

REGISTER OF HISTORIC SITES

Arranged By States

(as of August 1, 2000)

Historic sites are established by the vote of an Annual, Central, or Jurisdictional Conference in session. The numbers below indicate the order of registration with the General Commission on Archives and History. The Commission issues a numbered plaque for installation at the specific site.

Names in **boldface** indicate sites that are now Heritage Landmarks by General Conference action. Those places listed without a number are Heritage Landmarks that were so designated before the inauguration of the Historic Site program.
