manna on Friday.**

**Rev. Dr. Rose Booker-Jones, a retiring district superintendent, inspired the congregation with the message, "Under the Authority of God," at the Service of Recognition of Retirees.**

      ii. Diligence in providing an energy-efficient parsonage.
      iii. Maintaining the furnishings and appliances provided by the church/charge.
      iv. Having draperies and carpets professionally cleaned, as needed, at church/charge expense.
      v. Regular painting inside and out, good roof, prompt repairs.
      vi. Testing of the parsonage for radon in localities where it is deemed desirable and corrective action taken if necessary.
      vii. Installing and maintaining an adequate number of smoke detectors, a carbon monoxide detector and, if the home has LP or natural gas, a gas leak detector.
      viii. The care of permanent plantings (shrubbery, shade or other trees).
      ix. Ensuring that the parsonage is in good repair, and in cooperation with the pastor, vacated and clean when a pastoral change occurs.
   c. On multiple church charges, a percentage of yearly maintenance shall be paid by each local church, on a basis determined by the Charge Conference.
4. Long-term Property Stewardship
   a. The church/charge shall be good stewards of the property entrusted to them by providing an annual budget sufficient to provide for quality long-term maintenance.
   b. When a pastoral change takes place, the church/charge shall ensure that the parsonage is clean.

Illinois Great Rivers Conference 2019 Journal-Yearbook

5. Testing
   a. Mandatory testing of the parsonage water supply, regardless of source, should be conducted annually. This testing shall be at the church/charge expense. If a public water source is used, their testing results may be utilized, as long as the testing laboratory meets USEPA-certification standards for organic and inorganic chemicals and includes nitrogen and bacteria testing in accordance with the guidelines established by the Division of Environmental Health of the Illinois Department of Public Health. A copy of the testing results must be attached to the report, regardless of whether it is from a public water company or independent testing of a parsonage well.
   b. If the water is not suitable for human consumption, a sufficient water filtering and purifying system will be installed to make the provided water consumable, or consumable water must be supplied to the pastor and his/her family.
   c. At the time of the Charge Conference, a written report, made by the test facility, will be attached to the parsonage report to be compliant with this rule.
   d. Every parsonage will be tested for the presence of radon every year, preferably in the month of January in accordance with guidelines established by the Radon Program of the Illinois Department of Nuclear Safety. A report regarding the results of the testing will be attached to the parsonage evaluation report at Charge Conference. The test results must be produced by a bona fide test facility, preferable used or referred to by the Health Department in the area where the parsonage is located, to be compliant with the rule of radon testing as mentioned on the parsonage evaluation form.
6. Housing Allowance:
   a. Local churches/charges are encouraged to provide parsonages for their pastor's housing. However, when, out of necessity, a pastor must purchase or rent his/her own home, a housing allowance shall be provided which shall be adequate for the residence to meet the Annual Conference standards for a parsonage home.
   b. Local churches/charges may rent/lease a home for the parsonage. The rented/leased parsonage shall meet the Annual Conference standards for a parsonage home.
   c. The housing provisions shall be clearly defined by the Staff/Pastor Parish Relations Committee and the District Superintendent at the time of consultation prior to appointment. The housing provisions shall be approved by the Cabinet.
   d. Any exceptions to these provisions shall be negotiated and approved by the pastor, the District Superintendent and the Staff/Pastor-Parish Relations Committee.
   e. When a pastor is paid a housing allowance, the amount of the housing allowance shall be reviewed annually by the Staff/Pastor Parish Relations Committee for adequacy to the cost of housing in the prevailing local market. This review and any adjustments made to the housing allowance shall be recorded annually at charge conferences.

**D. Safe Sanctuaries:** Each local church of the Illinois Great Rivers Conference is strongly urged to:

1. Develop and implement an ongoing education plan on the reality of child abuse, risk factors leading to child abuse, and strategies for prevention.

2. Adopt screening procedures (use of application forms, interviews, reference checks, background clearance, etc.) for workers (paid and unpaid) directly involved in the care of children and youth.
3. Develop and implement safety procedures for church activities such as having two or more non-related adults present in classrooms or activity; leaving doors open or installing half doors or windows in doors or halls; providing hall monitors; instituting sign in and sign out procedures for children ages 10 or younger, etc.
4. Advise children and young persons of an agency or a person outside as well as within a local church whom they can contact for advice and help if they have suffered abuse.
5. Carry liability insurance that includes sexual abuse coverage.
6. Assist the development of awareness and self-protection skills for children and youth through special curriculum and activities.
7. Be familiar with annual conference and other church policies regarding clergy sexual misconduct.

The latest edition of Safe Sanctuaries, *Reducing the Risk of Child Abuse in the Church,* should serve as the primary resource text for all of the above.

**E. Setting Boundaries for Church Participation by a Registered Sex Offender:** Each local church of the Illinois Great Rivers Conference is strongly urged to:

1. Hold discussions in the church council and in adult education settings about the possibility of facing the situation of a convicted sex offender returning to, attending, or joining the church. These discussions should be held and general agreements reached about actions to be taken should the church find itself in this circumstance.
2. Develop a carefully constructed and openly negotiated covenant between the offender and the church community. The covenant should include agreements in the following areas: participation in a professional counseling program for at least the entire time of church membership or participation; adult "covenant partners" to accompany the offender while on church property or attending church activities; areas of church facilities that are "off limits"; restrictions on leadership in or on behalf of church; no role in church that includes contact with children or youth; any additional conditions for presence of participation. The local church is strongly advised to consult with legal counsel and the church's liability insurance carrier during the process of developing the covenant agreement.
3. Assure that the covenant is maintained by having it written and signed by the offender, the pastor(s), and the chairperson of the church council. While confidentiality of victims should be respected, the covenant should not be secret. Monitoring of the covenant should be taken seriously as a permanent responsibility.

## VII. MISCELLANEOUS

**A. Expenses for Annual Conference Meetings:** Travel expenses for the Annual Conference shall be set at the rate adopted by the Annual Conference at the recommendation of the Annual Conference Council on Finance and Administration. The pooling of rides shall be encouraged for Annual Conference meetings.

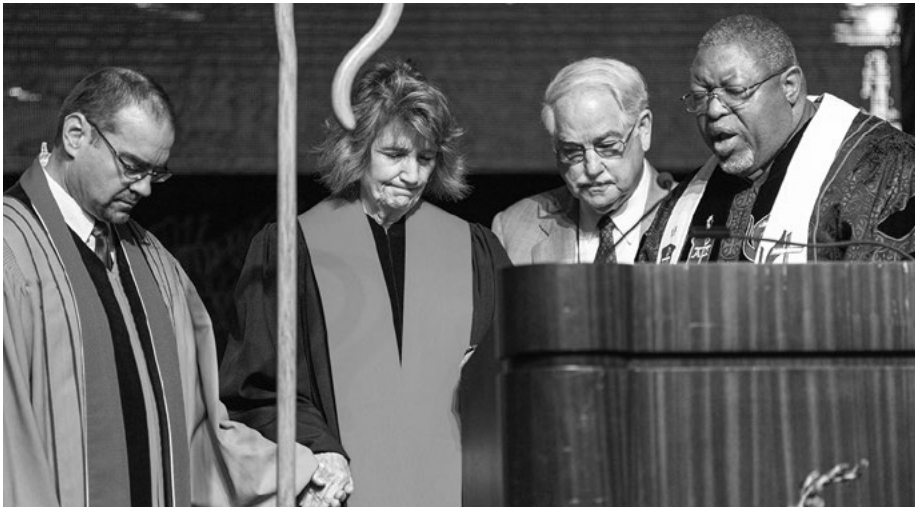
**B. Incurring indebtedness for capital improvements:** All boards and agencies shall be required to consult with the annual Conference Board of Trustees and the Annual Conference Council on Finance and Administration and to obtain the approval of the Annual Conference before incurring any indebtedness for capital improvements for which the Annual Conference would be responsible.

**C. Unpaid Apportionments:** Any unpaid apportionments shall be a claim against church property in the event said property is abandoned and/or sold.

**D. Sale of Discontinued, Abandoned, or Retired Properties:**

1. Sale of Discontinued or Abandoned Properties: (¶s 2542 and 2549, 2016 *Book of Discipline*): After the local church has exercised the provisions of ¶ 2541 regarding the sale of church properties and structures declared discontinued or abandoned (¶ 2549.3), the net proceeds from the sale of discontinued or abandoned Annual Conference, church and parsonage properties or sites shall be divided equally between the Church Extension Fund and the Repair and Replacement Fund or their equivalent structures.
2. Sale of Retired Camp Properties: When a camp site is retired and sold in accordance with ¶ 2515 and ¶ 2516, 2016 *Book of Discipline*, the net proceeds from the sale of that camp property shall be retained by the annual conference and used for the purchase, repair, and development of other properties on which IGRC camping and retreat ministries are conducted. The disposition of camp site equipment and other moveable property shall be the responsibility of the Commission on Camping and Retreat Ministries. Proceeds from any sale of such equipment shall be retained for purchase of equipment that furthers the mission of IGRC camping and retreat ministries.

**E. Background Check:** Every person involved in child care and children and youth programs at all Annual Conference events must have passed a background check.



**Bishop Frank Beard prays a blessing on new Superintendents in Opening Worship: Rev. Charliam Renner, Embarras River District, and Rev. Allynn Walker, Mississippi River District.**

### Notes

- This record is for archival purposes and is not used for calculating pension credit. Nonetheless, it is important for the historical record to contain an accurate representation of a clergy's service record. As readers note missing information or inaccuracies, they are asked to contact the Conference Secretary at ACSecretary@igrc.org
- No distinctions are made between appointments and statuses in the IGRC and predecessor conferences except in cases of clergy transferring in from other conferences.
- Laity serving as Supply (SY) are not included in the historical record unless they were previously or subsequently licensed, commissioned, or ordained.
- When the clergy's relationship with the conference is severed through surrender of credentials, discontinuation, transfer to another conference, or death the name is removed after five years.
- The General Archives maintain paper copies of the Journal-Yearbooks of all conferences.
- Student appointments and appointments in other conferences are included in the record if information is available.
